Action Item 3 – Business Services Compensation
Effective September 1, 2018, Pinellas and Tampa Bay Career Source began operating independently and there is no shared staff. Six of the employees retained by CareerSource Pinellas have been in positions eligible for a monthly incentive. Two of the employees are business account executives and four are recruiters. For the past few years individuals in these positions have been eligible for a bonus/incentive pay. Typically, the Compensation Committee would not be involved in decisions about pay for specific staff positions, however given the media attention, it is prudent for the Board to provide guidance as to whether this is a practice that should be continued.

Our objective is to provide guidance as to whether such an incentive plan should be continued.

- If we concur the two positions should have an incentive plan, it does not mean we need to accept the existing program. We can accept the existing program or ask the Human Resources consultant to construct a different plan.
- If we concur that the two positions do not need an incentive plan, we will want to consider if the loss of the incentive pay warrants consideration of an adjustment in base pay.

The following is information on the positions.

Account Executives:
- Current base pay $45,500
- Last increase to base pay was in 2017
- 2016 average annual incentive earnings (based on calendar year not plan year) $8,565
- 2017 average annual incentive earnings (based on calendar year not plan year) $6,398
- 2018 average annual incentive earnings (based on calendar year not plan year) $100

Recruiters
- Current base pay $40,000
- Last increase to base pay for two recruiters was in 2017
- 2016 average annual incentive earnings (based on calendar year not plan year) $9,930 --only two recruiters earned incentives
- 2017 – All four recruiters earning incentives. The range for the calendar year was $600 - $9,241
- 2018 – All four recruiters earning incentives. The range for the calendar year was $450 - $2,150
Salary Range
The follow is the salary range for the two positions. The data provided indicates this range was established in 2016. It is unclear the source used to establish the ranges.

Motion to approve Southern Technical College as a training vendor for LWDB 14:
Motion: David Fetkenher
Second: Patricia Gerard
Nay: Mark Hunt

The floor was opened for discussion: There was varied discussion regarding concerns about the school’s low completion rate. Several board members commented that the cost of tuition was very high, in comparison to the low completion rate of participants. Members requested more information on the educational institution, such as their accreditation information, their required minimum completion rate, the salary of completers and the completion rate for previous years 2016 and 2017.

The previous motion to approve Southern Technical College as a Training Vendor for LWDB 14 was tabled. The Board requested that more longitudinal information be obtained on the educational institution, to help understand/compare their completion rate over the course of several years.

There was a motion made to reconsider this action at a later date.
Motion: Barclay Harless
Second: Scott Wagman / Comm. Patricia Gerard

The Board of Directors votes to reconsider the approval of Southern Technical College as a training vendor at a later date. This motion carried.

Discussion Item 7 – CEO Search: Recommendation
An Ad Hoc Search Committee consisting of six Board Members was created by the CSPIN Board Chairman, for the purpose of searching for a new Chief Executive Officer (CEO) for CareerSource Pinellas. The open CEO position was advertised through various channels, including:
- Employ Florida
- The CSPIN website
- The National Association of Workforce Boards
- And various Social Media outlets (LinkedIn; Indeed; Facebook; etc.)

Over several weeks, the Search Committee – with the assistance of an HR Consultant – has evaluated candidates interested in the position. The Committee conducted Skype interviews with the top four candidates on 9/12/18. After much deliberation, the committee selected two candidates to bring forth for consideration by the Board of Directors. The Search Committee recommends that the following candidates be interviewed at the October 17th BOD meeting.

1. Jennifer Brackney
2. Rocco Tricarico

The candidates’ resumes and accomplishments were attached, for prior perusal.

Discussion: Mr. Meidel (serving as the Search committee chair) explained that the next steps in the CEO search process would involve candidate assessment tests. The two tests suggested were: a general IQ test and a Psychological/Personality test. As the Board of Directors operates under the Sunshine Law, there is a possibility that the results of those tests be considered as public record. To protect the privacy
of the candidates, a recommendation was made to remove the suggested Candidates tests as part of the follow-up in the CEO search process. Instead, board members recommended that the candidates make a presentation that summarizes their prior experience, accomplishments and what they hope to accomplish within the organization. Additionally, board members want to have an opportunity to ask robust questions to the candidates.

Motion to remove the suggested IQ test and Psychological test as part of the follow-up in the CEO search process:
Motion: Russell Leggette
Second: Mark Hunt / Comm. Patricia Gerard

The Board of Directors votes to remove the suggested IQ test and Psychological test as part of the follow-up in the CEO search process. This motion carried.

CEO Candidate Interviews will be conducted on October 17, 2018 at the Epicenter. The two candidates to be interviewed will be: Rocco Tricarico and Jennifer Brackney. All board members are strongly encouraged to attend in person for this discussion. Due to the nature of this item, the meeting will likely span over the course of several hours.

Mr. Wagman expressed concerns about the CEO search process, and his concerns that taking on this role may be the “last gig” for the two candidates presented, since their careers have already spanned several decades. Mr. Wagman stressed the importance of selecting the right candidate for the CEO position, as it would be the most significant decision of the Board of Directors. Given the history of the organization and the magnitude of the decision, he suggested that more time be allowed before a decision can be taken and perhaps have a deeper pool of qualified candidates be presented.

Several members of the search committee clarified that there were qualified candidates brought forth for consideration, but that they have chosen to recommend the two candidates that seem most qualified. When dealing with workforce boards and the public domain, those roles require a specific set of skills. Other members reiterated the role of the Board in hiring and keeping any CEO candidate, and replacing said person if the Board is not satisfied with his/her performance.

Other Administrative Matters
There were no administrative matters.

Committee Reports
1. Audit Committee: The audit firm of Powell & Jones, CPAs completed the annual financial audit for WorkNet Pinellas, Inc. for the fiscal year ended June 30, 2018. This item was discussed at today’s meeting. The audit committee will address whether or not to enlist the assistance of the Clerk’s Office Inspector General when conducting future internal monitoring.
2. Workforce Solutions Committee: The Workforce Solutions Committee met on September 11, 2018. Members recommended approval of three new training providers: Amskills; Learning Alliance Corporation and Southern Technical College. The also reviewed the Target Occupation List, discussed brand marketing, discussed current workforce, employment and economic development trends in Pinellas county, and the Workforce Solutions Committee goals.
3. One-Stop Committee: The One Stop Committee met on August 23rd. At that meeting, the committee approved the recommendation to select Kaiser Group as the new one-stop operator. Kaiser Group received the higher scores of the two submissions that were received for that proposal. This item was also presented at this meeting. The DEO reporting for quarter 4 shows Pinellas with a total of 18,404 placements reported for program year 2017-2018 through year end. The average ranking for the Pinellas region for the program year was 4th in the state of Florida.
4. Science Center Committee: The Science Center Committee met on 08/31/18. During the meeting, members discussed the feasibility of selling the property and after much discussion, recommended
that an appraisal of the loan be made, for the purpose of refinancing the property. CSPIN hired a
building inspector to assess the current structural condition of the Science Center of Pinellas. The
property inspection was conducted by National Property Inspections and the full report is available on
our website.
1. Pest Control: Quotes have been received for Pest Control and a PO will be initiated within the
   next few days. The best quote to date is ~$900 for the first treatment and $127 per month.
   Awaiting additional quotes.
2. Building Life Plan (Fire Marshall’s Report): Because it states a 50 person occupancy for our
   classroom, two egress are required. All of our classrooms are less than 1000 square feet and the
   if we redo the life plan to occupancy levels of less than 50, only one egress is required.
3. Roof Repairs: The debris has been removed from the roof. No one has been scheduled to date to
   address leaks.
4. Structural repairs: The main issue is the beam holding the porch cover at the front door. My plan
   is to clean to bare metal check thickness and compare to minimum required thickness, then have
   an engineer tell me the method of any repairs.
5. Painting and Cleaning: Addressing this during our weekly Youth Build community service days.
6. HVAC: Johnson Controls does change filters on a quarterly basis, however they do not wipe
   down the filter covers. We will schedule our janitorial service to perform that task on a quarterly
   basis.
7. Electrical: PEC walked through yesterday. They plan to provide a quote by the end of the day.
8. We’ve reached out to Hancock Whitney Bank to discuss the option regarding an appraisal. The
   next Science Center meeting is for October 10, 2018.

Discussion 8: In an effort to address the issue of fire safety listed in the Building Inspection, board
members recommend reducing the class size at the Science Center to a maximum of 40 people per
room, at any given time.
   Motion: Comm. Gerard
   Second: Russell Leggette

The Board of Directors votes to limit the class size at the Science Center to a maximum of 40
people. This motion carried.
