
DEO Communiqué

DATE: August 27, 2013

TO: Workforce Florida, Inc., and Regional Workforce Boards

FROM: Lois A. Scott, Program Manager, One-Stop and Program Support

SUBJECT: Adjusted Lower Living Standard Income Level (LLSIL) Wage Rates for 2013

PURPOSE:

The following table converts the 2013 Lower Living Standard Income Level (LLSIL) for a family of three issued by the U.S. Department of Labor to an hourly wage. This 2013 LLSIL hourly wage is then adjusted for each workforce region using the Florida Price Level Index (FPLI), which measures the relative costs of maintaining a given standard of living across the Florida counties served by the Regional Workforce Boards (RWB). The table includes the adjusted values for the prior year for informational purposes.

The hourly wage rates are used as baseline data in state-generated performance reports such as the monthly management report and may be used by RWBs for other purposes such as the locally required definition for employment that leads to self-sufficiency.

ACTION REQUIRED:

This information should be shared with staff and other interested parties.
