Special Program Condition

ETA Evaluation

As a condition of grant award, RESEA grantees are required to participate in a national evaluation.

The national evaluation may include evaluation technical assistance, an implementation assessment across grantees, an impact and/or outcomes analysis of all or selected sites within or across grantees, or other special analyses. Conducting an impact analysis could involve random assignment (which involves random assignment of eligible participants into a treatment group that would receive program services or enhanced program services, or into control group(s) that would receive no program services or program services that are not enhanced). We may require applicants to collect data elements to aid the RESEA evaluation.

As a part of the national evaluation, grantees must agree to: (1) make records on participants, employers, and funding available; (2) provide access to program operating personnel, participants, and operational and financial records, and any other pertaining documents to calculate program costs and benefits; and (3) facilitate the assignment by lottery of participants to program services (including the possible increased recruitment of potential participants); and 4) follow evaluation procedures as specified by the national evaluator under the direction of DOL including after the grant period of performance.

1. Order of Precedence

In the event of any inconsistency between the terms and conditions of this Notice of Award and other requirements, the following order of precedence shall apply:

- I. Title III of the Social Security Act; Workforce Innovation and Opportunity Act of 2014, Pub. L. No. 113-128;
- II. Other applicable Federal statutes.
- III. Department of Defense and Labor, Health and Human Services, and Education Appropriations Act of 2020 and Continuing Appropriations Act, Pub. L. No. 116-94.
- IV. Implementing Regulations.
- V. Executive Orders.
- VI. OMB Guidance, including the Uniform Guidance at 2 CFR 200 and 2900.
- VII. DOL-ETA Directives.
- VIII. Terms and conditions of this award.

2. Notice of Award

The funds shall be obligated and allocated via a Notice of Award (NOA) grant modification. These obligations and expenditures may not exceed the amount awarded by the NOA modification unless otherwise modified by the ETA.

3. Grant Expenditure Period

The performance period for FY 2020 RESEA, i.e., the period during which states should obligate their RESEA grant funds, begins on January 1, 2020, and ends on September 30, 2021. Funding must be liquidated by December 31, 2021.

4. Approved FY 2020 RESEA State Plan

This project's narrative is considered as the Approved FY 2020 RESEA State Plan. It has been included as Attachment C. If there is any inconsistency between items specified in the project narrative and the program statute, appropriations, regulations, Executive Orders, Uniform Guidance, OMB Circulars, and DOL-ETA directives, the order of precedence will prevail.

5. Federal Project Officer

The DOL/ETA Federal Project Officer (FPO) for this award is:

Name: Charles Webb

Telephone: 404-302-5355

E-mail: webb.charles.v@dol.gov

The FPO is not authorized to change any of the terms or conditions of the award or approve prior approval requests. Any changes to the terms or conditions or prior approvals must be approved by the Grant Officer through the use of a formally executed award modification process.

6. Indirect Cost Rate and Cost Allocation Plan

A. A **current** Federally approved Negotiated Indirect Cost Rate Agreement (NICRA) or current Federally approved Cost Allocation Plan (CAP) has been provided – copy attached.

For a NICRA only:

(1) Indirect Rate approved: %

(2) Type of Indirect Cost Rate: _____ (i.e. Provisional/Predetermined/Fixed)

(3) Allocation Distribution Base: _____

(4) Current beginning and ending period applicable to rate: _____

Estimated Indirect Costs are shown on the SF-424A budget form. If a new NICRA is issued during the grant's period of performance, it must be provided to DOL within 30 days of it being issued. Funds may be re-budgeted as necessary between direct and indirect costs as long as it is consistent with 10% Budget Flexibility term within this agreement, grant requirements and DOL regulations on prior approval. However, the total amount of the grant award will not be increased.

Any changes to the budget that impact the Statement of Work and agreed upon outcomes or deliverables will require a request for modification and prior approval from the Grant Officer.

B. (1) Latest NICRA or CAP approved by the Federal Cognizant Agency (FCA) is not current, or

(2) An indirect cost rate proposal or CAP has not been submitted for approval.

URGENT NOTICE: Estimated indirect costs have been specified on the SF-424A, Section B, Object Class Category "j", however only **\$8,021.90** will be released to support the indirect costs in the absence of a NICRA or CAP approved by the cognizant agency. The remaining funds which have been awarded for Indirect Costs are restricted and may not be used for any purpose until the recipient provides a signed copy of the NICRA or CAP and document stating that the restriction is lifted by the Grant Officer. Upon receipt of the NICRA or CAP, the Grant Officer will issue a grant modification to the award to remove the restriction on those funds.

As the award recipient, your organization must submit an indirect cost rate proposal or CAP. These documents should be submitted to the DOL's Division of Cost Determination (DCD) or to the recipient's FCA. In addition, the recipient must notify the Federal Project Officer (FPO) that the documents have been submitted to the appropriate FCA. **If this proposal is not submitted within 90 days of the effective date of the award, no funds will be approved for the reimbursement of indirect costs.** Failure to submit an indirect cost proposal by the above date means the award recipient will not receive further reimbursement for indirect costs until a signed copy of the federally approved NICRA or CAP is provided and the restriction is lifted by the Grant Officer. All indirect costs paid for using grant funds must be returned through the Payment Management System. No indirect costs will be reimbursed without a NICRA or an approved CAP.

The total amount of the DOL's financial obligation under this grant award **will not be** increased in order to reimburse the recipient for higher negotiated indirect costs.

- ___ C. The award recipient elected to exclude indirect costs from the proposed budget. Please be aware that incurred indirect costs (such as top management salaries, financial oversight, human resources, payroll, personnel, auditing costs, accounting and legal, etc. used for the general oversight and administration of the organization) must not be classified as direct costs; these types of costs are indirect costs. Only direct costs, as defined by the applicable cost principles, will be charged. According to 2 CFR 200.412, if indirect costs are misclassified as direct costs, such costs may become disallowed through an audit.
- ___ D. The award recipient has never received a negotiated indirect cost rate and, pursuant to the exceptions noted at 2 CFR 200.414(f) in the Cost Principles of the Uniform Guidance has elected to charge a de minimis rate of 10% of modified total direct costs (see 2 CFR 200.68 for definition of MTDC) which may be used indefinitely. Governmental departments or agencies that receive more than \$35 million in direct Federal Funding must submit an indirect cost rate proposal and cannot request a de minimis rate. This methodology must be used consistently for all Federal awards until such time as you choose to negotiate for an indirect cost rate, which you may apply to do at any time. (See 2 CFR 200.414(f) for more information on use of the de minimis rate.)

If the DOL is your FCA, as a recipient, your organization must work with DOL's DCD, which has delegated authority to negotiate and issue a NICRA or CAP on behalf of the Federal Government. More information about the DOL's DCD is available at <http://www.dol.gov/oasam/boc/dcd/>. This website has guidelines to develop indirect cost rates, links to the applicable cost principles, and contact information. The DCD also has Frequently Asked Questions to provide general information about the indirect cost rate approval process and due dates for provisional and final indirect cost rate proposals at <http://www.dol.gov/oasam/faqs/FAQ-dcd.htm>.

Starting the quarter ending September 30, 2016, all grant recipients with an approved NICRA or de minimis rate must report indirect costs on their **FINAL** ETA-9130 Form. Please see TEGL 2-16 for additional guidance at https://wdr.doleta.gov/directives/attach/TEGL/TEGL_2-16_acc.pdf.

7. **Approved Budget**

The award recipient's budget documents are attached in this Notice of Award. The documents are: 1) the SF-424, included as Attachment A; 2) the SF-424 A, included as Attachment B. As the award recipient, your organization must confirm that all costs are allowable before creating any expenses. Pursuant to 2 CFR 2900.1, the approval of the budget as awarded does not constitute prior approval of those items specified in 2 CFR 200 or your grant award as requiring prior approval. The Grant Officer is the only official with the authority to provide such approval.

8. **Return of Funds**

Effective October 1, 2017, the U.S. Department of Labor, Employment & Training Administration will no longer be accepting paper checks for any type of returned funds. All return of funds are to be submitted electronically through the Payment Management System (PMS) operated by the U.S. Department of Health and Human Resources via the same method as a drawdown.

If there are questions regarding the return of funds or your organization no longer has access to PMS, contact the U.S. Department of Labor/ETA Office of Financial Administration via email at: ETA-ARteam@dol.gov for further assistance.

9. **Evaluation, Data, and Implementation**

As the award recipient, your organization must cooperate during the implementation of a third-party evaluation. This means providing DOL or its authorized contractor with the appropriate data and access to program operating personnel and participants in a timely manner.

10. **Resources and Information**

Additional resources and information to assist you are located on the ETA website at <https://www.doleta.gov/grants/resources.cfm> and on the Grants Application and Management collection page located on WorkforceGPS.org at <https://grantsapplicationandmanagement.workforcegps.org/>. These sites contains information about the Uniform Guidance, grant terms and conditions, financial reporting, indirect costs, recipient training resources, and other relevant information.

11. **Cost Limitation Restrictions**

a. **Administrative Costs**

In FY 2020, administrative costs for the RESEA program are limited to 15 percent of the total grant award. This limitation aligns RESEA administrative costs with similar ETA grants and includes information technology costs. States may request to use up to an additional \$100,000 beyond the 15 percent administrative cost limit to support information technology and program costs, including required reporting. States requesting additional funds beyond the 15 percent administrative costs limit must identify the amount and describe planned activities in element 8 of the RESEA State Plan template.

Administrative costs could be direct or indirect costs. Administrative costs do not need to be identified separately from program costs on the SF-424A Budget Information – Non Construction Programs. However, they must be tracked through the recipient’s accounting system and appropriately documented on the recipient’s ETA 9130 Financial Report submissions. Recipients will be monitored for compliance with the administrative costs limit during the entire grant period of performance. Any amounts that exceed this limitation at closeout will be disallowed and subject to debt collection.

To help facilitate program alignment and integration across programs supporting the reemployment of UI claimants, ETA uses the definition of WIOA administrative costs at 20 CFR 683.215 for RESEA grants. In the context of the RESEA program, all information technology costs associated with the RESEA program, including those identified at 20 CFR 683.215, are administrative costs. Additional information will be provided in the state’s grant agreement.

b. Budget Flexibility

Federal recipients are not permitted to make transfers that would cause any funds to be used for purposes other than those consistent with this Federal program. Any budget changes that impact the Statement of Work and agreed upon outcomes or deliverables require a request for modification and prior approval from the Grant Officer.

As directed in 2 CFR 200.308(e), for programs where the Federal share is over the simplified acquisition threshold (currently \$250,000), the transfer of funds among direct cost categories or programs, functions and activities is restricted such that if the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the Federal awarding agency, the recipient must receive prior approval from the Grant Officer. Any changes within a specific cost category on the SF424(a) do not require a grant modification unless the change results in a cumulative transfer among direct cost categories exceeding 10% of total budget as noted above. It is recommended that your assigned FPO review any within-line changes to your budget prior to implementation to ensure they do not require a modification. For programs where the Federal share is below the simplified acquisition threshold, recipients are not required to obtain the Grant Officer’s approval when transferring funds among direct cost categories. This includes transferring direct costs to the indirect cost category contained on the SF424 (a).

c. Consultants

For the purposes of this award, the ETA Grant Officer has determined that fees paid to a consultant who provides services under a program shall be limited to \$710 per day (representing an eight hour work day). Any fees paid in excess of this amount cannot be paid without prior approval from the Grant Officer.

d. Travel

This award waives the prior approval requirement for domestic travel as contained in 2 CFR 200.474. For domestic travel to be an allowable cost, it must be necessary, reasonable, allocable and conform to the non-Federal entities written policies and procedures. All travel must also comply with Fly America Act (49 USC 40118), which states in part that any air transportation,

regardless of price, must be performed by, or under a code-sharing arrangement with, a US Flag air carrier if service provided by such carrier is available.

e. Travel – Foreign

Foreign travel is not allowable except with prior written approval. Prior written approval must be obtained from the Grant Officer through the process described in 2 CFR 200.407 and 2 CFR 2900.16. All travel, both domestic and Grant Officer-approved foreign travel, must comply with the Fly America Act (49 USC 40118), which states in part that any air transportation, regardless of price, must be performed by, or under a code-sharing arrangement with, a US Flag air carrier if service provided by such carrier is available.

f. Travel – Mileage Reimbursement Rates

Pursuant to 2 CFR 200.474(a), all award recipients must have policies and procedures in place related to travel costs; however, for reimbursement on a mileage basis, this Federal award cannot be charged more than the maximum allowable mileage reimbursement rates for Federal employees. The 2020 mileage reimbursement rates are:

Modes of Transportation	Effective/Applicability Date	Rate per mile
Privately owned automobile	January 1, 2020	\$0.575
Privately owned motorcycle	January 1, 2020	\$0.545

Mileage rates must be checked annually at www.gsa.gov/mileage to ensure compliance.

12. Administrative Requirements

a. Assurances and Certifications

The signed SF-424, Application for Federal Assistance, has been included as an attachment to this grant. The individual that signed the SF-424 on behalf of the applicant is considered the Authorized Representative of the applicant. As stated in block 21 of the SF-424 form, the signature of the Authorized Representative on the SF-424 certifies that the organization is in compliance with the Assurances and Certifications form SF-424B (available at <http://apply07.grants.gov/apply/forms/sample/SF424B-V1.1.pdf>). ***You do not need to submit the SF-424B form separately.***

b. Audits

Organization-wide or program-specific audits shall be performed in accordance with Subpart F, the Audit Requirements of the Uniform Guidance which apply to audits for fiscal years beginning on or after December 26, 2014. DOL awards recipients including for-profit and foreign entities that expend \$750,000 or more in a year from any Federal awards must have an audit conducted for that year in accordance with the requirements contained in 2 CFR 200.501. OMB’s approved exception at 2 CFR 2900.2 expands the definition of ‘non-Federal entity’ to include for-profit entities and foreign entities. For-profit and foreign entities that are recipients or subrecipients of a DOL award must adhere to the Uniform Guidance at 2 CFR 200.

c. Changes in Micro-purchase and Simplified Acquisition Thresholds

The Office of Management and Budget memorandum (M-18-18), issued on June 20, 2018, increased the threshold for micro-purchases under Federal financial assistance awards from \$3,500 to \$10,000 and the threshold for simplified acquisitions under Federal financial assistance awards from \$100,000 to \$250,000. Please note that these two threshold increases were effective for all Employment and Training (ETA) grantees as of October 1, 2018. All ETA grantees should carefully review the above-referenced memorandum and make any necessary updates to their financial and administrative policies, procedures and systems as a result of these threshold increases.

d. Closeout/Final Year Requirements

At the end of the grant period, the award recipient will be required to close the grant with the ETA. As the award recipient, your organization will be notified approximately 15 days prior to the end of the period of performance that the closeout process will begin once the grant ends. The information concerning the recipient's responsibilities at closeout may be found at 2 CFR 200.343. During the closeout process, the grantee must be able to provide documentation for all direct and indirect costs that are incurred. For instance, if an organization is claiming indirect costs, the documentation that is required is a Negotiated Indirect Cost Rate Agreement or Cost Allocation Plan issued by the grantee's Federal cognizant agency. Documentation for those approved to utilize a de minimis rate for indirect costs is demonstrated through the grant agreement. Not having documentation for direct or indirect costs will result in costs being disallowed and subject to debt collection. The only liquidation that can occur during closeout is the liquidation of accrued expenditures (NOT obligations) for goods and/or services received during the grant period (2 CFR 2900.15).

e. Equipment

The requirement that grant recipients obtain prior approval from the Federal Grantor agency for all purchases of equipment (as described in 2 CFR 200.439) is waived in accordance with 2 CFR 200.308(c)(4) and approval authority is delegated to the state administrator.

Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. Federal funds may not be used to pay any royalty or license fee for use of a copyrighted work, or the cost of acquiring by purchase a copyright in a work, where the Department has a license or rights of free use in such work, although they may be used to pay costs for obtaining a copy which is limited to the developer/seller costs of copying and shipping. If revenues are generated by selling products developed with grant funds, including intellectual property, these revenues are considered as program income. Therefore, program income must be used in accordance with the provisions of this grant award and 2 CFR 200.307.

If applicable, the following needs to be on all products developed in whole or in part with grant funds:

“This workforce product was funded by a grant awarded by the U.S. Department of Labor’s Employment and Training Administration. k. Program Income

The "Addition" method as described in 2 CFR 200.307 must be used in allocating any program income generated for this grant award. Award recipients must expend all program income prior to drawing down additional funds as required at 2 CFR 200.305(b) (5) and 2 CFR 200.307(e). Any program income found remaining at the end of period of performance must be returned to the ETA. In addition, recipients must report program income on the quarterly financial report using ETA-9130 form.

No funds provided under this grant shall be used for publicity or propaganda purposes, for the preparation, distribution or use of any kit, pamphlet, booklet, publication, radio, television or film presentation designed to support or defeat legislation pending before the Congress or any state or local legislature or legislative body, except in presentation to the Congress or any state or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any state or local government, except in presentation to the executive branch of any state or local government itself. m. Recipient Integrity and Performance Matters

1. If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the award recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.
2. Proceedings about which you must report. Submit the information required about each proceeding that:
 - a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

 - (A) It could have led to an outcome described in paragraph 2.c.I, II, or III of this award term;
 - (B) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 - (C) The requirement in this award term to disclose information about the proceeding does not conflict with applicable laws and regulations.
3. Reporting procedures. Enter in SAM Entity Management area (formerly CCR), or any successor system, the FAPIS information that SAM requires about each proceeding described in paragraph 2. of this award term. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM (formerly CCR) because you were required to do so under Federal procurement contracts that you were awarded.
4. Reporting frequency. During any period of time when you are subject to the requirement in paragraph 1. of this award term, you must report FAPIS information through SAM no less frequently than semiannually following your initial report of any proceedings for the most

recent 5-year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report.

q. Supportive Services & Participant Support Costs

When supportive services are expressly authorized by a program statute, regulation, or FOA, this award waives the prior approval requirement for participant support costs as described in 2 CFR 200.456. Costs must still meet the basic considerations at 2 CFR 200.402 – 200.411. Questions regarding supportive services and participant support costs should be directed to the FPO who is assigned to the grant.

g. Veterans' Priority Provisions

The Jobs for Veterans Act (Public Law 107-288) requires recipients to provide priority service to veterans and spouses of certain veterans for the receipt of employment, training, and placement services in any job training program directly funded, in whole or in part, by the DOL. The regulations implementing this priority of service can be found at 20 CFR part 1010. In circumstances where a grant recipient must choose between two qualified candidates for a service, one of whom is a veteran or eligible spouse, the veterans priority of service provisions require that the grant recipient give the veteran or eligible spouse priority of service by first providing him or her that service. To obtain priority of service, a veteran or spouse must meet the program's eligibility requirements. Recipients must comply with the DOL guidance on veterans' priority. ETA's Training and Employment Guidance Letter (TEGL) No. 10-09 (issued November 10, 2009) provides guidance on implementing priority of service for veterans and eligible spouses in all qualified job training programs funded in whole or in part by DOL. TEGL No. 10-09 is available at http://wdr.doleta.gov/directives/corr_doc.cfm?DOCN=2816.

20. Actions Taken to Reduce Number of Claimants Failing to Report.

If the state has taken any actions in the past year and/or plans to carry out any activities under the proposed RESEA program to reduce the number of claimants failing to report, please identify and provide a brief description.

Please select all that apply:

- Self-scheduling of appointments (Completion date [actual or projected] mm/yy)
- Automated reminders (text message, e-mail, phone, etc.)
- Restructuring of notifications and other communications (behavioral insights, plain-language, etc.)
- Other

Insert brief narrative of actions taken or planned:

Florida recently implemented multiple automated messages to be generated by the state's online labor exchange system, Employ Florida, to send scheduled claimants reminding them of their upcoming Reemployment and Eligibility Assessment (RESEA) appointment. Staff are now able to choose to have a reminder sent as often as every day for up to five days ahead of the appointment. Florida will also be conducting a webinar later this year for best practices regarding reducing "No Shows" that includes looking at how the local workforce development boards (LWDBs) may want to restructure their notification letters based on behavioral insights. Florida is also exploring the option of

If RESEA is not available statewide, Worker Profiling and Reemployment Services (WPRS) must be provided in areas where RESEA is not available.

22. Role of UI Staff

Briefly describe the role played by UI staff in program management. Please note that all eligibility determinations and redeterminations are funded through the regular UI funding for non-monetary determinations and not through the RESEA grant.

Insert description of UI staff roles:

Claims-examiners, who are state merit staff, conduct the Eligibility Review Procedures (ERPs). They are housed within the state office and are not located in local career centers. The ERPs are performed after the workforce activities have been completed. Unemployment Insurance (UI) supervisors train the UI claims-examiners and UI adjudicators to

23. Selection of RESEA Participants:

Please describe the state’s methodology for selecting claimants to participate in the RESEA program and at what point in the claim series selections are made. If a profiling or statistical model is used please describe the model including factors used and when the model was last updated. UI claimants who have a definite return-to-work date; claimants who secure work only through a union hiring hall; and claimants who are in approved training should be excluded from the RESEA program.

Insert description of how claimants are selected:

Florida uses its Worker Profiling and Reemployment Services (WPRS) pool for selecting RESEA claimants. In January 2020, the state updated its profiling methodology which assigns a probability value to predict the likelihood of benefit exhaustion. The updated profiling methodology is scheduled to be implemented in March 2020. Those with the

24. Proper Notification

All states participating in the RESEA program must provide both an assurance that, and description of how, individuals selected to participate in RESEA will receive proper notifications regarding the program's eligibility conditions, requirements, and benefits. Proper notifications must be in clear and simple language and include warnings to ensure selected individuals are fully aware of the consequences of noncompliance with the state's policies related to non-attendance and/or nonfulfillment of UI work search requirements. (Section 306(e)(1)(A)(i), Social Security Act (SSA)).

Do you assure that proper notification as described in Element (28) will be provided?

Yes / No

Insert description of notification process and attach template used for notifications.

Once individuals have been scheduled for their initial RESEA appointment, LWDBs print notification letters generated directly from the Employ Florida system. LWDBs use either brightly colored envelopes or paper when they mail the notifications of the RESEA appointments. Additionally, some LWDBs stamp the envelopes with the words

25. Reasonable Scheduling Accommodations

To maximize participation in the RESEA program, the state must provide assurance that, and a description of how reasonable scheduling accommodations are made available to individuals selected for RESEA (Section 306(e)(1)(A)(ii), SSA).

Do you assure that reasonable scheduling accommodations are available to RESEA participants?

Yes / No

Insert a description of the reasonable scheduling accommodations provided.

Florida allows claimants to reschedule their initial RESEA appointment and their work search activity appointment one time each within plus or minus seven days of the original scheduled dates.

26. UI Feedback Loop and Adjudication.

Once selected for an initial or subsequent RESEA, claimants are required to participate in all components of the RESEA. Failure to report or participate in any aspect of the RESEA must result in referral to the UI agency for adjudication under the applicable state law. States must include a description of the UI feedback loop and adjudication process.

Insert a brief description regarding the feedback loop from the RESEA provider to the UI system on whether the claimants reported and participated in required activities as directed.

Florida's RESEA program is fully integrated into the Employ Florida system. Once all of the RESEA services are completed, career center staff record this information in Employ Florida. This triggers the eligibility review which is conducted by UI staff through telephone interviews. Similarly, once the additional reemployment services are

Insert a brief description of the feedback loop established to refer any UI eligibility issues identified during the RESEA for adjudication.

If a claimant fails to meet the eligibility criteria of attending either their initial or any additional reemployment service appointment, LWDB staff record the non-attendance in the Employ Florida system and the claimant is referred to adjudication for fact finding. A UI adjudicator contacts the claimant by telephone and conducts fact-finding to

27. Activities Supporting RESEA's Statutory Purposes

Each state must provide assurance that, and description of how, the planned RESEA program will conform to the four statutory purposes identified below (Section 306(e)(1)(B), SSA).

27(a) Purpose 1:

To improve employment outcomes of individuals that receive unemployment compensation and to reduce the average duration of receipt of such compensation through unemployment.

Do you assure that the proposed RESEA program design and planned activities conform to purpose 1 as described in Element 27(a)?

Yes / No

Insert brief description of specific RESEA program elements and/or activities that support this purpose.

In Florida, RESEA activities are, primarily, individual one-on-one appointments between the claimant and a case manager. Each claimant receives: orientation, initial assessment, individualized labor market information, development of an employability plan, and referral to at least one additional reemployment service, as described below:

- The orientation, conducted in groups or individually, provides an overview of the RESEA program and its requirements, the services accessible at the career center, and information about partner programs and other

27(b) Purpose 2:

To strengthen program integrity and reduced improper payments of unemployment compensation by states through the detection and prevention of such payments to individuals who are not eligible for such compensation.

Do you assure that the proposed RESEA program design and planned activities are conform to purpose 2 as described in Element 27(b)?

Yes / No

Insert brief description of specific RESEA program elements and/or activities that support this purpose.

The feedback loop between the career center staff and UI staff regarding whether a claimant attended the required reemployment service appointment helps to reduce improper payments. This feedback loop puts UI staff on notice that they need to reach out for additional fact finding to determine why the claimant did not attend the appointment. In this additional fact finding process, the UI staff may uncover eligibility issues that may not have been discovered until a later date, depending on the issue. Improper payments may be reduced by this additional fact finding process because UI staff may catch a potential eligibility issue at the beginning of the claim as opposed to the end of the claim.

27(c) Purpose 3:

To promote alignment with the broader vision of the Workforce Innovation and Opportunity Act (WIOA) (29 U.S.C. 3101 et seq.) of increased program integration and service delivery for job seekers, including claimants for unemployment compensation. (Note: Additional information about the vision of WIOA is provided in [Training and Employment Guidance Letter No. 19-14, Vision for the Workforce System and Initial Implementation of the Workforce Innovation and Opportunity Act](#) and additional information specific State UI programs is provided in [Unemployment Insurance Program Letter 14-18](#)).

Do you assure that the proposed RESEA program design and planned activities conform to purpose 3 as described in Element 27(c)?

Yes / No

Insert a brief description of the specific RESEA program elements and/or activities that support this purpose including information about how RESEA has been integrated into the State's workforce system and network of AJCs.

In Florida, most UI claimants are registered as job seekers in Employ Florida within 24 hours of filing for benefits. This includes the claimant's email address, if supplied, and a partial work history. The skills matching functionality of Employ Florida is used to generate an initial listing of current jobs posted in the system based on the work history and/or the job skills the claimant entered. As a result, an automatic email is sent to the claimant that:

- Informs the claimant of his/her Employ Florida log in information.
- Provides a link to the initial list of jobs matched to the claimant's work history and/or job skills.
- Provides a link to complete a full resume and begin active use of the system to search and apply for jobs.

This information is immediately available to staff who use it to contact claimants to provide information about

27(d) Purpose 4:

Establish reemployment service and eligibility assessment as an entry point for individuals receiving unemployment compensation into other workforce system partner programs.

Do you assure that the proposed RESEA program design and planned activities conform to purpose 4 as described in Element 27(d)?

Yes / No

Insert brief description of specific RESEA program elements and/or activities that support this goal.

As previously described in this plan, Florida uses its WPRS pool to select UI claimants for participation. RESEA serves as an entry point into the workforce system for claimants. As such, it provides exposure and access to the other workforce system partner programs based on their individual needs in addition to the program elements and activities outlined in elements 27(a) Purpose 1 and Purpose 3 and as follows:

- An orientation about the career center's services.
- An initial assessment to determine the claimant's strengths, weaknesses and barriers to employment.
- Labor market information unique to the participant's past or future occupation and work experience.
- If the labor market information shows the participant's occupation to be in decline, they may be referred for training

28. Evidence-based Standards and Evaluation Requirements

Each state must provide assurances and a description of how the state's RESEA program will satisfy the requirement to use grant funds only for interventions and service delivery strategies designed to reduce the number of weeks for which program participants receive unemployment compensation by improving employment outcomes for participants, including employment and earnings. States implementing RESEA interventions or service delivery strategies without a high or moderate causal rating must be under evaluation at the time of use. (Section 306(e)(1)(B), SSA).

Yes / No

Insert description of the evidence-based interventions and service delivery strategies the State plans to use to speed reemployment, including specific references to the evidence relied upon.

The evidence-based interventions Florida plans to use to speed up reemployment will include, but not be limited to, the casual impact analysis provided by the Clearinghouse for Labor Evaluation and Research (CLEAR) such as:

- If the labor market information shows the participant's occupation to be in decline, they may be

Insert an explanation of how such interventions and service delivery strategies are appropriate to the population served.

Florida's profiling model is supported by local labor market information and economic trends which provides flexibility to target claimants from a variety of backgrounds and lengths of time receiving benefits based on local needs.

As previously described, each RESEA participant receives:

28(b):

Do you assure that the RESEA interventions or service delivery strategies used to implement the program without a high or moderate causal rating are under evaluation at the time of use?

Yes / No

Insert, if applicable, a description of the evaluation structure the State plans to use for interventions and service delivery strategies without at least a moderate or high causal evidence rating, which may include national evaluations conducted by the U.S. Department of Labor or by other entities.

Florida's RESEA intervention and service delivery strategies are not currently under evaluation. However, Florida assures that a third-party provider will be procured by the state to perform evaluation of the RESEA program.

28(c):

Total funds that will be set-aside to conduct or cause to be conducted evaluations of interventions used in carrying out the RESEA Program. This amount is limited to 10 percent of grant award (Section 306(d)(2), SSA).

28(d):

Insert a description of any reemployment activities and evaluations of reemployment interventions and service delivery strategies conducted in the prior fiscal year and any data collected on:
