Presenting:

SIDES (State Information Data Exchange System) is a nationally recognized program that allows employers from across the country to respond to state unemployment insurance (UI) requests for information.

CONNECT's Employer Portal is Florida's easy-to-use claims management system that allows employers to manage and respond to correspondence related to the Reemployment Assistance Program.

Short-Time Compensation provides employers with an alternative to layoffs by allowing them to make work reductions to a larger group of workers.

Why YOU Should Attend This Meeting:

- You can talk to DEO staff who can walk you through the process, including viewing your account while you watch.
- Discuss your issues/concerns.
- Obtain personal contacts within the agency for future inquiries.
- We will provide information on how SIDES and CONNECT can benefit you as an employer and also how to sign up for SIDES E-Response.

How YOUR Business Can Benefit:

- Saves time and money.
- Provides an electronic, nationally standardized data format.
- Efficient and easier way to respond to requests.
- Reduces paper work.
- Helps keep unemployment insurance rates low by reducing overpayments.
- Protects sensitive data and allows for effective prevention of potential fraud.
- Allows for timely responses, which again can save money.
- STC allows for retention of skilled employees & reduces cost of reorganization.

When & Where YOU Should Attend:

- Port St. Lucie | Indian River State College STEM Auditorium | 500 NW California Blvd. | June 8 | 9-11 am
- Sebastian | City Hall | 1225 Main Street | June 9 | 9-11 am
