Public Infrastructure Grant Eligibility

Pursuant to section 288.101, F.S., the Florida Job Growth Grant Fund was created to promote economic opportunity by improving public infrastructure and enhancing workforce training. Eligible governmental entities that wish to access this grant fund must submit public infrastructure proposals that:

- Promote economic recovery in specific regions of the state, economic diversification or economic enhancement in a targeted industry. (View Florida's [Targeted Industries here.](#))
- Are not for the exclusive benefit of any single company, corporation or business entity.
- Are for infrastructure that is owned by the public and is for public use or predominately benefits the public.

1. Program Requirements:

Each proposal must include the following information describing how the project satisfies eligibility requirements listed on page 1.

A. Provide the title and a detailed description of the public infrastructure improvements.

E 13 St, from E 6 Ave to E 10 Ave

Project includes roadway reconstruction; new sidewalk, curbing and drainage; lighting; crosswalks; pavement markings and signage.

B. Is this infrastructure owned by the public?

Yes No

C. Is this infrastructure for public use or does it predominately benefit the public?

Yes No

D. Will the public infrastructure improvements be for the exclusive benefit of any single company, corporation or business entity?

Yes No

E. Provide a detailed explanation of how the public infrastructure improvements will connect to a broader economic development vision for the community and benefit additional current or future businesses.

The proposed public infrastructure project, is located in the northeast section of the City of Hialeah and is strategically located adjacent to main State Road Highway, SR 953. This State Road is also known as Le Jeune Road and it's a main artery road of not only the City of Hialeah but for Miami-Dade County. This State Road leads Citizens of Hialeah and Miami-Dade County to Miami International Airport, and it's a main connection point to State Road 112, State Road 836, State Road 932 and State Road 924, which all lead to either I-95 or I-75.

This infrastructure project will improve the road conditions for this residential and commercial part of the City. The new proposed drainage to be implemented as part of this project should also alleviate flooding that tends to transpire in this area of the City whenever there's a heavy rain.

F. Provide a detailed description of, and quantitative evidence demonstrating, how the proposed public infrastructure project will promote:

- Economic recovery in specific regions of the state;
- Economic diversification; or
- Economic enhancement of a Targeted Industry (View Florida's [Targeted Industries here.](#))
 - As part of this response, describe how the project will promote specific job growth. Include a description of the number of jobs that will be retained or created, the average wages of such jobs, and in which industry(ies) the jobs will be created using the North American Industry Classification System ([NAICS](#)) codes. Where applicable, you may list specific businesses that will retain or grow jobs or make capital investment.
 - Further, include the economic impact on the community, region, or state and the associated metrics used to measure the success of the proposed project.

The Economic Enhancement Targeted Industries that would be used for this Project would be Environmental Consulting and the use of sustainable building products.

This project would be used to promote job growth by utilizing companies from the following Industries to work on this project:

- Highway, Streets, and Bridge Construction Company - Code 237310
- Asphalt Company - Code 237310
- Striping and Sign-age Company - Code 237310
- Concrete Curb, Side walk and Street Gutters - Code 237310
- Electrician - Code 238210
