2018: Securing Florida's Future

Dear Fellow Floridian:

Congratulations on your new job! Every job has an impact on families and communities, and your hard work will make a positive difference in your own life, as well as the lives of others. Whether it is your first job, a new job or the next step on your career ladder, you are taking an important step toward achieving your dreams in the Sunshine State.

Our goal is to make Florida the global destination for jobs so Floridians can continue to have great opportunities to live their dreams. Since December 2010, Florida businesses have created nearly 1.5 million new jobs. We currently have more than 250,000 job openings, and I am proud that our unemployment rate has reached a more than 10-year low.

As we look ahead to the future of Florida, it is important to continue fighting every day to make sure that our children and grandchildren have every opportunity to lead successful lives in the Sunshine State. We have cut taxes more than 80 times, saving Floridians over \$7.5 billion and we will continue to work to make our state more business-friendly by fighting to cut taxes, reducing regulations and keeping the cost of living down to allow job creators to grow and succeed.

Again, congratulations on your new position. Please let me know your ideas for how we can grow more small businesses and create more jobs throughout our state.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rick Scott".
