24	1,910	1,467	928	63.21%	88,847	95.8
Statewide	39,660	28,226	17,913	63.46%	1,744,433	97.4

RA claimants who returned to the same employers from which they separated are not included.

Total RA Claimants: The unique count of individuals who received their first payment during the reporting period.

Total RA Claimants Placed: The unique count of individuals who were found employed through case management follow-up, New Hire data, UI or WRIS wage data.

Total RA Claimants Engaged: The unique count of individuals who were found employed through case management follow-up or New Hire data. Individuals who were found employed solely through the use of UI and/or WRIS wage data have been excluded, as their actual hire date is not available.

Total Days-to-Employment: Data is based upon individuals with placement information entered directly into the system or who were found employed through the New Hire report.
