All Local Workforce Development Boards (LWDBs), except LWDB 3, are considered Metro and use the Metro LLSIL figures. LWDB 3 is considered Non-Metro and uses the Non-Metro LLSIL figures.

The 100 percent table for the LLSIL may be modified to calculate any locally determined values for prioritizing service or eligibility (i.e. 200 percent of LLSIL would multiply the 100 percent value times 2 for the appropriate family size).
