

<b>County</b>	<b>Location</b>	<b>Amount Requested</b>	<b>Project Description</b>	<b>Awarded Applicant</b>
Alachua	City of Archer; Town of Micanopy	\$ 4,672,393.00	Project will add 132 miles of fiber optic cable to their existing network to provide FTTH services to 1,701 unserved locations within Alachua County with minimum symmetrical download and upload speeds of 100 MBPS.	CoxCom LLC
Alachua	City of Gainesville	\$ 1,438,610.00	Project will add 27 miles of fiber optic cable to their existing network to provide FTTH services to 193 unserved locations within Alachua County with minimum symmetrical download and upload speeds of 100 MBPS.	CoxCom LLC
Alachua	Cities of Archer and Newberry	\$ 4,822,632.00	Project will add 78 miles of fiber optic cable to their existing network to provide FTTH services to 795 unserved locations within Alachua County with minimum symmetrical download and upload speeds of 100 MBPS.	CoxCom LLC
Bay	Cities of Fountain, Southport, and Youngstown	\$ 866,700.00	Project will deploy fiber optic cable internet service to 2,500 unserved households in Bay County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Bay County
Bradford	Cities of Hampton, Lawty, and Starke	\$ 2,160,000.00	Project will deploy fiber optic cable service to 2,111 unserved and underserved locations in Bradford County with minimum download speeds of 50 MBPS and upload speeds of 10 MBPS.	Comcast Cable Communications, LLC, in partnership with Bradford County
Brevard	Cities of Palm Bay, West Melbourne, and Titusville; Mims and Unincorporated Brevard County	\$ 573,788.00	Project will provide FTTH services to 443 unserved and underserved locations within Brevard County with minimum download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC

Calhoun	Clarksville and Unincorporated NW Calhoun County	\$ 2,648,194.00	Project will add 99.8 miles of FTTH via ethernet passive optical network to connect 716 underserved homes and businesses in Calhoun County with a standard starting speed of up to 300 MBPS download and 10 Mbps upload speeds.	Charter Communications, LLC, in partnership with Calhoun County
Calhoun	Town of Altha; Willis, Chipola, Eufala, and Unincorporated Northeast Calhoun County	\$ 3,375,471.00	Project will add 142.1 miles of fiber-to-the-premises (FTTP) via ethernet passive optical network to connect 1,210 unserved and underserved homes and businesses in Calhoun County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload speeds.	Charter Communications, LLC, in partnership with Calhoun County
Charlotte	City of Punta Gorda; Port Charlotte	\$ 2,397,636.00	Project will provide FTTH services to 1,469 unserved or underserved residential customers and 195 businesses in Charlotte County with 1GBPS or higher symmetrical download and upload speeds.	Comcast Cable Communications, LLC, in partnership with Charlotte County
Clay	City of Keystone Heights; Clay Hill, Middleburg, McRae and Virginia Village	\$ 1,880,000.00	Project will provide FTTH services to 1,917 premises, 42 businesses and 8 community anchor institutions in Clay County capable of symmetrical download and upload speeds of 100 MBPS.	Comcast Cable Communications, LLC
Collier	Orangetree and Golden Gate Estates	\$ 777,407.00	Project will deploy fiber optic cable internet service to 781 unserved households in Collier County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Collier County
Columbia	Columbia County	\$ 2,646,030.00	Project will deploy fiber optic cable service to 1,725 unserved and underserved locations in Columbia County with minimum download speeds of 50 MBPS and upload speeds of 10 MBPS.	Comcast Cable Communications, LLC

DeSoto	Town of Nocatee; Unincorporated Brownsville	\$ 1,657,558.00	Project will provide FTTH services to 1,313 unserved and underserved residential customers in DeSoto County with 50 MBPS download and 10 MBPS upload speeds.	Comcast Cable Communications, LLC, in partnership with DeSoto County
Dixie	Town of Cross City	\$ 5,000,000.00	Project will deploy fiber optic cable and infrastructure to provide fiber to the home services to 1,067 unserved locations within Dixie County at minimum symmetrical download and upload speeds of 100 MBPS.	Echo Technologies, LLC, in partnership with the Town of Cross City
Dixie	Town of Cross City	\$ 2,020,902.00	Project will add 58.8 miles of fiber optic cable to provide FTTH services to 2,612 unserved and underserved locations within Dixie County with minimum symmetrical download and upload speeds of 1 GBPS.	AT&T Services, Inc.
Escambia	Escambia County	\$ 802,489.00	Project will deploy 24.8 miles on new fiber optic cable and provide FTTH services to 206 unserved locations within Escambia County with minimum download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
Flagler	City of Bunnell; Andalusia and Bimini	\$ 527,659.00	Project will add 20.2 miles of FTTP via ethernet passive optical network to connect 128 unserved and underserved homes and businesses in Flagler County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload speeds.	Charter Communications, LLC, in partnership with Flagler County
Gadsden	Cities of Chattahoochee, Gretna, and Quincy; Town of Greensboro; Wetumpka	\$ 1,844,095.00	Project will add 281.7 miles of FTTP via ethernet passive optical network to connect 3,390 unserved and underserved homes and businesses in Gadsden County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload speeds.	Charter Communications, LLC, in partnership with Gadsden County

Gilchrist	City of Trenton	\$ 2,666,244.00	Project will provide FTTH services to 1,965 premises with symmetrical 1GB speeds to residents in Gilchrist County.	CoxCom LLC
Gilchrist	Town of Bell	\$ 4,956,100.00	Project will employ fixed wireless technology to provide high speed internet service to 1,350 unserved premises in Gilchrist County.	ROAMR LLC, in partnership with Gilchrist County
Gilchrist, Dixie	Towns of Bell, Cross City, and Horseshoe Beach	\$ 3,506,234.00	Project is the first of three phases designed to bring FTTH services to over 11,000 of its metered customers in Gilchrist and Dixie Counties at speeds up to 2 gigabits per second (GB).	Central Florida Electric Cooperative, Inc. in partnership with Conexon Connect, LLC
Glades	City of Moore Haven; Lakeport and Ortona	\$ 2,935,296.00	Project will add 160 miles of fiber optic cable to provide FTTH services to 4,651 unserved and underserved locations within Glades County with minimum symmetrical download and upload speeds of 1 GBPS.	Comcast Cable Communications, LLC
Hamilton	City of Jasper; Town of Jennings	\$ 2,734,261.00	Project will deploy fiber optic cable internet service to 2,156 unserved households in Hamilton County download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Hamilton County
Hendry	City of LaBelle, Montura	\$ 2,496,672.00	Project will add 58.8 miles of fiber optic cable to provide FTTH services to 1,424 unserved and underserved locations within Hendry County with minimum symmetrical download and upload speeds of 1 GBPS.	Comcast Cable Communications, LLC
Hendry	City of Pioneer; La Deca and Montura	\$ 4,750,000.00	Project will bring high speed internet service to eastern Hendry County through installation of fixed wireless service to 1,700 households at download speeds of 100 MBPS and upload speeds of 10 MBPS.	Stream LLC

Hernando	North Brooksville, Spring Lake, Nobleton, South Brooksville, Hill N Dale, Istachatta, North Weeki Wachee, and Unincorporated Hernando County	\$ 4,701,477.00	Project will add 258.5 miles of FTTP via ethernet passive optical network to connect 2,276 underserved homes and businesses in Hernando County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload.	Charter Communications, LLC, in partnership with Hernando County
Highlands	Cities of Sebring and Avon Park	\$ 1,363,975.00	Project will deploy fiber optic cable internet service to over 700 unserved households in Highlands County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Highlands County
Highlands, Hendry, Glades	Cities of Clewiston, Moore Haven, and Pioneer; Monture, Palmdale, Port LaBelle, and Venus	\$ 5,000,000.00	Project will deploy FTTH services to more than 4,231 unserved locations in Glades, Hendry, and Highlands Counties with symmetrical download and upload speeds of between 1GB and 2GB.	Conexon Connect, LLC in partnership with Glades Electric Cooperative
Holmes	City of Bonifay	\$ 4,984,073.00	Project will provide fiber to the home (FTTH) services to 259 unserved premises in the rural area of Holmes County north of Bonifay with speeds up to 200 megabits per second (MBPS).	Tritech Wireless, LLC
Holmes	City of Bonifay	\$ 4,998,524.00	Project will provide FTTH services to 266 unserved premises in the rural area of Holmes County in the vicinity of Bonifay with download and upload speeds of 200 MBPS.	Tritech Wireless, LLC
Holmes	Town of Westville	\$ 1,072,596.00	Project will provide FTTH services for unserved areas within Holmes County at download and upload speeds up to 200 MBPS.	Tritech Wireless, LLC
Holmes	Town of Ponce de Leon	\$ 3,639,672.00	Project will deploy FTTH services to 259 unserved homes, businesses, and farms in Holmes County with download and upload speeds up to 200 MBPS speeds.	Tritech Wireless, LLC

Holmes	City of Graceville, Unincorporated Northeast Holmes County	\$ 107,317.00	Project will add 9.1 miles of FTTP via ethernet passive optical network to connect 97 unserved or underserved homes and businesses in Holmes County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload.	Charter Communications, LLC, in partnership with Holmes County
Indian River	Unincorporated Indian River County	\$ 532,147.00	Project will deploy fiber optic cable internet service to 674 unserved households in the unincorporated areas in Indian River County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Indian River County
Jackson	Towns of Alford, Cottondale, Grand Ridge, and Greenwood; Two Egg	\$ 2,040,743.00	Project will provide FTTH services to 1,082 unserved and underserved residential customers and 29 businesses and anchor institutions in Jackson County with symmetrical download and upload speeds of 1GB.	Comcast Cable Communications, LLC, in partnership with Jackson County
Lee	City of Bokeelia	\$ 63,311.00	Project will add 1.1 miles of fiber optic cable to provide FTTH services to 110 unserved locations within Lee County with minimum symmetrical download and upload speeds of 200 MBPS.	Embarq Florida
Lee	Lehigh Acres	\$ 3,988,532.00	Project will add 126 miles of fiber optic cable to provide FTTH services to 1,998 underserved locations in eastern Lee County with minimum symmetrical download and upload speeds of 1 GBPS.	Comcast Cable Communications, LLC
Lee	Lehigh Acres	\$ 4,111,225.00	Project will deploy fiber optic cable service to 2,640 unserved and underserved locations within Lee County with minimum download speeds of 50 MBPS and upload speeds of 10 MBPS.	Comcast Cable Communications, LLC, in partnership with Lee County

Leon	Chaires	\$ 236,300.00	Project will deploy fiber optic cable internet service to over 119 unserved households in Leon County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Leon County
Levy	City of Williston; Town of Bronson; Morriston, Raleigh, Williston Highlands, Rosewood, and Sumner	\$ 1,259,236.00	Project will add 48.1 miles of FTTP via ethernet passive optical network to connect 405 unserved or underserved homes and businesses in Levy County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload.	Charter Communications, LLC, in partnership with Levy County
Liberty	City of Bristol; Town of White Springs; Lake Mystic, Estiffanulga, and Unincorporated Northeast Liberty County	\$ 836,705.00	Project will add 47.8 miles of FTTP via ethernet passive optical network to connect 433 unserved or underserved homes and businesses in Liberty County with a standard starting speed of up to 300 MBPS download and 10 MBPS upload.	Charter Communications, LLC, in partnership with Liberty County
Marion	City of Ocala	\$ 1,423,488.00	Project will add 53 miles of fiber optic cable to their existing network to provide FTTH services to 1,022 unserved locations within Marion County with minimum symmetrical download and upload speeds of 100 MBPS.	CoxCom LLC
Martin	Indiantown	\$ 56,500.00	Project will deploy fiber optic cable internet service to 50 unserved households in Martin County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Martin County
Miami-Dade	City of Homestead; Redlands and Unincorporated Florida City	\$ 1,510,481.00	Project will provide FTTH services to 800 unserved and underserved residential customers and 10 businesses and anchor institutions in Miami-Dade County with symmetrical download and upload speeds of 1 Gbps or higher.	Comcast Cable Communications, LLC, in partnership with Miami-Dade County

Okeechobee	Unincorporated Okeechobee County	\$ 2,059,550.00	Project will deploy fiber optic cable internet service to 2,312 unserved households in Okeechobee County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Okeechobee County
Okeechobee	Unincorporated Okeechobee County	\$ 984,350.00	Project will deploy fiber optic cable internet service to 1,290 unserved households in Okeechobee County with download and upload speeds of up to 1GBPS.	Comcast Cable Communications, LLC, in partnership with Okeechobee County
Osceola	Deer Park and Bull Creek	\$ 3,605,129.00	Project will deploy 135.4 miles of new fiber optic cable and provide FTTH services to 1,024 unserved locations within Osceola County with download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
Osceola	Yeehaw Junction and Kenansville	\$ 4,067,268.00	Project will deploy 153.5 miles of new fiber optic cable and provide FTTH services to 791 unserved locations within Osceola County with download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
Polk	Cities of Haines City, Lakeland, Lake Wales, and Winter Haven	\$ 4,734,786.00	Project will lease 8 miles of fiber optic cable to provide fixed wireless services to 22,169 unserved and underserved locations in and around the City of Lakeland, City of Winter Haven, City of Haines City and City of Lake Wales.	RHEMAFi
Putnam	Putnam County	\$ 1,192,410.00	Project will add 60 miles of fiber optic cable to their existing network to provide FTTH services to 1,192 unserved locations within Putnam County with symmetrical download and upload speeds of 1GB.	CoxCom LLC

Putnam	Cities of Botswick and Keystone Heights; Towns of Pomona Park, Interlocken, Melrose and Welaka; Putnam Hall, George's Lake, and Unincorporated Crescent City	\$ 4,496,107.00	Project will deploy fiber optic cable service to 2,986 unserved and underserved locations within Putnam County with minimum download speeds of 50 MBPS and upload speeds of 10 MBPS.	Comcast Cable Communications, LLC, in partnership with Putnam County
Sanata Rosa	Town of Jay; Fidelis, Berrydale, Cobbtown, and Unincorporated Santa Rosa County	\$ 2,363,937.00	Project will deploy 103.7 miles of new fiber optic cable and provide FTTH services to 791 unserved locations within Santa Rosa County with download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
Seminole	Geneva and Black Hammock	\$ 367,000.00	Project will deploy 51.7 miles of new fiber optic cable and provide FTTH services to 734 unserved locations within Seminole County with download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
St Johns	City of Riverdale; Flagler Estates and Spuds	\$ 1,830,000.00	Project will add 118 miles of fiber optic cable to provide FTTH services to 1,603 unserved and underserved locations within St. Johns County with minimum symmetrical download and upload speeds of 1 GBPS.	Comcast Cable Communications, LLC
St Lucie	City of Fort Pierce	\$ 1,429,400.00	Project will deploy fiber optic cable service to 636 unserved and underserved locations in St Lucie County with minimum download speeds of 50 MBPS and upload speeds of 10 MBPS.	Comcast Cable Communications, LLC
Suwannee, Hamilton	Cities of Live Oak and Jasper; Towns of White Spring and Jennings	\$ 5,000,000.00	Project will add 757 miles of fiber optic cable to their existing network to provide FTTH services to 28,493 unserved and underserved locations within Suwannee and Hamilton Counties with minimum symmetrical download and upload speeds of 100 MBPS.	Suwannee Valley Electric Cooperative, Inc.

Suwannee, Lafayette	City of Live Oak; Towns of Mayo and Day	\$ 5,000,000.00	Project will add 1,016 miles of fiber optic cable to their existing network to provide FTTH services to 25,679 unserved and underserved locations within Suwannee and Lafayette Counties with minimum symmetrical download and upload speeds of 100 MBPS.	Suwannee Valley Electric Cooperative, Inc.
Volusia	City of Lake Helen; DeLeon Springs, Balm, Farmton, Osteen, and Boden	\$ 811,000.00	Project will deploy 124.1 miles of new fiber optic cable and provide FTTH services to 1,622 unserved locations within Volusia County with download speeds of 300 MBPS and upload speeds of 10 MBPS.	Charter Communications, LLC
