Public Infrastructure Grant Eligibility

Pursuant to section 288.101, F.S., the Florida Job Growth Grant Fund was created to promote economic opportunity by improving public infrastructure and enhancing workforce training. Eligible governmental entities that wish to access this grant fund must submit public infrastructure proposals that:

- Promote economic recovery in specific regions of the state, economic diversification or economic enhancement in a targeted industry. (View Florida's [Targeted Industries here.](#))
- Are not for the exclusive benefit of any single company, corporation or business entity.
- Are for infrastructure that is owned by the public and is for public use or predominately benefits the public.

1. Program Requirements:

Each proposal must include the following information describing how the project satisfies eligibility requirements listed on page 1.

A. Provide the title and a detailed description of the public infrastructure improvements.

I-10 & U.S. 90 Interchange water distribution lines extension from the county owned water plant located at the "Suwannee Regional Industrial Complex"(Catalyst site), east to the interchange of I-10 & U.S. 90. This represent 9,000 linear feet and an estimated cost of \$1,173,100.00

B. Is this infrastructure owned by the public?

Yes No

C. Is this infrastructure for public use or does it predominately benefit the public?

Yes No

D. Will the public infrastructure improvements be for the exclusive benefit of any single company, corporation or business entity?

Yes No

E. Provide a detailed explanation of how the public infrastructure improvements will connect to a broader economic development vision for the community and benefit additional current or future businesses.

Project will provide alternative water supply; eliminate use of septic tanks; increase economic development opportunities by extending utilities to the 1-10/U.S. 90 Interchanger area where there is over 200 acres of prime vacant land fronting both the north and south side of I-10 for future development. Prime sites for distribution, logistics and manufacturing with rail access. It is located in Suwannee County LU designated "Employment Center".

F. Provide a detailed description of, and quantitative evidence demonstrating, how the proposed public infrastructure project will promote:

- Economic recovery in specific regions of the state;
- Economic diversification; or
- Economic enhancement of a Targeted Industry (View Florida's [Targeted Industries here.](#))
 - As part of this response, describe how the project will promote specific job growth. Include a description of the number of jobs that will be retained or created, the average wages of such jobs, and in which industry(ies) the jobs will be created using the North American Industry Classification System ([NAICS](#)) codes. Where applicable, you may list specific businesses that will retain or grow jobs or make capital investment.
 - Further, include the economic impact on the community, region, or state and the associated metrics used to measure the success of the proposed project.

The Suwannee County Catalyst Site was chosen in 2007 as one of four regional sites to be developed with the help of the State of Florida as a strategy for economic development in Florida's Rural Area of Critical Economic Concern (RACEC). The Rural Economic Development Catalyst Project, led by Enterprise Florida in partnership with numerous state, regional and local organizations, is focused on targeting tomorrow's most promising industries with the goal of creating high value-added jobs, capital investment, and an economic benefit that will ripple throughout each RACEC. The target industries for the Suwannee Site are: Logistics and Distribution, Building Component Design and Manufacturing, Biofuels and Renewable Energy.

Klausner Lumber One is the first company to locate in the County's 500 acre business park. Klausner, along with future businesses locating in the park will generate the return on the county's investment in the site. The county invested \$6.9 million in infrastructure from General Fund, \$13 in grants totaling \$19.9 million at the site. The company invested \$112.3 million in the new site in Suwannee County and has hired a total of 428 workers in the county; \$34,222 Avg. Salary

There are two sites located adjacent to I-10, 100 ac and 77 ac 1/2 mile from catalyst site that the water would serve.

2. Additional Information:

A. Is this project an expansion of an existing infrastructure project?

Yes No

B. Provide the proposed commencement date and number of days required to complete construction of the public infrastructure project.

As soon funding is in place. 90 days

C. What is the location of the public infrastructure? (Provide the road number, if applicable.)
