Guide for Reemployment Assistance

Quarter Change Questionnaire For Pandemic Emergency Unemployment Compensation (PEUC)
OVERVIEW:

Pursuant to Federal guidance, if you are currently receiving Pandemic Emergency Unemployment Compensation (PEUC), the Florida Department of Economic Opportunity (DEO) must determine that you are ineligible for state Reemployment Assistance benefits quarterly. This routine task, often referred to as the Quarter Change, will determine if you could now be eligible for state Reemployment Assistance benefits. The Quarter Change shifts the base period from January 2019 – December 2019 to April 2019 – March 2020. If you are currently receiving PEUC benefits, one of the following will occur:

- If DEO has determined that you have earned wages in the new calendar quarter (January 2020 – March 2020) that could qualify you for state Reemployment Assistance benefits, you will receive a link to submit an application for state Reemployment Assistance benefits in your CONNECT account.
- If DEO has determined that you have not earned wages in the new calendar quarter (January 2020 – March 2020) that would make you eligible for state Reemployment Assistance benefits, you will be prompted to complete a questionnaire when you log-in to CONNECT to claim your weeks. Follow this step-by-step guide to assist you with completing the Quarter Change Questionnaire.

ABOUT BASE PERIODS AND QUARTER CHANGES:

To establish a monetarily eligible Reemployment Assistance claim, you must have worked and earned wages during the first four quarters of the previous five completed quarters prior to filing your claim. This period of time is called the “base period.” The base period changes every three months at the beginning of each new quarter starting in January, April, July, and October.

In order to be monetarily eligible for state Reemployment Assistance benefits, you must:

- Have been paid wages in two or more calendar quarters in the base period;
- Have a total base period wages of at least 1 ½ times the wages in the quarter having the highest earnings; and
- Have at least $3,400 total wages in the base period.

The new calendar quarter (January 2020-March 2020) will confirm if you have received enough wages and determine if you could now qualify to receive state Reemployment Assistance.
