

Florida's Virtual Business Emergency Operations Center

www.FloridaDisaster.biz

FloridaDisaster.biz is a partnership between the Florida Department of Economic Opportunity and the Florida Division of Emergency Management and is managed by Emergency Support Function 18: Business, Industry, and Economic Stabilization (ESF 18). The purpose of ESF 18 is to share information and coordinate emergency management activities with a diverse array of stakeholders. In doing so, the goal is to accomplish joint initiatives and continue to strengthen Florida's economy.

ESF 18 brings together government, industry, and economic development in a coordinated response in the event of a natural or manmade disaster. Businesses play a critical role in community resilience and coordination with the small business community is vital to effective emergency management.

FloridaDisaster.biz is the private sector's hub for emergency management information before, during, and after a disaster in Florida. By providing information about preparedness resources, current disaster updates, and recovery programs, FloridaDisaster.biz supports the private sector during emergencies so that they can make the best decisions for their employees and business operations.

Resources available on FloridaDisaster.biz include:

- Business Damage Assessment Survey
