Secretary

MEMORANDUM

TO: Recipients of Official List
FROM: Thomas G. Pelham, Secretary *TGP*
SUBJECT: First Official List of Special Districts

Enclosed is your copy of the official list of special districts in Florida, which is being distributed to all special districts, certain state agencies, all counties, municipalities, county property appraisers, tax collectors, and supervisors of elections.

The definition of "special district" in section 189.403(1), Florida Statutes, was used to determine whether a particular entity was placed on the list. The definition specifically excludes school districts, community college districts, certain special improvement districts located in Indian reservations, municipal service taxing or benefit units, and certain municipal utility authorities. On the official list, the districts are sorted by county, with the multi-county districts listed at the beginning and again in each county covered by the particular multi-county district. The registered agent for the district is listed, with an address and telephone number. Finally, the district's status, either dependent or independent, is indicated. The status determinations were made based on the criteria in section 189.403(2) and (3), Florida Statutes. In some cases, the status may be listed as "unknown." This indicates that evidence was found that the district exists, but the district failed to respond to the Department's requests for information. In other cases, the district is listed as "inactive," which means that information was received stating that the district is not active, but it has not been abolished.

Memorandum
October 1, 1990
Page Two

The Special District Information Program became operational on October 2, 1989. At that time, the "unofficial" list, which was an aggregate of lists from the Department of Banking and Finance, the Office of the Auditor General, and the Department of Community Affairs, contained approximately 650 special districts, with no indication of status. Various sources, such as millage and tax statements from each county, notes accompanying each county's annual audit, and the Index to Laws of Florida from 1845 to 1990, were used to discover districts not on this initial list. Letters were sent to each county and municipality in Florida requesting a list of dependent districts established by the particular county or municipality. After the information was collected and reviewed, the final list was compiled. It contains 944 districts, of which 314 are independent and 499 are dependent. There are 26 inactive districts and 104 districts for which no information was received. One (1) district was dissolved by special act, but is attempting to become re-established.

If a special district submitted a status which is inconsistent with the status which appears on the official list, the district may request that the Department of Community Affairs issue a declaratory statement, pursuant to section 189.4035(6), Florida Statutes. This request must be in writing to:

Special District Information Program
Department of Community Affairs
2740 Centerview Drive
Tallahassee, Florida 32399-2100

The declaratory statement must set forth the requirements necessary to resolve the inconsistency. The district can then apply to the entity which originally established it for an amendment to its charter. The department's determination can be appealed pursuant to Chapter 120, Florida Statutes. Please refer to section 189.4035(6), Florida Statutes, for the complete text of the law.

Should you wish more information about any of the special districts, the staff of the Special District Information Program can be reached at 904/922-5431.

TGP/scs

Enclosure

FLORIDA DEPARTMENT OF COMMUNITY AFFAIRS

Special District Information Program

Official List of Special Districts

STATUS KEY

DEPENDENT - A Special District that meets at least one (1) of the following criteria:

(a) The membership of its governing body is identical to that of the governing body of a single county or a single municipality.

(b) All members of its governing body are appointed by the governing body of a single county or a single municipality.

(c) During their unexpired terms, all members of the Special District's governing body are subject to removal by the governing body of a single county or a single municipality.

(d) The District budget requires approval through an affirmative vote or can be vetoed by the governing body of a single county or a single municipality.

INDEPENDENT - A Special District that is not a Dependent Special District as outlined above. A District that includes more than one (1) county is an Independent Special District. Community Development Districts, created under Chapter 190, Florida Statutes, are also Independent Districts.

INACTIVE - The Special District Information Program has received written communication that the District exists but is currently not functioning.

UNKNOWN - The Special District Information Program has been unable to contact the District OR the District has failed to respond to requests for information made by the Special District Information Program.

DISSOLVED - The enabling legislation of the Special District has been repealed or the governing board has been abolished.
