Governor
Susan Pareigis
Director

MEMORANDUM

DATE: October 24, 2005

TO: Regional Workforce Board Executive Directors

FROM: Lois A. Scott, Program Manager, One-Stop and Program Support 

SUBJECT: Maps of Federal Emergency Management Agency Registration of Evacuees Currently Living in Florida

The Federal Emergency Management Agency provides data on the counts of persons evacuating to Florida from the states of Alabama, Mississippi, Louisiana, and Texas as a result of hurricanes Katrina and Rita. The data are originally by city but are aggregated by AWI staff to the county and Regional Workforce Board levels. Those data are attached in Excel worksheets.

The attached maps represent the county level data for each of the two hurricanes for the week ended Oct 21. The shading on the map represents varying concentrations of evacuees, the darkest colors representing the most concentrated. These maps are being updated weekly or as often as FEMA make the data available. The maps are posted to the Workforce Florida, Inc. website and are updated weekly. The maps may be seen at:

<http://www.workforceflorida.com/wages/wfi/news/katrina.htm>

Please contact Royce Garrison at royce.garrisonr@awi.state.fl.us or 850-245-7498 if you have questions about these data or maps.
