

Small Cities Community Development Block Grant FFY 2022 Eligible Communities

The Florida Small Cities Community Development Block Grant (CDBG) Program serves small and rural communities throughout the state. Funding is competitive and there are no “targeted” areas. The U.S. Department of Housing and Urban Development has identified the communities listed below as non-entitlement local governments. Communities that do not have an open Commercial Revitalization, Neighborhood Revitalization or Housing Rehabilitation subgrant are eligible to apply for CDBG funding in one of those categories during the FFY 2022 funding cycle:
