EFM TIP: WIOA Upgrade July 2, 2015

Geographic Solutions will be updating the Employ Florida Marketplace to include all new WIOA case management functionality on the weekend of Thursday, July 2, 2015. The system will go offline at 7:00 PM EST Thursday, July 2nd and will be back up no later than 8:00 AM EST Monday, July 6. When the system comes back online the WIA module will have been replaced by the new WIOA module and all cases will have been converted into WIOA cases to be compliant with the new program.

Geographic solutions has scheduled webinars to help train staff on the changes. These webinars have a 1000 person maximum class size, so Geographic Solutions is recommending that staff register early and only register for one of the two sessions as they are identical.
