VERSION POLICY

Version history is tracked in the table above, with notes regarding version changes. The dates of each publication are also tracked in this table.

Substantive changes in this document that reflect a policy change will result in the issuance of a new version of the document. For example, a substantive policy change after the issuance of Version 1.0 would result in the issuance of Version 2.0, an increase in the primary version number. Non-substantive changes such as minor wording and editing or clarification of existing policy that do not affect interpretation or applicability of the policy will be included in minor version updates denoted by a sequential number increase behind the primary version number (i.e., Version 2.1, Version 2.2, etc.).

POLICY CHANGE CONTROL

Policy review and changes for the State of Florida Office of Long-Term Resiliency are considered through a change-control process. Policy clarifications, additions, or deletions are needed during the course of the program to more precisely define the rules by which the Program will operate. Program staff will document policy-change requests that will be tracked in the program files. Requests are compiled and brought before supervisory staff in a policy meeting. Subject matter experts working in a particular policy area or task area that will be affected by the policy decision may be invited to assist in policy evaluation, if necessary. Policy meetings will be held as frequently as is necessary to consider policy decisions critical to moving the Program forward in a timely manner. Policy decisions will be documented and will result in the revision of the document in question.

Introduction

On October 10, 2018, Hurricane Michael made landfall as a Category 5 hurricane, causing catastrophic damage to communities in the Florida Panhandle. The Florida Department of Economic Opportunity (DEO) is committed to helping Florida's communities recover from the devastating impacts of Hurricane Michael. DEO is the governor-designated state authority responsible for administering all U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) funding awarded to the state.

Florida values citizen and stakeholder engagement. Florida has developed a Citizen Participation Plan in compliance with Federal Register Notice, Volume 83, No. 28 published Friday, February 9, 2018 and HUD Federal Register Notice, Volume 85, No. 17 published Monday, January 27, 2020, § 24 CFR 91.115 and applicable HUD requirements to set forth the policies and procedures applicable to citizen participation. This plan is intended to maximize the opportunity for citizen involvement in the planning and development of the Rebuild Florida recovery program.

The primary goal of the Citizen Participation Plan is to provide Floridians with definitive opportunities to involve themselves in the recovery process as it pertains to CDBG-DR funds.

According to [83 FR 5844](#), "To permit a more streamlined process, and ensure disaster recovery grants are awarded in a timely manner, provisions of 42 U.S.C. 5304(a)(2) and (3), 42 U.S.C.

12707, 24 CFR 570.486, 24 CFR 1003.604, and 24 CFR 91.115(b) and (c), with respect to citizen participation requirements, are waived and replaced by the requirements below. The streamlined requirements do not mandate public hearings but do require the grantee to provide a reasonable opportunity (at least 14 days) for citizen comment and ongoing citizen access to information about the use of grant funds."

In order to facilitate citizen involvement, Florida has laid out target actions to encourage citizen participation and allow equal access to information about the Rebuild Florida program. Florida intends to focus outreach efforts to facilitate participation from individuals of low-and moderate-income, those living in slums and blighted areas, those living in areas identified for recovery through Rebuild Florida, non-English speaking persons and other disadvantaged populations. Florida will publish its action plan in English and Spanish.

The most current version of OLTR's Citizen Participation Plan for Hurricane Michael will be placed in the Hurricane Michael Section of the OLTR website at <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael>.

Action Plan

The State of Florida Action Plan for Hurricane Michael (Action Plan), and any following amendments, defines how the Office of Long-Term Resiliency will effectively use all available funding to support a data driven recovery based on the calculation of unmet need across the state. The action plan describes Florida's proposed allocation by activity and lays out program designs for each area of assistance. The plan also identifies the beginning and end dates for each disaster recovery activity, performance and expenditure schedule.

Before adopting the Action Plan, DEO sought public input on program design issues including the amount of assistance Florida expected to receive, the range of activities that may be undertaken, the estimated amount of benefit expected for persons of low-and-moderate income and plans to mitigate displacement. A summary of outreach feedback is included in the Action Plan approved by HUD.

On May 14, 2020, DEO announced that the state's action plan for \$735 million in funding for long-term recovery efforts for Hurricane Michael-impacted communities has been submitted to HUD.

The final plan approved by HUD is posted to <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael>.

Amendments to Action Plan

Substantial Amendment

As additional information and funding becomes available through the grant administration process, amendments to this Action Plan are expected. Prior to adopting any substantial amendment to this Action Plan, OLTR will publish the proposed plan or amendment on the official website and will afford citizens, affected local governments, and other interested parties a reasonable opportunity to examine the plan or amendment's contents. At a minimum, the following modifications will constitute a substantial amendment:

- a change in program benefit or eligibility criteria;
- the addition or deletion of an activity; or
- the allocation or reallocation of more than 25 percent of the total current allocation(s) from HUD.

Citizens will be provided 30 days to review and provide comments on proposed substantial changes. A summary of all comments received will be included in the final Substantial Amendment submitted to HUD for approval.

Non-Substantial Amendment

OLTR will notify HUD when it makes any plan amendment that is not substantial. HUD will be notified at least five (5) business days before the amendment becomes effective. HUD will acknowledge receipt of the notification of non-substantial amendments via email within five (5) business days.

Every amendment, substantial or non-substantial, shall be numbered sequentially and posted on the DEO website.

Public Notice and Public Comment Period

Before OLTR adopts the Action Plan for this grant or any substantial amendment to this grant, OLTR will publish the proposed plan or amendment on <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael>.

Consideration of Public Comments

OLTR will consider all written comments regarding the Action Plan or any substantial amendment. A summary of the comments received on the draft Action Plan, as well as DEO's response to each comment, are included in the appendix section of the Action Plan.

All comments and responses will be submitted to HUD with the Action Plan or substantial amendment.

Accessibility

Florida is committed to providing all citizens with equal access to information about the disaster recovery program, including persons with disabilities and Limited English Proficiency (LEP). Florida follows HUD's regulation, 24 CFR Part 1, "Nondiscrimination in Federally Assisted Programs of the Department of Housing and Urban Development—Effectuation of Title VI of the Civil Rights Act of 1964," which requires all recipients of federal financial assistance from HUD to provide meaningful access to LEP persons and persons with disabilities.

The Office of Long-Term Resiliency will ensure that all citizens have equal access to information about the programs, including persons with disabilities and Limited English Proficiency (LEP), and will ensure that program information is available in the appropriate languages for the geographic area served by the jurisdiction.

To ensure meaningful access for individuals with disabilities or LEP, DEO developed and implemented a Rebuild Florida Language Access and Accessibility Plan, which details how Florida will address these needs. The Language Access and Accessibility Plan is available on the Office of Long-Term Resiliency website at <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative>.

Additional interpretive and translational services are available upon request.

Limited English Proficiency

Persons who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English may be entitled to language assistance with respect to a particular type of service, benefit or encounter. To address this need, DEO developed and implemented a Rebuild Florida Language Access Plan, which details how Florida will address the needs of LEP individuals. This Language Access Plan is available in English, and Spanish on the Office of Long-Term Resiliency website at <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative>

Translators will be present when a significant number of non-English speaking residents can be reasonably expected to participate in public hearings or open comment periods. DEO brings to each public hearing, printed, Spanish copies of the presentation to be given at the hearing. In addition to these copies, copies translated into other languages can be provided, if requested. Requests for translation of a public hearing presentation can be sent to cdbg-dr@deo.myflorida.com.

Outreach materials and citizen comments will also be translated into the appropriate language.

The Action Plan, any ensuing amendments, outreach materials, the application and related guidance materials will be published in English and Spanish. The languages selected were chosen based on the entire eligible area of the CDBG-DR funds and a natural break in the numbers of LEP individuals. Recognizing there may be a need for individuals to have access to the document in additional languages the OLTR will contract with an as needed translation service to provide personalized translations of the Action Plan and other program documents upon request. Rebuild Florida Centers and any public places that work directly in programs available to private individuals will carry signage (e.g., "I speak" visual card containing a wide range of language samples) detailing the availability of this specialized translation service.

DEO has also posted an Interpretive and Translation Services Notice on RebuildFlorida.gov and www.floridajobs.org/CDBG-DR informing individuals that free interpretation services are available upon request in at least 15 different languages. OLTR will ensure that program information is available in the appropriate languages for the geographic area served by the jurisdiction.

Additional interpretive and translational services are available upon request.

Accessibility for Persons with Disabilities

In accordance with 24 CFR 91.115(a)(3) and (f), this Citizen Participation Plan and other program documents, including but not limited to the CDBG-DR Hurricane Irma Action Plan for Disaster Recovery and its amendments, will be provided in a form accessible to persons with disabilities upon request.

DEO strives to provide all information posted to its website in forms that are accessible by screen-readers and other assistive technology.

Auxiliary aids and service are available upon request to Individuals with disabilities. All voice telephone numbers on this and all other DEO documents may be reached by persons using TTY/TTD equipment via the Florida Relay Service at 711.

DEO has posted additional accessibility information on the Accessibility page of RebuildFlorida.gov at <https://floridajobs.org/rebuildflorida/accessibility>. This page links to the [Language Access and Accessibility Plan](#) and contains information on the availability of TDD/TTY services for individuals who are in need of relay services, and the availability of additional translation services upon request.

DEO welcomes comments on how to improve accessibility for users with disabilities. Individuals who use assistive technology are encouraged to contact the Office of Long-Term Resiliency at CDBG-DR@deo.myflorida.com if the format of any material on the Office of Long-Term Resiliency Rebuild Florida website interferes with their ability to access the information.

Additional interpretive and translational services are available upon request.

Sign Language Interpretation Service

When communicating with hearing-impaired applicants, the Rebuild Florida program provides support via Video Remote Interpreting (VRI) with Legal Language Services. Each Rebuild Florida Center is equipped with designated technical equipment (e.g. laptop, USB camera, speakers) to accommodate hearing-impaired applicants. Rebuild Florida staff will secure a private meeting location to setup VRI with a hearing-impaired applicant.

Sign language interpretation services can be provided at public hearings for individuals who require interpretation, if advance notice is provided. Individuals in need of such services should notify DEO via email at cdbg-dr@deo.myflorida.com

Technical Assistance

Citizens with disabilities or those who need technical assistance can contact the Rebuild Florida program for assistance at 888-530-3025 or visit one of the four Rebuild Florida Centers located throughout the state.

All Rebuild Florida Centers are open 8 a.m. - 6 p.m., Monday through Friday.

Home Visits

Since the Rebuild Florida Program is prioritizing applicants with disabilities in Phase 1, it is important that the program provides reasonable accommodations to assist whenever and wherever necessary. This may require Rebuild Florida Intake Specialists to conduct home intake visits. The procedure is as follows:

1. Applicant requests an at-home visit with an Intake Specialist or Call Center Agent.
 - A. Applicant must be homebound - Elderly, disabled, or otherwise incapacitated and unable to access assistance in transportation to an Intake Center as verified by an Intake Specialist through a screening call.
2. Center Managers will determine who will be assigned to conduct the home visit. The files should be assigned based on geography of an applicant's current address and proximity to an Intake Center.
3. The file must be scheduled in AppointmentPlus with the appropriate Intake Center. The Intake Specialist will be required to make the appointment, choosing the "Home Visit" option from the dropdown menu. Calls received by the Call Center requesting an at-home visit will be documented in SharePoint for the appropriate Center Manager to review for assignment and outreach.
 - A. Home visits must be scheduled a minimum of one (1) week from the date requested and approved by the Center Manager.
 - B. Should a home visit need to be scheduled within one (1) week, it must be approved by the Single-Family Housing Manager.
4. The Intake Specialist contacts applicant to review information, inform them of the documentation requirements, and confirms appointment 24 hours prior.
 - A. Intake Specialists can ask about pets in the home for both aggression and allergy issues. Homeowners should be advised that they must have pets locked away at the time of the home visit.
5. The Center Manager will assign an additional program staff member to attend the home visit with the Intake Specialist. For safety reasons, at-home visits should be conducted by two Program staff members together.
6. The Intake Specialist will bring a mobile kit (scanner/MiFi/laptop) to the visit.
7. The Intake Specialist and additional program representative will arrive at the applicant's location.
 - A. The assigned Intake Specialist will review the program and complete the application with the applicant.
 - B. The other staff member will complete the scanning of any required documents.
 - C. The Intake Specialist will record any issues for follow-up requested by the applicant.
8. Staff should keep track of the mileage and submit for reimbursement in accordance with the program's travel policy.

Public Outreach

DEO is committed to building a foundation for effective outreach throughout the program to all affected eligible Florida Homeowners, with targeted efforts to reach those who are elderly, disabled, low-to moderate income level, families with children under five years of age, and minorities. This outreach includes establishing and preparing a network of stakeholders, including elected officials, non-profits, faith-based organization, civic associations, and media outlets, to ensure well-coordinated and effective outreach. The following info graphic provides a brief overview of DEO's outreach strategies.

DEO will use targeted language specific outreach in the above communities of LEP individuals during outreach campaigns. This will include advertisements in Spanish and Haitian Creole newspapers, radio, and television stations.

Webinar

During the course of the planning period, DEO conducted a webinar to keep stakeholders informed of the process and solicit feedback. The webinar was held on February 21, 2020. The purpose of this webinar was to provide an orientation to the disaster recovery planning and implementation process for the Hurricane Michael CDBG-DR program.

Community Outreach Events

Rebuild Florida completed targeted outreach to underserved and disadvantaged populations to encourage participation. The program hosted a total of 98 mobile pop-up events across HUD- and state-identified Most Impacted and Distressed (MID) areas to increase accessibility for individuals in rural and LMI communities who lacked the means to travel to a Rebuild Florida center or needed additional assistance with application completion. These mobile pop-up events successfully served a total 648 homeowners. Hurricane Michael Long-Term Recovery Community Stakeholder Survey

The unmet need assessment summarizes Hurricane Michael impacts and the remaining recovery need for housing, infrastructure and economic development by compiling, analyzing and interpreting more than 20 state and federal government data sources. DEO developed a survey to capture feedback from communities within the HUD and state-identified Most-Impacted and Distressed (MID) areas to allow for additional input from communities on unmet recovery needs and long-term recovery priorities.

The survey mirrored the feedback from the stakeholder meetings by asking for an anecdotal account of remaining housing, economic revitalization and infrastructure unmet needs. Respondents to the survey were also given an opportunity to suggest additional program ideas. The survey was launched on May 3, 2019 and closed on March 5, 2020. The survey results from 174 respondents are displayed in Figures 2-5.

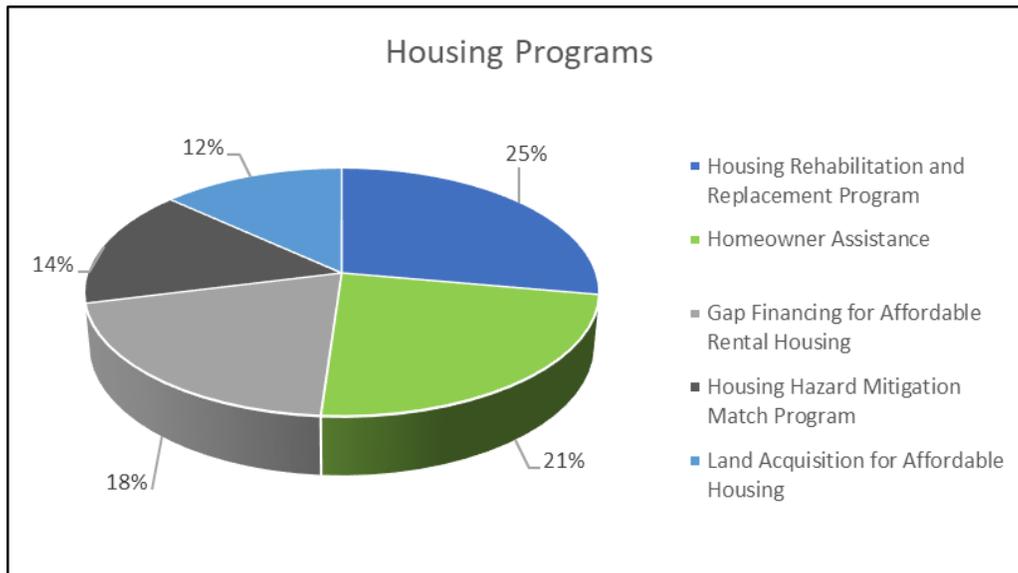

Figure 3: Housing Programs

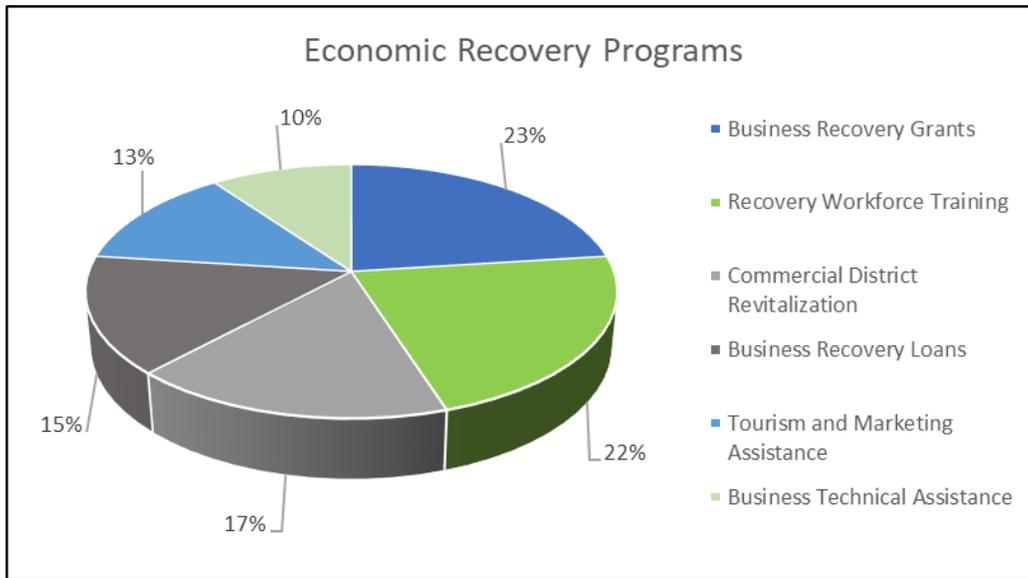

Figure 4: Economic Recovery Programs

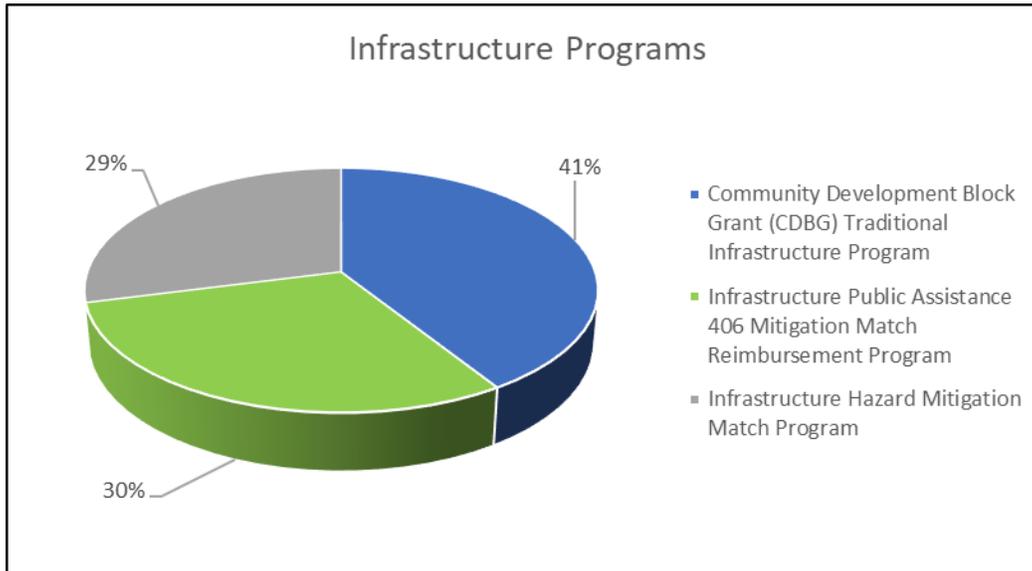

Figure 5: Infrastructure Programs

Stakeholder Meetings

DEO, FDEM and HUD traveled around the state and visited HUD-identified MID areas. At these meetings, participants were given a brief overview of the program with an opportunity to ask any questions they may have of staff. The meetings consisted of open dialogue with local government officials asking questions and DEO and HUD staff providing responses. Community members offered suggestions under the categories of housing, economic revitalization and infrastructure. In addition to meetings in the impacted areas, DEO leadership met individually with various local governmental officials and received input through the submission of long-term recovery plans and any other documentation that was available from the local governments.

Community Workshops

As part of the development of the State Action Plan, DEO hosted a series of public workshops in communities impacted by Hurricane Michael to seek input for the use of CDBG-DR funds. Times and locations are shown below and the presentation slides are available at the following link: http://www.floridajobs.org/docs/default-source/office-of-disaster-recovery/hurricane-michael/hurricane-michael-public-workshops-presentation.pdf?sfvrsn=894640b0_2.

Public Webpage

OLTR will maintain a public webpage that provides information accounting for how all grant funds are used and managed/administered. OLTR will make the following items available [on http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael](http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael): (1) the Action Plan (including all amendments); each Quarterly Performance Report (QPR) as created using the DRGR system; (2) procurement, policies and procedures; (3) executed CDBG-DR contracts; and (4) status of services or goods currently being procured by OLTR (e.g., phase of the procurement, requirements for proposals, etc.). In addition to the specific items listed above, OLTR will post information regarding all disaster recovery activities assisted with these funds. This webpage will be updated at intervals of one month or sooner.

Performance Reporting

In accordance to HUD requirements, Florida will submit a Quarterly Performance Report (QPR) through the HUD Disaster Recovery Grant Reporting (DRGR) system no later than 30 days following the end of each calendar quarter. Three days before submission to HUD, Florida will post each QPR for public review and comment on <http://www.floridajobs.org/community-planning-and-development/assistance-for-governments-and-organizations/disaster-recovery-initiative/hurricane-michael>. Program QPR's will be posted on a quarterly basis until all funds have been expended and all expenditures have been reported.

Requests should be made in a timely manner and within the time parameters of the appropriate program design. DEO may contract with a Technical Assistance Provider(s) should sufficient demand for technical assistance warrant.

Citizen Complaints and Inquiries

All complaints and inquiries that are submitted to DEO will be addressed through OLTR's Constituent Management Services staff. Complaints are any verbal or written statement of grievance — including phone calls, emails, faxes, or letters — that are received by the state, its contractor, and/or other program sources. Inquiries are requests for information or assistance. All complaints and inquiries that are received will be reviewed by the Constituent Management Services staff for:

- Conducting investigations, as necessary;
- Finding a resolution; or
- Conducting follow-up actions.

Every complaint and inquiry will be included in a tracking system. Constituent Management Services staff will maintain electronic files that include:

- Name of the complainant and contact information

Following the initial response, the state will make every effort to provide a resolution to complaints within the 15-working day period. If a resolution cannot be reached within the 15-working day period, the complainant will receive a status update on the issue(s) and, if possible, a timeframe for when a resolution can be reached. Constituent Management Services Lead will monitor response times to ensure compliance and will adjust timeframes for additional responses as needed.

Appeals

All applications, guidelines and websites will include details on the right to file a complaint or appeal, and the process for filing a complaint or beginning an appeal.

Housing Repair and Replacement Appeals (Program Reconsideration)

Throughout the process, decisions will be made on an application and/or project to be delivered. The decisions are made based on statutes, codes of federal regulation, local administrative code, state and local guidelines as they are interpreted by the Program. This policy guides the process for an applicant or contractor requesting program reconsideration of decisions made by the HRRP.

Applicants have a right to participate in the process, and where they believe that a mistake has been made regarding their file, the Program includes a reconsideration process to provide the applicant with a mechanism for requesting further review on a decision made on their file at the time the applicant is notified of their eligibility in their award letter. Program policies are not appealable.

Grounds to Request Reconsideration

Applicants who have applied for funding for disaster recovery may only request reconsideration of the disposition of a Program decision on one or more of the following:

1. The type of benefit the applicant is eligible to receive.
2. Duplication of Benefits estimates.
3. Scope of work
4. Completed Repair Estimates

A contractor may only request reconsideration for the issues related to draw payment or failure to meet benchmark construction deadlines.

Reconsideration Request of Local Program Decision

A party requesting reconsideration must file a written request for reconsideration with the HRRP to request a review not later than 30 days after the date the action to be reconsidered has occurred or when notice has been provided. The written request must include specific information relating to the challenge of the HRPP decision. HRRP will acknowledge receipt of the request. HRRP will respond in writing to the request no later than 30 working days after the date of receipt of the request. The response may take one of the following actions:

1. Acknowledgment of receipt of the request for reconsideration and notification that the review of the applicant file may take longer than 30 working days;
2. Request for additional supporting documentation or information from the applicant;
3. Status of the reconsideration and estimated timeframe for decision; or
4. Final determination of the issue:
 - A. Concur with the request and make the appropriate adjustments to the staff member's decision;
or
 - B. Disagree with the request and provide the basis for rejecting the request for reconsideration to the party.

Should an applicant disagree with the result of a request for reconsideration, the applicant will be provided with a notice of administrative right to appeal and instructions for the appeal process.

In order to request a reconsideration, please submit a written notice to CDBG-DR.Reconsiderations@deo.myflorida.com or submit by postal mail to the following address:

Appeals Process

There are two cases in which an Informal Appeal can be filed by the applicant: (1) following a determination of ineligibility, or (2) after exhausting the Reconsiderations process.

1. In the case that an applicant is deemed ineligible, the applicant will be notified of their status in an Eligibility Determination Letter from the DEO Appeals team. Should the applicant disagree with the determination, they may file an Informal Appeal resulting in a process to further review the HRRP decision.
2. An Informal Appeal may also be filed in the case that an eligible applicant has submitted a request for reconsideration and disagrees with the results. The applicant will be provided with a notice of their right to appeal, and instructions for the process of filing an Informal Appeal.

A party requesting a DEO informal appeal must file a written request for informal appeal not later than 30 days after the date of the decision of reconsideration request or when notice has been provided.

The written request for an informal appeal can be sent via email, fax or mail:

4. Following the conclusion of the hearing, a final written decision will be issued by the Hearing Officer based on the merits of the case, testimony of the applicant, additional documentation and program policy and procedure.
 - A. The final decision will be mailed using delivery confirmation to the applicant within 30 days following the hearing.
5. The Hearing Officer will update the applicant's record and eligibility status in SERA to approve or reject the applicant from moving forward in the process.

Fair Housing

	<p>Title VIII of the Civil Rights Act of 1968, as amended, makes discrimination based on race, color, religion, sex, handicap, familial status, or national origin illegal in connection with the sale or rental of most housing and any vacant land offered for residential construction or use.</p>
---	--

OLTR is committed to affirmatively furthering fair housing through the established affirmative marketing policies summarized below. The goal is to ensure that eligible persons from all racial, ethnic, national origin, religious, familial status, the disabled, “special needs,” gender groups, and populations least likely to apply for assistance are given the opportunity to rehabilitate their rental property that sustained damages due to Hurricane Irma and/or its after effects.

1. In accordance to the affirmative marketing policies and procedures, program participants will be informed about available opportunities and supporting requirements via counselors, printed and electronic materials, publications, direct contact, workshops/seminars, and through the placement of flyers and posters in public facilities.
2. The Rebuild Florida Housing Repair and Replacement Program (HRRP) will conduct marketing through widely available media outlets. Efforts will be taken to affirmatively market the Rebuild Florida program as follows:

 - B. Reach out to public or non-profit organizations under the Fair Housing Act.
 - C. Conduct other form of outreach tailored to reaching the eligible population, including door to door outreach if necessary.
3. Applications and forms will be offered in English and Spanish. In addition, every effort will be made to assist Limited English Proficiency (LEP) potential applicants in the application process.
4. Measures will be taken to make the program accessible to persons who are considered members of a protected class under the Fair Housing Act by holding informational meetings in buildings that are compliant with the Americans with Disabilities Act (ADA), providing sign language assistance when requested (with a three-day notice), and providing special assistance for those who are visually impaired when requested (also with a three-day notice).
5. All marketing measures used, including copies of all advertisements and announcements, will be documented and retained and made available to the public upon request.
6. HRRP will use the Fair Housing logo in program advertising, post Fair Housing posters and related information, and, in general, inform the public of its rights under Fair Housing regulations.

Public Record Requests

Pursuant to Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, the Department of Economic Opportunity is subject to the Florida Public Records Law. Accordingly, unless an exemption exists, all records produced or received pursuant to law or in connection with the official business of the Department can be requested and provided for inspection. All Public Records requests will be processed in accordance with DEO Administrative Policy 1.06, Processing Public Records Requests.

A Public Records Request may be verbal or take any form (e.g., email, written correspondence, in-person). The Public Records Act does not require that requests be in writing, comply with a certain form or have any specific content. A public records request may come from a member of the media, the general public, an employee, or any other individual. DEO cannot mandate receipt of the name of the requestor or purpose of the request in order to fulfill the Public Records Request.

A Public Record is defined as all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance, or in connection with the transaction of official business by any agency.

Public records include all things made or received in connection with DEO business. All such materials, electronic and on paper, regardless of whether they are in draft or final form, are open to public inspection unless exempt or confidential.

A revision to Chapter 119 went into effect on July 1, 2020 per Senate Bill 966 from the 2020 Florida State Legislature regular session that directly effects the Department of Economic Opportunity and its disaster recovery programs.

As a general matter, all Program related information is subject to Florida's public records laws, which may be viewed by anyone upon request. There are limited exemptions to Florida's public record laws. The following list of exemptions are applicable to the Rebuild Florida Program:

- Social security numbers; and/or
- Bank account numbers; and/or
- Documentation related to ongoing litigation and legal negotiations; and/or
- Limited proprietary information; and/or
- Certain persons in qualifying categories, E.G. active or former sworn or civilian law enforcement personnel; current or former firefighters certified in compliance with s.633.408; current or former justices of the Supreme Court, district court of appeal judges, circuit court judges, and county court judges; current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors.

Senate Bill 966 retained the above exemptions, and expanded exemptions to include the following "Other Personal Information" relative to information held by the Department of Economic Opportunity, et al:

- Medical history records and information related to health; and/or
- Information related to property insurance; and/or
- Property photographs; and/or

The above items, personal identifying information (information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual), are considered confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution per Senate Bill 966.

To read Senate Bill 966 in its entirety, go to: <https://www.flsenate.gov/Session/Bill/2020/966/BillText/er/PDF>

As an agent of DEO and all subcontractors and employees are subject to Florida Public Record laws. All project documents and communications, even in draft form, are considered public records including, but not limited to, policies, training material, letters, emails, memos and texts. Any document or communication related to the project, that are not exempt, is a public record.

The Public Record Coordinator is the person appointed by DEO charged with the responsibility of maintaining the Office of Public Records, including processing and tracking public record requests. The Public Records Coordinator is responsible for overseeing DEO's compliance with public record/open government requirements and maintains a complete record of all DEO public record requests and corresponding disclosures. The Public Records Coordinator also serves as the primary liaison between DEO and the Office of Open Government in the Executive Office of the Governor.

The Office of Long-Term Resiliency's Constituent Services Management Lead will act as a Public Record Division Liaison and is the primary contact for all public record requests regarding the Office of Long-Term Resiliency/Rebuild Florida Program.
