Yang Enterprises, Inc. (YEI) is a high-technology, woman-owned, small disadvantaged company that is financially secure, debt-free, and successful in meeting its objectives. Our staff is comprised of over 450 employees who are skilled in providing top quality services and products to federal, state, and local agencies as well as commercial clients.

Our business focus is in Applied Engineering and Information Technology (IT) Services. Our Applied Engineering Services activities encompass design and analysis, environmental engineering, test and evaluation, logistics, architecture, construction management, and operations and maintenance. We also provide IT services to support multiple government contracts that include a broad range of professional services and consulting, as well as applications of the electronic document management systems (EDMS) and computerized maintenance management systems (CMMS). Additionally, we provide advanced products and training that support these applications.

YEI has successfully integrated the skills and knowledge of both Applied Engineering, and IT. Our engineers understand the IT aspects of each project, and our IT personnel understand the engineering considerations. In addition to technical expertise in engineering and IT sciences, we also provide competent project management consulting, technical review, and on-site field support services within each discipline.

We have a record of providing top quality services and products to the broad spectrum of our customers in federal, state, local government, and commercial sectors.

For each project YEI becomes a partner in our customers' endeavors. By seamlessly working together, we successfully implement technical and management solutions that enable our customers to keep pace with their evolving needs and technological growth. As a result, our customers can focus on, and readily, achieve their primary objectives.

YEI's Major Customers

Government Contracts

- Kennedy Space Center
  - URS (EG&G Technical Services, Inc.)
  - Space Gateway Support (SGS)
  - The Boeing Company
  - United Space Alliance (USA)
  - I-Net, Inc./Wang Laboratories
  - Rockwell International Corporation
- Marshall Space Flight Center
  - URS (EG&G Technical Services, Inc)
- Cape Canaveral Air Force Station
  - Space Coast Launch Services (SCLS)
- Bay Pines VA Medical Center
- U.S. Department of Housing & Urban Development
  - Boston Housing Authority
- State of Florida
  - Department of Children & Families
  - Agency for Health Care Administration
  - Department of Transportation
  - Department of Management Services

Commercial Contracts

- Total Petroleum
- ExxonMobil USA
- ExxonMobil Inter-America, Inc.
- Publix Super Markets, Inc.
- BJ's Wholesale Club
- Shell Oil Products Company
- McDonald's Corporation
- Amoco Corporation
- Walt Disney World Company
- Chevron, USA
- Star Enterprises
- 20th Century Fox
- ICF Kaiser
- 3M National Advertising Company
- CSX/TDSI
- AMEC

YEI's Small Business Status by NAICS Codes

493110	General Warehousing and Storage
517110	Wired Telecommunication Carriers
541310	Architectural Services
541330	Engineering Services
541511	Custom Computer Programming
541512	Computer Systems Design Services
541513	Computer Facilities Management
541519	Other Computer Related Services
561110	Office Administrative Services
561210	Facilities Support Services

Applied Engineering Services Division

Engineering and Architecture

YEI engineers are qualified in architectural, civil, geotechnical, electrical, mechanical, structural, and environmental disciplines, as well as cost estimating and construction management.

- Engineering Design & Analysis
- Environmental Engineering
- Research & Technology Development
- Project Management
- Program, Logistics, & Mission Operations
- Construction Management
- Test & Evaluation
- Secure Facility Design

Operations and Maintenance

YEI personnel are experienced in managing and performing facility and infrastructure operations and maintenance of facilities, launch structures, laboratories, and test-beds.

- Reliability Centered Maintenance (RCM)
- Facility Condition Assessment (FCA)
- Annual/Five-Year Work Plans
- Maintenance Procedures
- Operations Documentation Management
- Work Management & Scheduling
- Disaster Plans & Support
- Systems Engineering
- Pre-Operation Facility Checkout
- Logistics
- Real Property Management & Reporting
- Procurement
- Service Systems Parts & Supply Inventory
- Operational Training
- Transportation Management
- Access Control & Monitoring
- Heavy Equipment O&M
- Engineering Support for Overhead Crane
- Roofing & Asbestos Abatement
- Corrosion Control
- Metal Shop, Carpentry, Detail Painting
- Bridge Operations
- Roads, Grounds & Infrastructure Maintenance
- Refuse Removal & Landfill Operations
- Pest Control
- Custodial / Clean Room Operations

Technical Services Division

Professional Services and Consulting

To support our facilities operations activities we provide core competencies that range from commercial management support systems to real-time space and defense command and control. We provide staff, tools, laboratories, and an eclectic selection of the best commercial-off-the-shelf (COTS) products of current technology. YEI develops and implements turnkey solutions and provides discrete phased services that include verification and validation reviews.

- Enterprise Applications
- Integration Services
- Outsourcing
- Information Systems
- Database Design
- Simulation & Modeling
- Technical Support/Call Center/Help Desk Operations
- Web Services
- Office Infrastructure
- Real-Time Control Systems
- Communications
- Project Management
- Instructor-Led Training
- Computer-Based Training
- Training Systems/Simulators

Advanced Products

To create strategic benefits for our customers, YEI develops, integrates, and supports advanced hardware and software products from companies such as IBM, JVC, and Ceyoniq, Inc. We routinely perform research, analyses, development, and certification testing of all software and hardware products prior to implementing them in the real world.

- MAXIMO Enterprise
- VorTex
- Ceyoniq EDMS
- Ascent Capture OCR/ICR
- ARCHIVExtender
- Ceyoniq Process Manager Workflow
- CD ROM Library Systems
