A. Purpose

DEO is soliciting proposals for a full-service Contractor to provide program and contract administration services for Florida’s Community Development Block Grant Disaster Recovery (CDBG-DR) program. The Contractor shall assist with the implementation and administration of CDBG-DR related to Hurricanes Hermine and Matthew, provide assistance to Florida’s units of general local governments (UGLGs) and ensure adherence to state and federal regulations..

B. Overview

The U.S. Department of Housing and Urban Development (“HUD”) notified the state of Florida that it will receive an allocation of disaster recovery funds to assist UGLGs in recovery efforts from Hurricanes Hermine and Matthew. DEO is the lead agency and responsible entity for administering the CDBG-DR funds allocated to the state.

Public Law 114-254 appropriated \$1.8 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to be distributed to the various states that received a presidential disaster declaration in 2016. Of this, the state of Florida was originally allocated \$58,602,000 to assist in recovery from Hurricanes Hermine and Matthew. After this initial allocation, Public Law 115-31 further allocated \$59,335,000 to Florida, for a total allocation of \$117,937,000 in CDBG-DR funds to the state of Florida for long-term recovery efforts related to Hurricanes Hermine and Matthew.

The following counties were declared for individual assistance (“IA”) and public assistance (“PA”) by FEMA during Hurricanes Hermine and Matthew and are therefore eligible to receive funding under the state’s action plan:

Hermine – Citrus, Dixie, Hernando, Hillsborough, Leon, Levy, Manatee, Pasco, Pinellas, Taylor, Wakulla

Matthew – Brevard, Duval, Flagler, Indian River, Nassau, Putnam, Seminole, St. Johns, Volusia

The Disaster Relief Appropriations Act requires that the state expend the funds within six (6) years of the executed agreement between HUD and the state, unless an extension is granted by HUD. Funds must be used for eligible disaster-related activities as detailed in 81 Fed. Reg. 224 (November 21, 2016); 82 Fed. Reg. 11 (January 18, 2017); and 82 Fed. Reg. 150 (August 7, 2017) “Federal Register Guidance” and the State’s Action Plan including amendments, found at www.floridajobs.com/CDBG-DR, and the state must ensure there are no duplication of benefits (DOB). To provide a foundation for a timely and compliant assistance program, DEO is seeking the assistance of a Contractor, by means of this request for quote, to ensure the state of Florida’s CDBG-DR Program for Hurricanes Hermine and Matthew has the structural and programmatic capacity necessary to develop this program and provide direction to eligible local governments.

XV. Confidentiality and Safeguarding Information

Each party may have access to confidential information made available by the other. The provisions of the Florida Public Records Act, Chapter 119, F.S., and other applicable state and federal laws will govern disclosure of any confidential information received by the State of Florida.

The Contractor must implement procedures to ensure the protection and confidentiality of all data, files, and records involved with this Contract.

Except as necessary to fulfill the terms of this Contract and with the permission of DEO, the Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers, or employees in the course of performing Contract work, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the State or DEO.

The Contractor agrees not to use or disclose any information concerning a recipient of services under this Contract for any purpose not in conformity with state and federal law or regulations except upon written consent of the recipient, or his responsible parent or guardian when authorized by law, if applicable.

If Contractor has access to confidential information in order to fulfill Contractor’s obligations under this Contract, Contractor agrees to abide by all applicable DEO Information Technology Security procedures and policies. Contractor (including its employees, subcontractors, agents, or any other individuals to whom Contractor exposes confidential information obtained under this Contract), shall not store, or allow to be stored, any confidential information on any portable storage media (e.g., laptops, thumb drives, hard drives, etc.) or peripheral device with the

capacity to hold information. Failure to strictly comply with this provision shall constitute a breach of contract.

The Contractor shall notify DEO in writing of any disclosure of unsecured confidential information of DEO by the Contractor, its employees, agents or representatives which is not in compliance with the terms of the Contract (of which it becomes aware). The Contractor also shall report to DEO any Security Incidents of which it becomes aware, including those incidents reported to Contractor by its sub-contractors or agents. For purposes of this Contract, "Security Incident" means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of DEO information in the Contractor's possession or electronic interference with DEO operations; however, random attempts at access shall not be considered a security incident. The Contractor shall make a report to DEO not more than seven (7) business days after Contractor learns of such use or disclosure. The Contractor's report shall identify, to the extent known: (i) the nature of the unauthorized use or disclosure, (ii) the confidential information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. The Contractor shall provide such other information, including a written report, as reasonably requested by DEO's Information Security Manager, at Contractor's sole expense.

In the event of a breach of security concerning confidential personal information involved with this Contract, the Contractor shall comply with the provisions of section 501.171, Florida Statutes. When notification to affected persons is required under this section of the statute, Contractor shall provide that notification, at the Contractor's sole expense, but only after receipt of DEO's approval of the contents of the notice. Defined statutorily, and for purposes of this Contract, "breach of security" or "breach" means the unauthorized access of data in electronic form containing personal data. Good faith acquisition of personal information by an employee or agent of Contractor is not a breach, provided the information is not used for a purpose unrelated to the Contractor's obligations under this Contract or is not subject to further unauthorized use.

XVI. Indemnification

The Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and DEO, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by the Contractor, its agents, employees, partners, or subcontractors, provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or DEO.

Further, the Contractor shall fully indemnify, defend, and hold harmless the State and DEO from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right, provided, however, that the foregoing obligation shall not apply to DEO's misuse or modification of the Contractor's products or DEO's operation or use of

Contractor's products in a manner not contemplated by the Contract. If any product is the subject of an infringement suit, or in Contractor's opinion is likely to become the subject of such a suit, Contractor may at its sole expense procure for DEO the right to continue using the product or to modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure DEO the right to continue using the product, the Contractor shall remove the product and refund DEO the amounts paid in excess of a reasonable rental for past use. DEO shall not be liable for any royalties.

The Contractor's obligations under the preceding two paragraphs with respect to any legal action are contingent upon the State or DEO giving the Contractor: (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at the Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense. The Contractor shall not be liable for any cost, expense, or compromise incurred or made by the State or DEO in any legal action without Contractor's prior written consent, which shall not be unreasonably withheld.

XVII. Termination

1. Termination Due to the Lack of Funds

In the event funds to finance this Contract become unavailable, or if federal or state funds upon which this Contract is dependent are withdrawn or redirected, DEO may terminate this Contract upon no less than twenty-four (24) hour's notice in writing to Contractor. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. DEO shall be the final authority as to the availability of funds and will not reallocate funds earmarked for this Contract to another program thus causing "lack of funds." In the event of termination of this Contract, the Contractor will be compensated for any work satisfactorily completed prior to notification of termination.

2. Termination for Cause

DEO may terminate the Contract if the Contractor fails to: (1) perform the services within the specified time; (2) maintain adequate progress, as determined solely by DEO, thus endangering performance of the Contract; (3) honor any term of the Contract; or (4) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences of default. Contractor shall continue work on any work not terminated. The rights and remedies of DEO in this clause are in addition to any other rights and remedies provided by law or under the Contract.

3. Termination for Convenience

DEO, by written notice to the Contractor, may terminate the the Contract in whole or in part when DEO determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. Contractor shall not be entitled to recover any cancellation charges or lost profits.

XVIII. Financial Consequences for Non-Performance:

Financial consequences shall apply for non-performance of the Contract by the Contractor. The State shall apply financial consequences identified below to Purchase Orders or Contracts issued by DEO. In addition:

In the event that a deliverable is deemed unsatisfactory by the DEO, the Contractor shall re-perform the deliverable as needed for submittal of a satisfactory deliverable, at no additional cost to DEO, within the timeframe established by DEO.

Continued Contractor inability to perform under the conditions of the contract, via the established Complaint to Vendor process, per Rule 60A-1.006 Florida Administrative Code (PUR 7017 form), may result in default proceedings.

Failure to respond to a DEO request to correct a deficiency in the performance of the Contract may result in termination of the Contract.

XIX. Financial Consequences for Failure to Comply with Purchase Order Requirements:

In addition to those remedies outlined in Section XVIII, and any other remedies provided by law, if the Contractor fails to comply with the requirements of the DEO purchase order, the Contractor shall pay to DEO financial consequences for such failures, unless DEO, in its sole and absolute discretion, waives such financial consequences for such failure in writing based upon its determination that the failure was due to factors beyond the control of the Contractor. A financial consequence in the amount of one (1) times the hourly rate(s) of each Contractor employee assigned to the purchase order will be assessed against Contractor for each submittal of an invoice during the period that the Contractor is out of compliance with the purchase order. This amount shall be reflected as a credit on the invoice submitted to DEO. DEO at its sole discretion shall determine when the Contractor is failing to comply and DEO at its sole discretion shall determine when the Contractor has remedied the failure.

These consequences for non-performance are not to be considered penalties and are solely intended to compensate for damages.

XX. Contract Document

The interpretation and performance of the Contract, and all transactions under it shall be governed by the laws of the State of Florida. The Contract documents shall include terms and conditions of this solicitation, and any addenda to it, Contractor's proposal, and DEO's contract (DEO's Vendor Core Contract) issued as a result of this Request for Quote. The proposed contract language contained in DEO's Vendor Core Contract should be reviewed by all Respondents. In responding to DEO solicitation 18-RFQ-008-BM, Respondent agrees to accept the terms and conditions of DEO's Vendor Core Contract. Respondent has read and understands these Contract terms and conditions, and the submission is made in conformance with those terms and conditions.

DEO reserves the right to make modifications to this contract if it is deemed to be in the best interest of DEO or the State of Florida.

DEO's Vendor Core Contract is attached by separate document and incorporated by reference within this solicitation.
