Executive Summary

I. Organizational Structure

The elected officials entered into a Consortium Agreement which describes how they shall execute their duties and responsibilities. The Consortium Agreement was amended on January 28, 2016, at a publically noticed regularly scheduled combined elected officials and workforce board meeting to incorporate their WIOA responsibilities.

CSBD serves as staff to the local board and also as the fiscal agent. There is an agreement in place between the Board and the CSBD Council of Elected Officials. In accordance with the requirement that firewalls are to be in place to guard against conflict of interest, the Board, the CSBD Council of Elected Officials and CSBD have also implemented the following safeguards:

1. We have adopted a code of conduct applicable to the Board and to CSBD employees in accordance with the Uniform Guidance found at 2 CFR 200.
2. Because CSBD is a political subdivision under Florida Statutes 163.01, staff, the Board and the CSBD Council follow state statutes with respect to the application of conflict of interest policies, in accordance with the Florida state statutes and the code of ethics for public officials, and files Form 8B as required whenever there is a conflict, which arises in conjunction with a contract to be entered into by CSBD, or its governing boards.
3. CSBD follows the State Contracting Policy regarding conflict of interest, which is echoed by the Uniform Guidance that requires CSBD as a sub-recipient to notify the state (recipient) in the event of a conflict.
4. All issues concerning conflict of interest of board members or staff are also noted in the minutes of the meeting at which a vote is taken.
5. The BWDB has appointed an Audit Committee, which reviews all budget, monitoring and monetary issues.
6. CSBD contracts for external monitoring. All monitoring reports, state and external reports, as well as the annual audit appear on the Audit Committee Agenda and on the joint CSBD Council of Elected Officials and BWDB Board Regular Meeting Agendas for acceptance or action as appropriate.

Currently, CSBD procures a staffing company to manage and staff the one-stop career centers. CSBD will continue to use the staffing company model for the delivery of WIOA Title I adult and dislocated worker services and for the delivery of career services under

any discretionary grants received. EmpHire Staffing is the staffing agency that was competitively procured to provide the staff who delivers the career services.

CSBD procured and contracted with a one-stop operator, Workforce Guidance Associates, LLC., to coordinate services among the partners.

II. Analysis of Need and Available Resources

This section provides an analysis of existing and emerging in-demand industry sectors and occupations, along with the knowledge and skills needed to meet the needs of the employers in the workforce area.

All youth program elements are available to youth as part of a menu of services based on their objective assessment and Individual Service Strategy (ISS). The 14 elements identified by WIOA are available to youth on an as-needed basis through our contracted youth services providers. CSBD continues to contract with out-of-school youth service providers using three different service models 1) Navigator, 2) Vendor and 3) Traditional Full Service.

CSBD combines funds provided by the CSC and various local units of government to serve an estimated 600 – 800 at-risk and low-income youth, ages 16 – 18, during the summer months. WIOA funds, when available, may be used to serve youth with employability skills and a work experience. Welfare Transition Program funds, when available, may serve youth through age 24 with employability skills and a work experience.

III. Local Workforce Development Area Vision and Strategic Goals

The Plan includes a description of the workforce development activities in the local workforce area, an analysis of the strengths and challenges experienced in the delivery of the services, and the capacity to provide services to meet the education and skill needs of job seekers and the employment needs of local employers.

The core partners all have seats on the BWDB as required by law and also serve on Board committees. CSBD has entered in a Memoranda of Understanding with both our core and legislative partners. Because of the presence of our core partners on the board and BWDB committees, they are a part of the decision-making process.

IV. Coordination of Services

To expand our function as strategists and community conveners to hear “the voice of the customer” on the workforce needs of Broward County, we participate in community and business initiatives to harness the expertise that exists within the local workforce area. The intent of our participation in these collaborative efforts is to meet local workforce area development needs, coordinate services as well as to find solutions for special

populations with barriers to employment. Recommendations from the meetings move on to our governing boards, culminating in the roadmap, which are both incorporated into this workforce services plan and also into a strategic planning matrix, as applicable to each of the board's committees, so that the members can work on the objectives throughout the year.

As is required by WIOA, secondary and post-secondary education is represented on the Board. This provides an opportunity for education to be aware of and have input into Board initiatives and activities. Education representatives are also invited to business forums so they can hear directly from the business community with respect to training needs and skills gaps. The Plan identifies the advantages of a single school district, technical college and community district has when working to meet employer and student needs.

V. Description of Local One-Stop System

All required partners are co-located in the CSBD career centers. The partners make their core services available through the one-stop centers. All one-stops are American with Disabilities Act (ADA) compliant. Integrated Resource Teams (IRT) are assembled for special needs individuals. Each center has a Disability Specialist assigned to assist these customers with using the assistive technology, or to schedule an interpreter as needed. CSBD assistive tools include: screen readers, screen magnifiers, JAWS software, bigger keyboards, and a specialized mouse. Staff is trained annually on disability etiquette and serving customers with disabilities.

CSBD has also hired staff to go out into the distressed communities to bring them information about CSBD services and also to bring our workshops to where the customers live. WIOA allows local boards to set the rate of reimbursed for OJT up to 75%. CSBD's OJT reimbursement rate is 75% straight-time wage reimbursement for all employers, including those with 251 or more employees that are located in a distressed zip code or opportunity tax zone. As job seekers work close to their homes, especially in distressed communities, it makes sense to offer this type of reimbursement to these employers instead of basing it on job seekers' characteristics, which could be discriminatory.

VI. Description of Program Services

The one-stop system provides access to the career services, as required by WIOA section 134 and integrates Wagner-Peyser, Veterans, RA and RESEA, WIOA Title I, TAA, WT/TANF, SNAP Employment and Training, Vocational Rehabilitation, Adult Education and Family Literacy Act funding streams and programs.

A key CSBD partnership with the Greater Ft. Lauderdale Alliance helps to prioritize industry clusters through sharing types of businesses relocating to our local workforce area. CSBD also reviews various industries' hiring demands, references Enterprise Florida's Statewide Strategic Plan along with the Florida Chamber Foundation's Six Pillars of Florida's Future Economy™.

Intermediaries are utilized to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations expanding its service delivery to employers.

To comply with the WIOA priority emphasis to recipients of public assistance, low-income, and basic skills deficient job seekers and USDOL ETA TEGL 3-15, guidance CSBD has included the following priorities of service:

ADULT PRIORITIES

1. Veterans and eligible spouses who are WIOA eligible and who also have one of the barriers in the priority list which follows.
2. Individuals who are not veterans or eligible spouses, but who have any one or more of the barriers in the priority list which follows.
3. Veterans and their eligible spouses who do not have any of the barriers listed as a WIOA priority in the chart below including:
 - a. Military spouses who have lost employment as a direct result of a relocation to accommodate a permanent change in duty station of the spouse.
 - b. Military spouses who are a dependent spouse of a member of the Armed Forces on active duty whose family income is significantly reduced, as determined by the State or local area, because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the service member.
 - c. Military spouses who are unemployed or underemployed and are experiencing difficulty in obtaining or upgrading employment.
4. Individuals who are not veterans and do not have any of the adult barriers listed below.

The barriers referred to in the Adult Priorities chart are the barriers listed in WIOA, paragraph 24 (3) and below in alphabetical order and are defined pursuant to WIOA.

1. Disabled Individual
2. Displaced homemaker
3. Ex-Offender
4. Foster Care – dependent youth or who have aged out of the dependency system
5. Homeless or Runaway
6. Indian, Alaska Native, and Native Hawaiian as defined in WIOA Section 166
7. Individuals facing a substantial cultural barrier

8. Individuals within 2 years of exhausting lifetime eligibility under the Welfare Transition Program
9. Long-term unemployed individual (unemployed and looking for work 27 weeks or more)
10. Older individual
11. Migrant and seasonal farm worker
12. Single parent (including single pregnant women)

In addition to these priorities, customers must also meet income eligibility based on the BWDB Self-Sufficiency guidelines.

Dislocated workers have their own eligibility criteria.

CSBD supports the use of registered apprenticeships to enhance employment opportunities for job seekers. CSBD meets periodically with Atlantic Technical College to discuss additional ways we can partner to expand apprenticeship opportunities. CSBD added all the apprenticeships in Broward County to its ITA List, which is available to job seekers. CSBD has two representatives on its Board that provide training in the apprenticeship arena, which helps to enhance the awareness of apprenticeships and their use.

CSBD is providing entrepreneurial training to Broward County residents interested in starting their own businesses.

In PY 18-19, CSBD was awarded two CareerSource Florida Apprenticeship Grants; one is a pre-apprenticeship training in construction and the other is apprenticeship training in the IT industry. Thirty-five (35) youth completed pre-apprenticeship training in administration, construction, culinary arts and horticulture. CSBD has also placed seven (7) individuals in a construction apprenticeship program with the Fort Lauderdale Housing Authority. In PY 19-20, CSBD was awarded a CareerSource Florida Apprenticeship Grant in the Marine Industry.

In addition to the Youth Program eligibility, CSBD wanted to expand the universe of youth able to be served under WIOA the One Stop Services Committee reviewed the current definition of “requires additional assistance.” Their recommendations were approved for inclusion in the plan by the CSBD governing boards as follows:

CSBD is defining the term “requires additional assistance” (for OSY) to enter or complete an educational program or to secure or hold employment as having low income (as referred by law) and one of the barriers listed below:

1. Historical or current personal or family substance abuse
2. Gang involved, affiliated, or affected due to family member involvement
3. Victim of abuse or domestic violence or family history of abuse or domestic violence

 - b. Their having been employed in three (3) or more jobs within the last 12 months, and who is no longer employed or,
 - c. A youth who has actively been seeking full-time employment for at least two (2) months, but remains unemployed, or employed part-time. Includes a youth with no employment history.

VII. Public Comment Process

In accordance with the WIOA regulations, which require local areas to establish a public comment process consistent with state direction, CSBD made available this plan to the public on its website on 02/10/2020 with notice advising the community of the public hearing to solicit their comments on CSBD's WIOA Local Plan.

A public hearing was held on 02/12/2020, pursuant to an advertised notice. Present at the public hearing and representing was CSBD's Quality Assurance and Executive Office staff.

A draft of the proposed CSBD Local Plan was posted on the CSBD website on 2/10/2020, and the public had 30-days to submit comments, including at its publicly held hearing on 02/12/2020.

Entities represented on the Broward Workforce Development Board and its committees, which include economic development, public and private education, veterans groups, community based organizations, chambers, entities representing the disabled, to name a few provided input to the plan by appearing at committee and board meetings to share their thoughts and recommendations regarding the local workforce system.

CSBD also held a planning "retreat" to solicit ideas for the plan in November 2019. Questions were formulated as a guide for the Board members, which centered on how to make our services more accessible to employers and job seekers, and enhance the effectiveness of CSBD.

INTRODUCTION

These guidelines provide direction for local plans submitted [under Public Law 113-128, the Workforce Innovation and Opportunity Act \(WIOA\)](#). WIOA requires each local workforce development board (LWDB) to develop and deliver to the state a comprehensive four-year plan. These plans must be submitted in partnership with the chief elected official. Regulations require states and LWDBs to regularly revisit and recalibrate state plan strategies in response to changing economic conditions and workforce needs of the state ([20 CFR, Unified and Combined Plans Under Title I of the Workforce Innovation and Opportunity Act, §676.135](#)).

The law emphasizes the importance of collaboration and transparency in the development and submission of local plans. Affected entities and the public must have an opportunity to provide input in the development of the plan. Local boards must make the plan available electronically and in open meetings to ensure transparency to the public.

Local workforce development boards provide leadership and should seek broad stakeholder involvement in the development of their local plan. Local elected officials, local workforce development board members, core program partners and mandatory one-stop partners are an integral part of the planning process. WIOA encourages an enhanced, integrated system by including core programs in its planning and performance requirements. Each plan addresses how the LWDB coordinates service delivery with core programs of the Division of Vocational Rehabilitation, the Division of Blind Services and the Division of Career and Adult Education.

Each plan is based on current and projected needs of the workforce investment system, with an increased emphasis on coordination and collaboration at all levels to ensure a seamless system for employers and job seekers, including those with disabilities. Local plans identify the education and skill needs of the workforce and the employment needs of the local area. Plans include an analysis of the strengths and weaknesses of services provided to address identified needs. Assessments include the best available information, evidence of effectiveness, and performance information for specific service models and a plan to improve program effectiveness by adopting proven or promising practices as a part of the local vision. LWDBs provide a comprehensive view of the systemwide needs of the local workforce development area.

Local plans address how LWDBs foster strategic alignment, improve service integration and ensure the workforce system is industry-relevant, responding to the economic needs of the local workforce development area and matching employers with skilled workers. Services described in local plans should lead to greater efficiencies, reduce duplication, and maximize financial and human resources. These plan guidelines require LWDBs to address current and future strategies and efficiencies to address the continuous improvement of Florida's workforce system and its focus on customer service excellence.

Local plans should align with CareerSource Florida's business and market-driven principles to be the global leader for talent. These principles include:

- Increasing the prosperity of workers and employers
- Reducing welfare dependency
- Meeting employer needs
- Enhancing productivity and competitiveness

The Plan addresses how CareerSource Broward will foster strategic alignment, improve service integration and ensure that the workforce system is industry-relevant; responding to the economic needs of the local workforce development area and matching employers with skilled workers. The Plan outlines how CSBD through its governing boards will make decisions regarding the investment of workforce resources to improve the lives of its citizens and residents. These decisions are always guided by efforts to reduce duplication and maximizing financial and human resources. Our Plan also aligns with the business- and market-driven principles of the CareerSource Florida network.

To meet the State of Florida's principles as listed below, CSBD has adopted the following initiatives in addition to services and activities available:

- Increasing the prosperity of workers and employers
 - By providing training in target occupations that will increase the wages of participants while meeting employer's skill needs.
- Reducing welfare dependency
 - By partnering with the education system and economic development to bring services to the distressed community.
 - By using Welfare Transition Program Funds to expand opportunities for welfare recipients so that they do not return to the rolls once they enter transition.
 - By recognizing that many recipients look for alternative training that allows them to care for their children and providing options through the eligible training provider course list that meet welfare recipient requests and needs.
- Meeting employer needs
 - By using updated marketing tools.
 - By assessing employer hiring and training needs and making it a priority for staff to meet and fill those needs.
- Enhancing productivity and competitiveness
 - Through the adoption of continuous improvement principles to increase productivity, efficiency and competitiveness.

CSBD works at emphasizing the critical nature of workforce development in maintaining a prosperous local economy by working closely with:

- Public and private education
- Economic development

- Industry associations
- Chambers of commerce
- Local municipalities
- The one-stop partner agencies
- Community-based organizations.

CSBD participates in workforce area-wide initiatives targeting common goals, ensuring that the workforce area, encompassing Broward County, the second most populous County in the state, provides a quality lifestyle and prosperity to its citizens, residents and businesses.

CAREERSOURCE BROWARD'S VISION FOR IMPLEMENTING THE WORKFORCE INNOVATION AND OPPORTUNITY ACT

As stated in the final WIOA regulations at 20 CFR 300:

“The vision for the Local WDB is to serve as a strategic leader and convener of local workforce development system stakeholders. The Local WDB partners with employers and the workforce development system to develop policies and investments that support public workforce system strategies that support regional economies, the development of effective approaches including local and regional sector partnerships and career pathways, and high quality, customer centered service delivery and service delivery approaches.”

In implementing the Workforce Innovation and Opportunity Act (WIOA), the CSBD governing boards incorporated the WIOA vision as stated above and integrated the CareerSource Florida principles. CSBD's approach has been to allow its goals to be business-led, market-driven, results-oriented and coordinated.

Florida's strategic vision for WIOA implementation is realized by accomplishing these three goals:

- Enhance alignment and market responsiveness of workforce, education and economic development systems through improved service integration that provides businesses with skilled, productive, and competitive talent and Floridians with employment, education, training and support services that reduce welfare dependence and increase opportunities for self-sufficiency, high-skill and high-wage careers and lifelong learning.
- Promote accountable, transparent and data-driven workforce investment through performance measures, monitoring and evaluation that informs strategies, drives operational excellence, leads to the identification and replication of best practices and empowers an effective and efficient workforce delivery system.
- Improve career exploration, educational attainment and skills training for in-demand industries and occupations for Florida youth that lead to enhanced employment, career development, credentialing and post-secondary education opportunities.

CSBD considered the CareerSource Florida goals:

Through the implementation of the Workforce Innovation and Opportunity Act (WIOA), CareerSource Broward has a business-led, market-responsive, results-oriented and integrated workforce development system. The enhanced system will foster customer service excellence, seek continuous improvement, and demonstrate value by enhancing employment opportunities for all individuals, including those with disabilities. This focused and deliberate collaboration

among education, workforce, and economic development networks increases economic prosperity by maximizing the competitiveness of Florida businesses and the productivity of Florida's workforce.

As can be seen from the Vision and Mission adopted by the BWDB and the CSBD Council, the CSBD governing boards, we are aligned with CareerSource Florida.

ADMINISTRATIVE ENTITY: CareerSource Broward (CSBD)

CSBD is the entity created through the inter-local agreement entered into between the local workforce area governmental units, the Cities of Hollywood and Fort Lauderdale and Broward County, pursuant to the Florida Statutes under section 163.01 (7), which provides for the creation of an administrative entity to carry out the purposes of the inter-local Agreement. The Council of Elected Officials and the BWDB hold joint, regularly scheduled monthly meetings. This results in unified planning and consistent coordinated implementation of the governing boards' policies.

In accordance with the requirement that firewalls are to be in place to guard against conflict of interest, the Board, the CSBD Council of Elected Officials and CSBD have also implemented the following safeguards:

1. We have adopted a code of conduct applicable to the Board and to CSBD employees in accordance with the Uniform Guidance found at 2 CFR 200.
2. 3. CSBD follows the State Contracting Policy regarding conflict of interest, which is echoed by the Uniform Guidance that requires CSBD as a sub-recipient to notify the state (recipient) in the event of a conflict.
4. All issues concerning conflict of interest of board members or staff are also noted in the minutes of the meeting at which a vote is taken.
5. The BWDB has appointed an Audit Committee, which reviews all budget, monitoring and monetary issues.
6. CSBD contracts for external monitoring. All monitoring reports, state and external reports, as well as the annual audit appear on the Audit

Committee Agenda and on the joint CSBD Council of Elected Officials and BWDB Board Regular Meeting Agendas for acceptance or action as appropriate.

CSBD's One-Stop Operator is Workforce Guidance Associates, LLC.

(4) Please provide an analysis of the workforce development activities (including education and training) in the local area, including an analysis of the strengths and weaknesses of such services and the capacity to provide such services, to address the identified education and skill needs of the workforce and employment needs of employers in the local area (WIOA §108(b)(1)(D) and WIOA §108(b)(7)).

The BWDB and Chief Elected Officials, in collaboration with the one-stop center staff, together updates and assesses their strengths and weaknesses periodically, as needed. In this way, the BWDB assures that input into their goals and objectives mirrors the Deming philosophy, which incorporates feedback from frontline staff and customers.

Prior to the board's annual planning meeting, the one-stop career center staff get together and conducts an organizational planning session, which starts a review of the prior year's goals and objectives with the goal of continuous improvement, streamlining and improving customer services, and increasing performance.

If a SWOT analysis is needed, one-stop career centers recommended goals and objectives, which are considered with the Chief Elected Officials and Board's annual review of its vision, mission, and strategies for the following year.

As the convener and facilitator of workforce stakeholders in the workforce area, the board through its staff previously held seven Employer Forums in the following industries, during the beginning stages of WIOA implementation:

- Automotive
- Life Sciences
- Marine
- Aviation/Aerospace
- International Trade and Logistics
- Hospitality and Tourism, and;
- Construction.

In addition, we aligned our board strategic planning matrices with workforce area's economic development strategic plan, called Broward County Six Pillars Community Plan. This plan was created by more than 350 Broward County business, civic, academic and government leaders, volunteers and community residents. Six Pillars is meant to help communities prosper and create high paying jobs by developing and implementing a visioning process through 2030.

The Six Pillars framework is the product of collaboration, research, and analysis by the Florida Chamber Foundation, working with many other partners. It reflects an environmental scan and identifies the critical factors determining Florida's future and that of its communities. They are as follows:

1. Talent Supply & Education
2. Innovation & Economic Development
3. Infrastructure & Growth Leadership

4. Business Climate & Competitiveness
5. Civic & Governance Systems
6. Quality of Life & Quality Places

With a focus on creating attracting, expanding and retaining high wage jobs, CSBD previously established employer forums to understand their pain points. The forums included representatives from industry, education, economic development, social service and government. As a result of our employer forums, we were able to collect information relating to:

1. Available jobs and companies' plans for future hiring; and,
2. The skills job seekers need to be competitive and any existing skills gaps.

The forums provided a basis for the board to facilitate a continuing collaborative environment for employers and education to guide curriculum development. It also provided the opportunity for outreach to new employers, as well as existing CSBD employer customers, to receive information about CSBD services.

Annually, we hold a public meeting to review the region's proposed Targeted Occupations List. We invite eligible training providers, industry associations, our industry intermediaries and other stakeholders to provide their input. We use this forum to determine 1) if there are occupations on the list that should not be and 2) if there are occupations that are not on the list that should be. Recommendations from this review are brought to the Chief Elected Officials and Board for their consideration and approval. Thereafter, throughout the program year, we review the list on quarterly basis to be responsive to emerging or changing local workforce development needs.

We partner with VR and the Division of Blind services in order to continuously increase opportunities for those with disabilities. We seek out the input of VR and the Division of Blind Services whenever the opportunity arises as well as through the many events and committees on which we are jointly represented. In addition, the Senior Quality Assurance Analyst, who serves as the supervisor of the disability programs, coordinates activities to ensure accessibility in the one-stop centers and in our programs. CSBD is one of 17 Florida LWDBs, designated as Employment Networks by the Social Security Administration, enabling our participation in the federally funded Ticket to Work program.

Through Ticket to Work, recipients of Social Security Disability Insurance and/or Supplemental Security Income receive priority assistance, such as job search, career planning and skill building to enhance their efforts to find and retain a job and work toward becoming self-sufficient. CSBD is ranked the #1 workforce development board Employment Network in the country.

- (5) Please provide a description and assessment of the type and availability of adult and dislocated worker employment and training activities in the local area (WIOA §108(b)(7)).

CSBD one-stop center jobseekers can access a wide array of integrated employment, training and WIOA partner services. WIOA Success Coaches provide eligible job seekers with basic and individualized services.

The type and availability of adult and dislocated worker employment and training services and activities range from information about careers and the local labor market, job search assistance, case management, and assessments, such as, but not limited to, the following:

- TABE
- eSkills
- CareerScope
- TORQ
- Employ Florida, and CareerOneStop
- Workshops that teach:
 - basic PC skills
 - resume writing
 - interviewing
 - social media and related networking
 - financial stability
 - soft skills and job readiness
 - advanced job search techniques; and

Further, CSBD provides a variety of training services, such as:

- Occupational skills training
- On-the-job training
- Work experience/Internship

- Customized training, and adult education and literacy in combination with other training services, such as IWT, and;
- Rapid response and supportive services to assist individuals participating in employment and training activities.

These activities assist individuals to acquire and retain jobs, establish a work history, develop occupational and soft skills, and progress and get promoted in the workplace.

The type and availability of adult and dislocated worker employment and training services are assessed continuously in a variety of ways, ranging from customer satisfaction surveys to outcome metrics that can be analyzed to determine placement rate, time to placement, cost per placement, training related placements, earnings at placement and employment retention. Process changes, brainstorming, and root cause analysis are frequently used techniques for continuous improvement.

Selection of training providers and courses of training, as well as the removal of training providers from the Eligible Training Provider List, is done through a review process established by the CSBD governing boards and include staff and board committees. In addition, CSBD staff holds provider meetings to hear from training providers and to disseminate information to continuously improve the system, increase training-related placements, and meet the skill needs of local employers.

- (6)** Please provide a description and assessment of the type and availability of youth workforce investment activities in the local area, including activities for youth who are individuals with disabilities. The description and assessment must include an identification of successful models of such youth workforce investment activities (WIOA §108(b)(9)).

All youth program elements are available to youth as part of a menu of services based on their objective assessment and Individual Service Strategy (ISS). The fourteen elements identified by WIOA are available to youth on an as needed basis through our contracted youth services providers.

Out-of-school youth services are provided using 3 different service models: 1) Navigator, 2) Traditional Full Service and 3) Vendor. The following is a description of each model:

1) Navigator Model

Navigators are staff imbedded in an already existing community-based program serving eligible out-of-school youth, thereby reducing the caseload of the primary case manager for those youth and providing employment-related services to youth. Navigators serve as specialized WIOA case managers for up to 12 - 15 youth. The youth are provided with intensive “round the clock” holistic services, including comprehensive guidance and counseling as needed, paired with other activities that result in the desired WIOA outcomes for the youth.

2) Traditional Full-Service Model

The program design of the traditional full-service model gives youth the opportunity to participate in the 14 WIOA youth elements beginning and ending around the same time. Program designs are based on research and/or replication of a successful model to include:

1. Enrollment into post-secondary school/training resulting in:
 - a. The attainment of a recognized post-secondary credential and,
 - b. Placement into unsubsidized employment; **or**,
2. One-on-one tutoring, which may also include computer assisted instruction for youth resulting in the attainment of a high school diploma/credential followed by placement into unsubsidized employment or into post-secondary school; **or**,
3. Workplace preparation, including employability and soft skills, and placement into unsubsidized employment.

All program designs under this model include a paid work experience tied to the youths’ career pathway and employability skills.

3) Vendor Model

Contracted youth vendors deliver the WIOA youth elements on a one-by-one or small group basis. Providers contracted as Navigators or as Full-Service Providers refer youth to vendor services, as needed, as determined by the youth’s Success Coach. Vendors provide services for youth participants to include:

- Tutoring at the high school and post-secondary level
- Leadership development training, and
- Financial literacy and entrepreneurial training.

All program models include activities to serve youth with disabilities. Given the heightened emphasis on the provision of service to students and youth with disabilities under WIOA, CSBD is a vendor for Vocational Rehabilitation (VR) to provide pre-employment training for transition youth. The VR Transition Youth program offers youth with disabilities opportunities to gain work experiences that help them prepare for successful employment. CSBD is also a vendor of VR providing benefits planning for youth receiving SSI or SSDI to explain to them: 1) how working could affect their benefits; 2) how they would make more money working than receiving benefits; and 3) what Social Security work incentives they may be eligible to receive. Additionally, youth receiving SSI or SSDI are also enrolled in our Ticket to Work program.

CSBD funds out-of-school youth programs and activities through providers selected following a competitive procurement. CSBD youth providers include:

1. Broward County Public Schools (BCPS).

BCPS is the Adult Literacy provider for Broward County. It is an out-of-school youth program targeting youth in GED and providing them with:

- Tutoring
- Career pathways assessments, and
- Placement into a work experience or on-the job training through attainment of the GED followed by placement into post-secondary school, apprenticeship, advanced training, the military or unsubsidized employment.

2. Broward College

Broward College is replicating the “Get Real” program, serving out-of-school youth, providing them with a community within the college and enrolling high school graduates who are not in school at the time of recruitment into a literacy and math boot camp, followed by enrollment into post-secondary occupational skills training at the college, including apprenticeship training funded through a discretionary grant from the US Department of Labor.

3. Fort Lauderdale Independence Training & Education (FLITE) Center

The FLITE Center is a Community-Based Organization (CBO) that serves foster care youth and other vulnerable, at-risk youth. FLITE is funded to provide intense case management to WIOA eligible out-of-school youth transitioning to independent living or youth who are vulnerable and at-risk.

4. HANDY

HANDY is a CBO that serves all categories of barriered out-of-school youth, such as:

- Ex-offender youth
- Foster care youth
- Homeless youth, and
- Runaways and disaffected youth.

HANDY is funded to provide intense case management to WIOA eligible out-of-school youth transitioning to independent living.

5. Center for Independent Living (CIL)

CIL is a CBO that serves youth with disabilities. CIL is funded to provide intense case management to WIOA eligible out-of-school youth who have a disability.

6. Tutoring

CSBD has also secured quotes from businesses that provide tutoring services. Tutors are available to youth in post-secondary school as determined by the youth in coordination with their case manager.

7. Vocational Rehabilitation (VR)

CSBD is a vendor of VR providing employability skills to youth with disabilities and working with the youth to provide placement assistance, as needed, into unsubsidized jobs. CSBD is also a vendor of VR providing benefits planning for youth receiving SSI or SSDI to explain to them: 1) how working could affect their benefits; 2) how they would make more money working than receiving benefits; and 3) what Social Security work incentives they may be eligible to receive. CSBD has

been working with VR to establish a partnership serving VR in-school youth participants and dual enrolling them into WIOA to provide complementary services.

8. Summer Youth Work Experience Programs

CSBD combines funds provided by the CSC and various local units of government to serve an estimated 600 – 800 at-risk and low-income youth, ages 16 – 18, during the summer months. WIOA funds, when available, may be used to serve youth with employability skills and a work experience. Welfare Transition Program funds, when available, may serve youth through age 24 with employability skills and a work experience. CSBD is working on soliciting funds from the private sector to support youth in a summer internship. CSBD has received Community Development Block Grant funds from Broward County and the City of Fort Lauderdale, two of the members of the CSBD Council of Elected Officials, as well as from a number of other cities and entities to support additional slots in the CSBD summer youth employment program.

There are approximately 19,000 opportunity youth in the workforce development area. WIOA and other grants allow us to serve approximately up to 1,500 youth annually, if we include youth served during the summer program. As a result, CSBD seeks ways in which to expand services to this population. In any given year, depending upon the WTP caseload and their needs, CSBD may decide to operate a year-round program for youth at risk of needing welfare services in the future. Using scholarly research from the Center for Law and Social Policy, Manpower Development Research Corporation and similar entities, CSBD will develop policy for identifying youth at-risk of needing welfare services for purposes of any program its governing boards may wish to fund.

CSBD is not a provider of youth services, although it is now allowed under WIOA. However, depending upon provider performance, funding, and discretionary grant awards, CSBD may decide to provide youth services directly or through the one-stop in the future.

WORKFORCE DEVELOPMENT AREA VISION AND STRATEGIC GOALS

- (1) Describe the local board's strategic vision and goals for preparing an educated and skilled workforce (including youth and individuals with barriers to employment), including goals relating to primary indicators of performance described in WIOA section 116(b)(2)(A) to support regional economic growth and economic self-sufficiency (WIOA §108(b)(1)(E)).

The BWDB's Vision

To be the premier workforce agency facilitating better jobs and providing quality workers that enhances the quality of life and builds a sustainable economy for Broward County.

The BWDB's Mission

To provide innovative solutions through the professional delivery of quality services, which consistently and effectively meet workforce needs.

The CSBD governing boards meet annually to review and update their Vision, Mission and Goals. A part of the planning process includes an analysis of the local workforce area's economic conditions. The workforce board considers:

1. Existing and emerging in-demand industry sectors and occupations.
2. The employment needs of employers in those sectors & occupations.
3. The knowledge and skills needed to meet the employment needs of the employers in the local workforce area, including employment needs of in-demand industry sectors and occupations.
4. The workforce in the local workforce area, current labor force employment and unemployment data, information about labor market trends, and the educational and skill levels of the workforce in the region.
5. The workforce needs of individuals with barriers to employment.
6. The workforce development activities, including education and training in LWDA 22, as well as an assessment of such services, and the capacity to provide such services, to address the identified education and skill needs of the workforce and the employment needs of local employers.

In 2011, more than 350 local workforce area business, civic, academic and government leaders, volunteers and community residents began the process of developing a strategic visioning plan through the year 2030, using the Six Pillars framework of the Florida Chamber Foundation as a strategic planning tool.

The Six Pillars Plan, which was launched in October 2012 sets goals through 2030, is meant to help communities prosper and create high paying jobs through 22 goals and 82 strategies. The CSBD President/CEO Co-Chairs the Talent Supply & Education Committee. The CSBD governing boards have aligned the Six Pillars workforce goals into their strategic goals, which objectives and strategies are identified based on their annual planning session, and assigned to the Board's committees for implementation for the next year. The Six Pillars goals can be accessed at <https://careersourcebroward.com/about-us/board-documents-presentations>.

- (2)** Describe the local area's strategy to work with entities that carry out the core programs to align resources available to the local area to achieve the strategic vision and goals established by the local board.

The core partners all have seats on the BWDB and sit on the Board's committees. CSBD has entered in a Memoranda of Understanding with both our core and legislative partners. Because of the presence of our core partners on the board and BWDB committees, they are a part of the decision-making process.

A key goal of the CSBD governing boards is to coordinate services with respect to mutual participants and to strengthen referrals among the partner programs. Since a one-stop operator has been selected by the CSBD governing boards, the one-stop operator is charged with scheduling meetings on an on-going basis with the core and legislative partners to further these goals and make them part of our everyday standard operation and to help meet our mission and vision.

As the core partners also share performance measures with CSBD, a special assignment for the one-stop operator is to strategize with the core partners on how to assist each other in the delivery of the performance measures.

Strategies include:

1. Referrals to the WIOA adult program following adult participants' attainment of a GED through an Adult and Family Literacy Act (AEFLA) program.
2. Identifying adult referrals between Vocational Rehabilitation / Services for the Blind and Wagner Peyser / WIOA.
3. Sharing information, which is done easily between WIOA and Wagner Peyser. Through FERPA agreements, information can be shared between WIOA and our AEFLA as well as other education partners. A strategy for sharing information with Vocational Rehabilitation also exists for common customers. As common participants are also shared with the other legislative one-stop partners, methods for sharing information with them is a goal of the workforce delivery system.
4. Identifying specific services provided by the core programs, which are needed by participants, so that such services can be identified, referred and co-enrolled for them.

- (3)** Describe the actions the local board will take toward becoming or remaining a high-performing board, consistent with the factors developed by the state board pursuant to section 101(d)(6) of WIOA.

The Council of Elected Officials and Broward Workforce Development Board ensures the success of achieving organizational goals on an on-going and annual basis using a broad array of performance indicators. Such indicators include:

- State annual program and fiscal reviews
- Annual external audit
- Multiple yearly external fiscal monitorings
- Multiple external program monitorings each year
- Monthly quality assurance reviews
- Monthly performance reports covering all funding streams
- Monthly Financial Reports

The Board and its committees also receive frequent briefings from CSBD at their meetings to increase their understanding of each workforce program and related initiatives, which increases their ability to provide oversight and develop policies.

- (4) Describe service strategies the LWDB has in place or will develop that will improve meeting the needs of customers with disabilities as well as other population groups protected under Section 188 of WIOA and 29 CFR Part §38.

CSBD has a very successful Ticket to Work (TTW) Program serving those customers with disabilities between 18 and retirement age who are receiving SSI or SSDI. CSBD is the #1 ranked Workforce Employment Network in the country. If a customer with a disability is not eligible for the TTW Program, they are served like everyone else in our centers. CSBD has various assistive technologies in the centers to help customers with various needs.

CSBD also has a Disability Specialist in each of its centers to serve as a resource for staff and customers who may need assistance. CSBD has a contracted provider to conduct sign-language interpreter services for hearing impaired customers, as well as foreign language interpreting services for customers with Limited English Proficiency. These services can be scheduled or accessed on-demand.

The CSBD Equal Opportunity Officer is focused about ensuring access for all customers and annually monitors our one-stop centers for ADA compliance. Further, a visit is made to every training provider to ensure they are accessible for people with disabilities.

On an annual basis, CSBD develops a report to review the demographic data of our participants to ensure services are delivered according to the representation of our community area.

- (5) Describe the process used to develop your area's vision and goals, including a description of participants in the process.

The BWDB meets 10 times a year, on average, in concert with the CSBD Council of Elected Officials. There are six board committees, which include board members and members from the community, and various industries, as appropriate.

Each year the BWDB holds a planning meeting. During the meeting, issues facing employers and jobseekers in our community are discussed. The board receives reports on year-to-date accomplishments and performance and hears about the staff planning meeting held earlier in the year.

The BWDB re-examines and updates its strategic plan each year at an annual planning meeting at which they conduct an environmental scan, review the vision and mission for relevancy and to align its goals with those of the state. The CSBD Council members also attend. The meeting is noticed and held in the “Sunshine” so that interested members of the community can attend. Economists, educators, local, state or federal experts in areas which are closely aligned with workforce development are occasionally invited to speak on issues of the moment, as well as what to expect in the future. The board reviews the prior year’s goals and sets new goals.

The results of the planning session are published at a board meeting where the Council of Elected Officials votes on the vision, mission, goals and strategic objectives. Following the approval of the goals and objectives, they are distributed to the relevant board committees to develop the strategies to accomplish the new goals. Staff is then responsible for implementing the strategies.

- (6) Describe how the LWDB’s goals relate to the achievement of federal performance accountability measures to support economic growth and self-sufficiency (WIOA §108(b)(1)(E)).

The local vision, mission, goals and priorities are targeted at meeting the federal measures.

- (7) Indicate the negotiated local levels of performance for the federal measures (WIOA §108(b)(17)).

These are the current (WIOA) year’s performance measures:

Common Measures	PY 19-20 Negotiated Performance Goals
Adults:	
Employed 2 nd Quarter After Exit	89.00%
Employed 4 th Quarter After Exit	85.50%
Median Wage 2 nd Quarter After Exit	\$6,850.00
Dislocated Workers:	
Employed 2 nd Quarter After Exit	85.00%
Employed 4 th Quarter After Exit	81.00%
Median Wage 2 nd Quarter After Exit	\$6,850.00
Youth Common Measures:	
Employed 2 nd Quarter After Exit	77.50%
Employed 4 th Quarter After Exit	69.00%

- (8)** Describe indicators used by the LWDB to measure performance and effectiveness of the local fiscal agent (where appropriate), contracted service providers, and the one-stop delivery system in the local area (WIOA §108(b)(17)).

CSBD has a contracted provider who conducts our annual audit and separate contracted providers that monitor program and fiscal operations. The state also monitors programs and finance and we have quality assurance staff that monitors on a frequent and on-going basis. Quality Assurance monitoring tools are updated to align with the state monitoring tools.

CSBD’s Finance Department creates a Monthly Financial Report for staff to track budget versus expenditures. CSBD staff reviews the reports monthly and budget corrections are made, as necessary.

CSBD’s Quality Assurance Department developed a Key Performance Indicator (KPI) Report that measures staff weekly and monthly performance. Staff regularly convenes to discuss the report, and corrective actions are implemented, as needed.

Program supervisors in the one-stop centers conduct monthly monitoring of programs. Quality Assurance and Training Coordinators in the one-stops conduct tri-annual monitoring of programs. Corrective actions are identified and implemented to address findings.

- (9)** Describe the definition of “self-sufficiency” used by your local area (WIOA §108(b)(1)).

The BWDB met on 1/26/17 to consider an appropriate definition of self-sufficiency. Based on research provided by staff and input from the public and providers, the following definition for self-sufficiency was adopted as indicated in the BWDB Self-Sufficiency Wage Level Chart below:

Family Size	2019 Self-Sufficiency Wage Level for WIOA Eligibility for Adult Training Services
1	\$47,150 HUD Standard
2	\$53,900 HUD Standard
3	\$61,674 200% LLSIL
4	\$76,512 200% LLSIL
5	\$90,302 200% LLSIL
6	\$105,612 200% LLSIL
7	\$120,921 200% LLSIL
8	\$136,231 200% LLSIL

Dislocated workers who have become re-employed in "income maintenance" jobs, a job with a lower rate of pay than the job of dislocation, may be served as long as the wage earned does not exceed the local criterion for self-sufficiency.

COORDINATION OF SERVICES

- (1) **Coordination of Programs/Partners:** Describe how individualized career services are coordinated across programs/partners in the one-stop centers, including Vocational Rehabilitation, Temporary Assistance for Needy Families (TANF) and Adult Education and Literacy activities. Specify how the local area coordinates with these programs to prevent duplication of activities and improve services to customers.

CSBD coordinates and provides WIOA services by sharing participants through two-way referrals with Vocational Rehabilitation and Adult Education and Literacy and dual enrolling participants across partner programs (e.g., TANF and WIOA). This prevents duplication of efforts and provides seamless service delivery to our customers. To expand our function as strategists and community conveners to hear “the voice of the customer” on the workforce needs of Broward County, we participate in community and business initiatives to harness the expertise that exists within the local workforce area. For example, we serve on the Distressed Communities Sub-committee of the Greater Fort Lauderdale Alliance. The intent of our participation in these collaborative efforts is to meet local workforce area development needs, coordinate services as well as to find solutions for special populations with barriers to employment. Recommendations from the meetings move on to our governing boards, culminating in the roadmap, which are both incorporated into this workforce services plan and also into a strategic planning matrix, as applicable to each of the board’s committees, so that the members can work on the objectives throughout the year.

- (2) **Coordination with Economic Development Activities:** Describe how the local board coordinates workforce investment activities carried out in the local areas with economic development activities carried out in the local area (or planning region) in which the local area is located and promotes entrepreneurial training and microenterprise services (WIOA §108(b)(5)).

The President and CEO of the Greater Ft. Lauderdale Alliance (Alliance), which is the local economic development agency, is a Board member and CSBD’s President/CEO is a board member of the Alliance. The Board has created an intermediary position that is co-located at the Alliance, performing outreach to new employers and sharing CSBD available services.

CSBD is a member of the Alliance of Entrepreneur Resource Organizations (AERO) and participates in their monthly meetings. We also work closely with the Broward County Office of Economic Development, SCORE, the Chambers of Commerce, Hispanic Unity,

and other organizations involved with economic development and entrepreneurial training. We exchange information with Angel Investor and other entrepreneurial funding organizations. We continue to run entrepreneurial programs. This past year ten (10) businesses were launched and four (4) businesses earned seed funding from the J.D. Armstrong Student Venture Fund.

Additional coordination comes from staying connected to Broward County's Office of Economic and Small Business Development, whose director is a Board member. In addition to an intermediary to economic development, CSBD also assigns intermediaries to the fastest growing and key sectors, providing additional business intelligence and channels of communication, leading to increased coordination.

- (3) Coordination of Education and Workforce Investment Activities:** Describe how the local board coordinates education and workforce investment activities carried out in the local area with relevant secondary and postsecondary education programs and activities to coordinate strategies, enhance services, and avoid duplication of services (WIOA §108(b)(10)).

As is required by WIOA, secondary and post-secondary education is represented on the Board. This provides an opportunity for education to be aware of and have input into Board initiatives and activities. Education representatives are also invited to business forums so they can hear directly from the business community with respect to training needs and skills gaps. Both the Broward County Public Schools (BCPS) and Broward College cover the entire workforce area. There is only one school district and one community college system in the Broward County workforce area.

In the Broward County workforce area, the BCPS is also the vocational technical school provider and the Adult and Family Education and Literacy Act Provider. Through their representatives on the Board and through relationships built with these partners over the years, the Board is able to coordinate education and workforce in numerous and meaningful ways.

- (4) Coordination of Transportation and Other Supportive Services:** Describe how the local board coordinates workforce investment activities carried out under this title in the local area with the provision of transportation, including public transportation, and other appropriate supportive services in the local area (WIOA §108(b)(11)).

CSBD coordinates WIOA and TANF activities for transportation, including public transportation and other supportive services, based upon program eligible job seeker needs and fund availability. Local policy requires that it must be determined that another

resource is not available to provide such support services before using WIOA or TANF funding. As such, CSBD partners with the Broward County's Family Success Centers to help customers with emergency services, such as water and electricity bill payment and free bus passes from Broward County Transit (BCT). If a customer cannot take public transportation, such as an individual with a disability, CSBD one-stop staff refers customers to BCT's TOPS (Transportation Options Program) program. Both the need and lack of resources must be documented.

CSBD issues specific denomination VISA cards and "load fund" cards for support services. The Senior Vice President of Finance is the administrator. The Finance Department is responsible for maintaining an adequate supply of cards and cash from which to draw funds. Customers in need of child care are referred to the Department of Children and Families for TANF and the Welfare Transition Program.

The EO Officer/Senior Quality Assurance Analyst is the Vice Chair of the Transportation Disadvantaged Local Coordinating Board, which is committed to assisting the transportation disadvantaged persons of Broward County with their transportation needs.

- (5) Coordination of Wagner-Peyser Services:** Describe plans and strategies for, and assurances concerning maximizing coordination of services provided by the state employment service under the Wagner-Peyser Act (29 U.S.C 49 et seq.) and services provided in the local area through the one-stop delivery system to improve service delivery and avoid duplication of services (WIOA §108(b)(12)).

A core mission of CSBD is to offer universally accessible services to all job seekers and assuring veterans receive priority of service. CSBD maximizes the coordination of services provided to job seekers and employers, while avoiding duplication of services, through the co-location of Wagner-Peyser Employment Services and other partner agencies in the one-stop career centers. Co-location improves efficiency and allows for functional alignment where appropriate to make service delivery as seamless as possible within each one-stop center.

Each one-stop career center includes a one-stop manager who ensures the workforce centers are universally accessible, customer centered, and training is career-driven. This includes providing easy access to and assistance with workforce related activities, such as career exploration, job search, job preparation and career development services, as well as referral to WIOA Title I career services.

- (6) Coordination of Adult Education and Literacy:** Describe how the local board coordinates workforce investment activities carried out under this title in the local area with the provision of adult education and literacy activities under Title II in the local area, including a description of how the local board carries out, consistent with subparagraphs (A) and (B)(i) of section 107(d)(11) and section 232, the review of local applications submitted under Title II WIOA §108(b)(10).

Broward County is a one school system district. The Broward County Public Schools (BCPS) is also the single provider of Adult Education and Literacy in the workforce area; as a result, there are no applications to review.

With respect to coordination, the BCPS provides GED classes occasionally in the one-stop. Currently, the BCPS is an out-of-school youth (OSY) provider, working with eligible OSY to assure they receive their GED. This partnership and coordination is strengthened by having Adult Literacy and Vocational Technical schools represented on our Board, which has enabled us to realize a shared vision and partner on grant applications and initiatives.

CSBD also refers adults and dislocated workers who need to work on their literacy levels or English language skills to the Adult Literacy System before they receive an ITA. In this way, the two organizations collaborate on career pathway programs designed to help prepare low-skilled workers for jobs that support an economically self-sufficient wage (e.g., cross referrals, co-enrollment, etc.).

- (7) Reduction of Welfare Dependency:** Describe how the local board coordinates workforce investment activities to reduce welfare dependency, particularly how services are delivered to TANF and Supplemental Nutrition Assistance Program (SNAP) recipients, to help individuals become self-sufficient.

Both TANF and SNAP E&T are integrated and co-located in our centers. The one-stop system integrates WT/TANF, SNAP E&T, Vocational Rehabilitation, Adult Education and Family Literacy Act, Wagner Peyser and WIOA programs. Further, CSBD integrates a number of discretionary grant programs as awarded by the state and/or federal government, such as, disability programs awarded through the Social Security Administration, as well as a variety of grants awarded by the USDOL. All these initiatives expand the universe of options available to our TANF and SNAP E&T job-seeker customers. Our resource rooms, workshops, computers, telephones and fax equipment are available during the hours the centers are open. Within the center, space is dedicated to TANF and SNAP E&T program specific “labs,” along with dedicated staff who provide employment-related coaching and customer-specific job development and job fair/recruitment activities and events. CSBD

also provides support services, such as assistance with transportation and interview and work attire. If a customer is a domestic violence victim, they are referred to our local expert in domestic violence, Women in Distress (WID). WID works with the customer to develop a safety plan, which is kept confidential for the protection of the customer and informs CSBD that a plan is in place. In alignment with CareerSource Florida's goal to reduce welfare dependence, once customers find employment, follow-up and transitional services are offered to stabilize and support continued employment and to reduce recidivism.

(8) Cooperative Agreements: Describe the replicated cooperative agreements (as defined in WIOA section 107(d)(ii)) between the local board or other local entities described in section 101(a)(11)(B) of the Rehabilitation Act of 1973 (29 U.S.C 721(a)(11)(B)) and the local office of a designated state agency or designated state unit administering programs carried out under Title I of such Act (29 U.S.C. 721(a)(11) with respect to efforts that enhance the provision of services to individuals with disabilities and to other individuals, such as cross-training staff, technical assistance, use and sharing of information, cooperative efforts with employers and other efforts of cooperation, collaboration and coordination.

Vocational Rehab is currently represented on our board. Working together, CSBD has the following cooperative agreements:

- a. An agreement for CSBD to serve as a vendor for their Public Work-Related Rehab Facility to provide pre-placement training for youth.
- b. An agreement for CSBD to serve as a Work Incentive Planning Assistance provider to conduct benefit planning analysis with VR customers where we explain how working benefits them even while receiving assistance.
- c. An agreement for CSBD to serve as a Ticket to Work Provider as part of the Partnership Plus Program.

DESCRIPTION OF THE LOCAL ONE-STOP SYSTEM

(1) General System Description: Describe the one-stop delivery system in your local area, including the roles and resource contributions of one-stop partners (WIOA §108(b)(6)).

A. Describe how required WIOA partners contribute to your planning and implementation efforts. If any required partner is not involved, explain the reason.

Each of the required WIOA partners is included in the local one-stop system; however, they are not all collocated. Below is a list of the one-stop partners and a description of their roles. With respect to resource contributions, our one-stop is organized using a mall approach for the contribution of resources. Partners that are collocated pay their proportionate share of the square footage they occupy and the related common area.

The following described the roles of the partners in the OS system:

- **Adults, Dislocated Workers and Youth** - are served in the one-stop centers. The WIOA Adult/ Dislocated Worker programs, together with Wagner-Peyser universal labor exchange services, form the heart of our one-stop system. Some out-of-school youth (OSY) not served by our youth providers are also able to access services and training through the one-stop system. Our one-stop partners are very familiar with the services. WIOA pays their fair share of costs.
- **Temporary Assistance for Needy Families (TANF) and Supplemental Nutrition Assistance Employment and Training (SNAP) Programs** – Are integrated and co-located in our centers. Allocations are made by the state to support these programs at the local level. TANF/SNAP pays their fair share of costs.
- **Wagner-Peyser** – Together with WIOA forms the nucleus of the workforce system, offering universal services, which allow for further assessment and referral to WIOA, as well as all of our partner services. From recruitments to job fairs, our renowned Professional Placement Network and dedicated Veteran's services, all individuals entering the one-stop have the opportunity to begin in resource rooms accessing job search tools, online assessments, and workshops targeted at helping customers find not just a job but the right job. Wagner-Peyer is our one-stop partner's entry to coordinating with our employer customers. Wagner-Peyser has been collocated since

the inception of the Workforce Investment Act and helps to support the one-stop infrastructure by paying their fair share of the infrastructure.

- **Vocational Rehabilitation (VR)** – Is co-located in our South One-Stop Center. We have a strong coordinative relationship with VR and serve as a vendor for Pre-Employment Training, Work Incentive and Planning Assistance Services and Partnership Plus. Because of CareerSource Broward's strong emphasis on services to customers with disabilities through our Ticket to Work program, we collaborate and coordinate on the services to this high priority population. All our one-stop centers have a process in place to refer customers. VR is represented on the BWDB, contributes to our planning, and contributes to the infrastructure through rent and common area costs in the South One-Stop Center.
- **Senior Community Service Employment Program (SCSEP)** – The SCSEP programs co-locate in South One-Stop Center, leasing space from us and providing program services and cross referrals between our programs. Through work experience opportunities, older workers also assist in the resource room, as needed, in all three of the one-stop centers.
- **Adult Education and Family Literacy Act Programs (AEFLA)** – Is solely delivered by the Career Technical Adult and Community Education (CTACE) Division of the Broward County School Board. AEFLA has collocated with us from time to time to provide GED training in the one-stop centers. At this time, AEFLA does not have a presence in the one-stop; however, we have a strong referral system in place for individuals needing to acquire a high school credential or needing to upgrade their literacy skills before they can qualify for training. AEFLA is represented on the BWDB and OneStop Services Committee by the Head of the CTACE Division of the School District and contributes to our planning. CSBD currently contracts with CTACE to serve OSY needing a GED. While not co-located, AEFLA is technologically connected and contributes to the infrastructure by paying for its presence on the CSBD web-site. Individuals access AEFLA through one of the CSBD programs or through the web-site.
- **Career and Technical Education** – Is delivered through the School Board of Broward County. (Please see information on CTACE above). CTACE programs are on our Eligible Training Provider List. They are represented on the BWDB through the Chief

of that Division-CTACE, together with the Broward College, and are two of our key partners in the provision of training to our participants and contribute to our planning.

- **Trade Adjustment Assistance Act (TAA) Program** – We provide these services through state staff co-located in the one-stop. Often TAA clients are dual enrolled into dislocated worker programs.
- **Jobs for Veterans Grant** – Veterans services are provided at all one-stop center locations. Through an allocation of state funds, they pay their fair share of infrastructure and operating costs. Our Veterans' staff serves more veterans than other local areas that have a military base in their boundaries. We are also connected with the Veterans Symposium, which is a Veterans service collaborative with Mission United, a nationally renowned Veteran service initiative.
- **Community Service Block Grant (CSBG)** – Services are delivered through Family Success Centers located throughout Broward County. Broward County is represented on our Council of Elected Officials, on the Board and contributes to our planning. As we serve many of the same participants, we meet to discuss the types of support services offered to avoid duplication of services and have an ongoing relationship, which allows us to refer customers needing emergency services and weatherization. Each summer, Broward County through CSBD, contributes to our Summer Youth Employment Program, allowing us to serve additional youth through other funding streams. While not co-located CSBG is technologically connected and contributes to the infrastructure by paying for its presence on the CSBD web-site. Individuals access CSBD through case manager referrals or through the web-site.
- **Department of Housing and Urban Development (HUD)** – There is no HUD employment and training program currently operating in our workforce development area.
- **Reemployment Assistance** – Co-located in our center and pays their fair share of costs.
- **Second Chance Act** – Juvenile Justice is represented on our One Stop Services Committee. Our OSY providers recruit and target youth who are on probation, received

a civil citation or are exiting the jails. The CSBD Senior Quality Assurance Analyst is the Chair of the Broward County Reentry Coalition. CSBD is the number one ranked user of the Federal Bonding Program in the state. CSBD's President/CEO serves on the 17th District Juvenile Justice Advisory Board. While not co-located, Second Chance is technologically connected through its grant recipient, OIC of South Florida, and contributes to the infrastructure by paying for its presence on the CSBD website. Individuals access Second Chance through referral or through the website.

- **Migrant and Seasonal Farmworker (MSFW) Program** - CSBD does not receive Migrant and Seasonal Farmworker funds. Farming is no longer a significant occupation in Broward County. From time to time, an individual will visit one of our centers for services and, once eligibility is established, we provide WIOA services.
- **Job Corps** – There is not a local Job Corps Program in Region 22. There is a Job Corps program in Miami-Dade County and we maintain a link to their webpage in all our career center resource room computers and refer interested customers.
- **YouthBuild** – Currently OIC of South Florida, a local Community Based Organization (CBO), has a grant to operate YouthBuild programs. CSBD has a cooperative agreement with OIC for cross referrals of the youth. While not co-located, YouthBuild is technologically connected and contributes to the infrastructure by paying for its presence on the CSBD website. Individuals access YouthBuild through referral or through the website.
 - **Native American Programs** – CareerSource Broward has reached out to the Seminole Tribe, which is in our workforce area, many times during the course of implementing Workforce Investment Act/WIOA programs; however, they have chosen not to participate. Through outreach they are aware that our one-stop services are available to the tribal members, if they wish to access the system. The Seminole Tribe operates the very successful Hard Rock Guitar Hotel. CSBD does coordinate job fairs for that hotel and casino when requested.

B. Identify any additional partners included in the local one-stop delivery system.

None. There are no additional partners included in the local one-stop delivery system.

- C. The local workforce development board, with the agreement of the chief elected official, shall develop and enter into a Memorandum of Understanding (MOU) between the local board and the one-stop partners.

Attached are the required agreements. See Attachment A.

(2) Customer Access: Describe actions taken by the LWDB to promote maximum integration of service delivery through the one-stop delivery system for both business customers and individual customers.

- A. Describe how entities within the one-stop delivery system, including one-stop operators and one-stop partners comply with the Americans with Disabilities Act regarding physical and programmatic accessibility of facilities, programs and services, technology and materials for individuals with disabilities, including providing staff training and support for addressing needs of individuals with disabilities. Describe how the LWDB incorporates feedback received during consultations with local Independent Living Centers on compliance with Section 188 of WIOA (WIOA §108(b)(6)(C)).

The CSBD EO Officer is responsible for ensuring accessibility in the centers. The EO Officer annually reviews the one-stop centers using the Accessibility Survey. If a customer needs extra assistance, the center will create an Integrated Resource Team (IRT) to ensure the appropriate staff meets the needs of the customer. The IRT approach involves diversified service systems coordinating services and leveraging funding in order to meet the needs of an individual jobseeker with a disability. IRTs provide the opportunity for comprehensive, wrap-around services on behalf of an individual with a disability or other challenges to employment by bringing together diverse programs and services that meet the needs of a particular job seeker. CSBD has a Disability Specialist in each of the centers to assist employers, staff and customers with using the assistive technology, resources in the community or to schedule an interpreter for a customer. CSBD has various assistive technologies to assist a variety of customer needs, such as screen readers, screen magnifiers, JAWS software, bigger keyboards, a specialized mouse, etc. Staff is trained on an annual basis on providing services with disability etiquette and properly serving customers with disabilities.

- B. Describe how entities within the one-stop delivery system use principles of universal design in their operation.

The CSBD brand provides standardized services in each of its three career centers. Job seekers and employers receive a consistent customer experience from the signage to the delivery of services, to the application of our policies and practices.

Equitable Use

All customers that visit our career centers are welcomed and assisted with their needs. The career centers are set up so that when a customer enters there is a reception desk and a kiosk sign-in system for a customer to register in to the center. If a customer is not able to use the kiosk, a staff member at the reception desk can assist them.

Flexibility in Use

The resource room is at the front of the career center so all customers have access to the equipment without having to travel too far within the center. There is a computer in each center's resource room that has assistive/adaptive technology and designed to accommodate a wide range of individual preferences and abilities.

Simple and Intuitive Use

Information is provided to customers in an easy, understandable way. They are asked throughout the process if they understand the information provided to them. CSBD has an on-demand interpreter service for those customers that either need foreign language interpretation or sign-language interpretation assistance.

Perceptible Information

Signs are posted throughout the center informing customers of various departments, disability equipment, and training/workshops rooms. These signs are both written and pictorial. If customers are not sure what they need to do or understand necessary information, staff is always there to guide the customers.

Tolerance for Error

The centers are designed to minimize hazards and provide warnings both visually and by sound if there is an emergency in the building. All traveled areas are kept clear so that customers with physical disabilities or wheelchair bound do not have any obstructions in their travels throughout the center.

Low Physical Effort and Size and Space for Approach and Use

All accessibility equipment is designed to ensure customers have easy access, are comfortable, are within reach, easy to manipulate and use, regardless of the customer's body size, posture or mobility.

- C. Describe how the LWDB facilitates access to services provided through the local delivery system, including remote areas, using technology and other means (WIOA §108(b)(6)(B)).

CSBD is in full compliance with the requirements of the Americans with Disabilities Act. CSBD also uses technology that extends services beyond the “bricks and mortar” buildings to improve the delivery of services to virtual customers. By using the internet, “online” customers who visit the CSBD webpage can access:

- Employ Florida registration,
- Portals to fill out online applications and reserve their attendance / seat for one our workshops
- Apprenticeship, high-growth industry and scholarship training videos; and
- Web-based career exploration tools and labor market information.

CSBD has established an intern portal in response to employer demand to allow Broward County residents to gain work experience so they can be more marketable to employers when seeking full-time employment.

Eligible customers can also access career and work ready assessments, such as Career Scope, Metrix, eSkills, etc. Customers are able to electronically access and fill out additional forms and submit them with their electronic signature through the CSBD document management system.

CSBD has also developed and deployed “virtual” kiosks at various locations throughout the local workforce area. The kiosks “mimic” our resource room computers and allow customers the ability to access our services and the services of partner agencies, such as the Department of Children and Families.

In these and other ways, we provide workforce services to job seekers and employers who may find it challenging to travel to a one-stop career center or who just like the additional convenience of being able to access one-stop services 24/7, 365 days a year. These tools are not intended to be a replacement for the services provided at the one-stop centers. Rather, they promote awareness of CSBD services, improve our brand name and, for some, meet their immediate needs without the necessity to travel to one of our three one-stop centers.

CSBD has also hired staff to go out into the distressed communities to bring our information about CSBD services and also to bring our workshops to where the customers live. WIOA allows local boards to set the rate of reimbursed for OJT up to 75%. CSBD’s OJT reimbursement rate is 75% straight-time wage reimbursement for all employers, including those with 251 or more employees that are located in a distressed zip code or opportunity tax zone. As job seekers work close to their homes, especially in distressed communities, it makes sense to offer this type of reimbursement to these employers instead of basing it on job seekers’ characteristics, which could be discriminatory.

(3) Integration of Services: Describe how one-stop career centers implemented and transitioned to an integrated, technology-enabled intake and case management information system for programs carried out under WIOA and programs carried out by one-stop career center partners (WIOA §108(b)(21)).

CSBD uses Employ Florida and the One Stop Service Tracking (OSST) systems provided by the State for case management. There is not a system that integrates at a minimum, all WIOA partner programs. We use technology-enabled processes, such as Welfare Transition Automation, and our online WIOA application, to increase accessibility and streamline the intake process. By using the internet, “online” customers can access:

- Employ Florida registration
- Portals to fill out online applications, such as our summer youth program application
- Reserve their attendance / seat for one our workshops

- Apprenticeship, high-growth industry and scholarship training videos; and
- Web-based career exploration tools and labor market information.

Eligible customers can also access career and work ready assessments, such as Career Scope and eSkills. Several years ago, we transitioned to a paperless case file document management system. Customers are able to electronically access and fill out additional forms and submit them to us with their electronic signature through this electronic document management system.

(4) Competitive Selection of OSO: Describe steps taken to ensure a competitive process for selection of the one-stop operator(s) (WIOA §121(d)(2)(A)).

CSBD advertised in three local papers and posted on its website its Request for Quotes (RFQ) for a One-Stop Operator in accordance with the USDOL Joint Rule and 2 CFR 200.317- 236 requirements on 6/17/19. Three responses were received. A Review Committee consisting of BWDB members met on 8/9/19 to hear from each of the proposers and to evaluate, rate and rank the proposals.

The BWDB Executive Committee adopted the Review Committee recommendation and the moved the recommendation to the full Board and Council of Elected Officials for approval at their regularly scheduled meeting held, 9/26/19. A sub-recipient agreement was entered into on 10/18/19 with the winning proposer Workforce Guidance Associates, LLC.

CSBD had a prior agreement with Cardinal Human Capital previously selected to serve as the one-stop operator; however, a family illness resulted in the termination of the agreement resulting in the initiation of a new selection process as described above.

(5) System Improvement: Describe additional criteria or higher levels of service than required to respond to education/training needs, labor market, economic, and demographic conditions and trends in the local area (WIOA §108(b)(6)(A)).

Each year we provide the Council of Elected Officials and Broward Workforce Development Board a full report of our: 1) performance; 2) progress on continuous improvement initiatives to increase efficiency and effectiveness; and 3) accomplishments. The report demonstrates how CSBD continues to be recognized as a leader in performance, innovation and best practices and goes above and beyond required services.

DESCRIPTION OF PROGRAM SERVICES

(1) System Description: Describe the local workforce development system. Identify programs included in the system and how the local board works with each entity to carry out core programs and other workforce development programs supporting alignment in provision of services. Identify programs of study authorized under [The Strengthening Career and Technical Education for the 21st Century Act \(Perkins V\)](#) (20 U.S.C. 2301 et seq.), that support the strategy identified in the Florida Unified Plan under WIOA section 102(b)(1)(E) (WIOA §108(b)(2)).

Our one-stop system integrates the following funding streams and programs offering customers' services as needed through: Wagner-Peyser, Veterans programs, RESEA, WIOA Title I, TAA, WT/TANF, SNAP Employment and Training, Vocational Rehabilitation, Adult Education and Family Literacy Act programs. CSBD implements ad hoc programs based on grants and funding, such as RESEA, NDWG and the Summer Youth Employment Program.

Further, coordination between the BWDB and the following agencies is a part of the existing infrastructure:

- Department of Economic Opportunity
- Department of Children and Families
- Department of Vocational Rehabilitation
- Local educational agencies
- The Early Learning Coalition (child care provider)
- Public housing agencies
- Broward County Department of Human Services
- SCSEP Title V Programs

CSBD has long established referral agreements (including youth to our WIOA Adult and Dislocated Worker programs) and we coordinate the delivery of services with Broward County Family Success Centers, OIC of South Florida, Mission United and the Urban League on many different events.

In Broward County, the Broward County Public School System (BCPS), through the technical colleges, provides all vocational training. Broward College also receives some of the Perkins Funds. CSBD provides all Carl Perkins occupational skills training options for adults, dislocated workers and out-of-school youth through ITA's for the BCPS Technical Colleges and through Broward College. The BCPS and Broward College provide us with their list of courses in occupations on the TOL and the CSBD Board approves the courses in

accordance with the State's Policy of Eligible Training Providers for inclusion on the ITA List provided to customers.

- (2) Sub-grants and Contracts:** Describe the competitive process used to award sub-grants and contracts in the local area for WIOA-funded activities (WIOA §108(b)(16)).

All purchases and procurements for all programs, services and goods are done in accordance with the CSBD procurement policy, which follows the requirements and thresholds as stated in 2 CFR 200 et seq., the State's conflict of interest policy, and FS 445.007.

CSBD develops its request for proposals (RFP) based upon policies and objectives adopted by the BWDB. RFPs are reviewed and approved by the BWDB or by a committee designated to review and approve the RFP. When RFP responses are received, staff reviews proposals for responsiveness to the RFP. A BWDB Committee is appointed to review the RFPs. Review of the RFPs takes place at a publicly noticed meeting. A rating form published with the applicable RFP is used by the BWDB review committee, which makes a recommendation to the full board. The BWDB, together with the CSBD Council of Elected Officials, makes the final decision on which proposals will be funded. This represents a fair and equitable process to secure the most capable agencies to deliver services.

- (3) Expanding Access to Employment:** Describe how the local board, working with entities carrying out core programs, expanded access to employment, training, education and supportive services for eligible individuals, particularly eligible individuals with barriers to employment. This includes how the local board facilitates developing career pathways and co-enrollment, as appropriate, in core programs, and improves access to activities leading to recognized postsecondary credentials (including portable and stackable industry-recognized certificates or certifications) (WIOA §108(b)(3)).

The BWDB coordinates with the local school board to identify and support programs that prepare students for internships or post-secondary education opportunities. Post-secondary education opportunities are identified through coordination with post-secondary education institutions, the State, and the BWDB to identify educational and workforce investment activities geared toward preparation for occupations that are determined to be in demand locally. Additionally, each year a publicly noticed meeting is held to get community input on our local workforce area's Target Occupations List. CSBD staff also researches career pathways in our sector strategies to develop career lattices for employers and job seekers. Once completed, these career lattices are provided to the community, the youth programs

and posted to the CSBD website. When appropriate, customers are co-enrolled to facilitate career pathways and improve access to activities leading to recognized post-secondary credential, including a credential that is an industry-recognized certificate or certification, portable, and stackable.

(4) Key Industry Sectors: Identify how the LWDB aligns resources that support and meet training and employment needs of key industry sectors in the local area. Describe strategic or other policies that align training initiatives and Individual Training Accounts (ITAs) to sector strategies and demand occupations (WIOA §134(c)(1)(A)(v)).

CareerSource Broward uses networks and relationships, such as with the Greater Ft Lauderdale Alliance, Community Foundation, The Broward Workshop and our education partners and industry intermediaries to get a broad spectrum of input from community partners, which we can use to ensure occupational training programs are available for the career pathways in key industry sectors. Also, our industry intermediaries work with the business community and education providers to ensure that CSBD's list of approved training programs meet the needs of the local industry.

Our planning process incorporates an analysis of our local workforce area's economic conditions including:

- Existing and emerging in-demand industry sectors and occupations.
- The employment needs of employers in those sectors & occupations.
- The knowledge and skills needed to meet the employment needs of the employers in the local area, including employment needs in in-demand industry sectors and occupations.
- The workforce in the local workforce area, including current labor force employment and unemployment data, and information on labor market trends, and the educational and skill levels of the workforce in the region, including individuals with barriers to employment.
- The workforce development activities (including education and training) in our local area, and the capacity to provide such services, to address the identified education and skill needs of the workforce and the employment needs of local employers.

To further align resources, the board applies for other grant opportunities to support key industry sectors, such as apprenticeships for the IT, construction and marine industries.

CSBD staff uses our Targeted Occupations List and JobsEQ to ensure we have training programs in the key industry sectors in order to meet the needs of the employers. If there is an occupation in demand that CSBD does offer training, CSBD staff utilizes JobsEQ to research the schools that offer the training and approach the schools to apply to be on the Eligible Training Provider List (ETPL).

(5) Industry Partnerships: Describe how the LWDB identifies and collaborates with existing key industry partners in the local area. Describe how the LWDB coordinates and invests in partnership infrastructure where key industry partnerships are not yet developed (WIOA §134(c)(1)(A)(iv)). The local area must describe how the following elements are incorporated into its local strategy and operational sector strategy policy:

- A. Describe how selected industries or sectors are selected based on, and driven by, high-quality data (cite data source used);

CSBD works with the Greater Ft. Lauderdale Alliance, the local economic development agency, to prioritize industry clusters. Industry clusters are prioritized by reviewing various industries' hiring demands, types of business relocating to our local workforce area, and by referencing CareerSource Florida's Workforce Services Plan and the Broward County and Florida Chamber Foundation's Six Pillars of Florida's Future Economy™.

CSBD also uses the DEO LMI data on emerging industries and occupations to target industry sectors.

- B. Describe how sector strategies are founded on a shared/regional vision;

Based on targeted industries by the Greater Fort Lauderdale Alliance, our local economic development partner, and Broward County, CSBD uses the information to develop partnerships with trade and professional associations in these sectors.

- C. Describe how the local area ensures that the sector strategies are driven by industry;

CSBD utilizes intermediaries to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations to expand its service delivery to employers in these industries. The aforementioned intermediaries were created based on emerging industries and occupations data provided to CSBD from

DEO's LMI unit and the Greater Fort Lauderdale Alliance, our local economic development partner. Further, the Board has representatives from those industries, which assist with decisions on sector-based strategies.

As a result, the Board represents a cross-section of business, giving voice and serving as a source for feedback, spanning a variety of industry sectors.

- D. Describe how the local area ensures that sector strategies lead to strategic alignment of service delivery systems;

Through our industry intermediaries, CSBD partners with industry associations to hold job fairs specific to the industry. We invite job seekers who are training or who completed training in the specific industry to attend these job fairs. Additionally, we provide industry related LMI to businesses and associations.

Also, our industry intermediaries work with the business community and education providers to ensure that CSBD's list of approved training programs meet the needs of the local industry.

CSBD's President/CEO is a board member of the Greater Fort Lauderdale Alliance, and the President/CEO of the Greater Fort Lauderdale Alliance is a Broward Workforce Development Board member.

CSBD has a staff member, the Director of Workforce Services that is outstationed at the Greater Fort Lauderdale Alliance, ensuring that workforce services are presented to businesses planning to relocate to the area. The Director of Workforce Services also sits on the board of the South Florida Manufacturer's Association and the Broward County Permitting Action Team, which ensures new businesses and expanding businesses, can acquire permits timely. In addition, the Director of Workforce Services assists business in targeted industries in obtaining Quick Response and Incumbent Worker State Level Training Grants.

- E. Describe how the local area transforms services delivered to job seekers/workers and employers through sector strategies: and

Using tools, such as JobsEQ and Employ Florida, CSBD provides labor market information to sector strategy employers in our region and when targeting training opportunities for job seekers that lead to employment in those industries.

- F. Describe how the local area measures, improves and sustains sector strategies.

CSBD tracks service delivery outcomes, such as placements, awarded training grants, ITA completion rates, and the accomplished goals set forth for our Intermediaries. CSBD develops strategic initiatives that target key industry sectors based on the Board annual planning session, employer and education provider meetings throughout the year, intended to improve the service delivery to those industry sectors. Sector strategies are sustained based on state data, the data received from all our partner agencies and local area needs, which allows the Board to identify and collaborate with the employers, training providers and community organizations that can positively impact the local economic development of those targeted industries.

- (6) In-demand Training:** Describe how the local board ensures training provided is linked to in-demand industry sectors or occupations in the local area, or in another area to which a participant is willing to relocate (WIOA §134(c)(G)(iii)).

CSBD uses tools, such as JobsEQ and Employ Florida to analyze the labor market information in our region. CSBD holds a publicly noticed meeting to get input from business and industry, trade associations, education, economic development and others on the local area's Target Occupations List and information on emerging occupations. In-demand training is linked to the Targeted Occupations List (TOL) based on job openings and a set floor wage rate in our workforce area. Training is limited to two years in duration and the attainment of industry-recognized certificates or degree. The TOL is reviewed at least once quarterly and the statewide Eligible Training Providers list is available for customers to review should they be interested in re-locating. Training is only provided for in-demand occupations, except for On-the-Job Training and customized training where "demand" is determined by the employer.

(7) Employer Engagement: Describe strategies and services used in the local area to:

- A. Facilitate engagement of employers, including small employers and employers in in-demand industry sectors and occupations, in workforce development programs;

CSBD implements outreach efforts to local employers, including small employers and employers with in-demand occupations, through Chamber of Commerce participation, the Greater Ft. Lauderdale Alliance, various networking events, surveys and one-on-one meetings. CSBD also utilizes eblast and social media sites, such as LinkedIn, Instagram Twitter and Facebook, to market to employers. CSBD uses industry intermediaries and holds affinity-type employer forums. In program year 2018-2019, CSBD served over 5,800 employers, providing them a total of 110,364 services.

- B. Support a local workforce development system that meets the needs of businesses in the local area;

- CSBD expands public information and marketing to employers.
- CSBD engages businesses and training providers in the review and development of the Targeted Occupations List.
- CSBD has assigned an intermediary to the Greater Ft Lauderdale Alliance.
- CSBD employs all the work-based training options under WIOA.
- CSBD assists Welfare Transition participants in gaining self-sufficiency by providing meaningful work experience as a host-site for CSBD's Community Service / Work Experience program; this also affords some additional assistance to employers.
- CSBD provides employer workshops on topics that we believe will be of interest to employers (e.g., How to Get the Most out of Employ Florida, Hiring and Retaining Job Seekers with Disabilities, What can Workforce Do for You, etc.)
- CSBD responds to employer needs by:
 - Hosting onsite recruitments, mass recruitments and job fairs
 - Coordinating rapid response events at the employer's location
 - Posting jobs and matching and screening candidates to fill those jobs

- C. Better coordinate workforce development programs and economic development; and,

CSBD has assigned an intermediary to the Greater Ft. Lauderdale Alliance, which assures CSBD has a “seat at the table” when new employers open their business in the workforce area and to assist them with recruitment services, such as job postings, candidate prescreening, placement and training grants.

CSBD also participates in “first source hiring” with Broward County.

- D. Strengthen linkages between the one-stop delivery system and unemployment insurance programs (WIOA §134(c)).

Resource room staff in the career one-stop centers is trained to assist customers with Reemployment Assistance (RA) applications, claiming their weeks and identifying issues customers may have to address with DEO on the Connect system. All three one-stop centers have direct-dial lines to DEO to assist customers with claims issues. All customers coming into the one-stop career centers are required to be registered in Employ Florida to look for work.

- (8) Priority of Service:** Describe local policies and procedures to prioritize services for veterans, recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient for individualized career and training services in the adult program.

Pursuant to USDOL ETA guidance in TEGL 15-3, CSBD will prioritize individuals seeking adult services in the order listed below as directed by the TEGL. The barriers referred to in the Adult Priorities chart are the barriers listed in WIOA, section 3 paragraph 24, immediately following the Adult Priorities chart in the narrative below.

- (9) **Training Services:** Describe how training services are provided, including how contracts for training services are used, and how such contracts are coordinated with the use of ITAs (WIOA §134(c)(1)(A)(v)).

Post-secondary education opportunities are identified through coordination with post-secondary education institutions, the State, and the Board. Each year, a publicly noticed meeting is held to get input on the local workforce area’s Targeted Occupations List.

CSBD has a robust application process for training providers interested in training participants. To become an eligible training provider, entities must be properly accredited (where one exists) and licensed. Reading levels of text books and training materials are assessed and shared with our Success Coaches so that the information can be used as part of the process to determine a customer’s suitability and qualifications for the training.

Training providers on the Eligible Training Provider List are assessed twice a year to determine performance and must meet a training-related placement rate of 70%. Each occupational training program that is six months or less in duration is subject to saturation criteria. CSBD uses tools, such as Employ Florida and JobsEQ, to determine when there is a greater than 2 to 1 ratio of jobseekers to available training-related jobs. When that happens, referrals are suspended to those occupational areas so as not to flood the market. This criterion is applied quarterly.

To avoid duplication of services and payment with other Title V programs, we require that WIOA job seekers interested in occupational skills training apply for and use PELL first before using WIOA funds to maximize the use of federal funds.

Training services are done through Individual Training Accounts (ITAs), On-the-Job Training (OJT) and Incumbent Worker Training (IWT). The Board established minimum evaluation criteria for the approval of ITA providers and training courses to include licensure, accreditation (where one exists) and the issuance of an industry recognized credential. Additionally, all occupational training must prepare students for in-demand occupations appearing on the Targeted Occupations List (TOL). All post-secondary training providers interested in partnering with CSBD must first apply (and meet local criteria) and be approved by the Board. Once approved, all providers are sent a contract. When executed, the providers and their approved training programs are added to the ITA List. Similarly, employers interested in OJT and/or Work Experience/Internships are also required to be under contract with CSBD. If the need arises in an industry, CSBD may conduct training in accordance with the Uniform Code procurement requirements for class-sized training.

(10) Customer Choice Process: Describe processes the local board uses to ensure customer choice in the selection of training programs, regardless of how the training services are to be provided (WIOA §108(b)(19)).

All Success Coaches are trained to advise customers on customer choice and all choices available to them. All customers receive a basic service, as part of WIOA's work first policy, before being determined in need of individualized services. Participants must complete the assessment process including testing, economic analysis, and the individual career plan process prior to enrollment into training. Testing for entry into post-secondary training may include the TABE and/or the Florida Skills Assessment. A minimum 10th grade level in reading and mathematics is used as an indicator of readiness for college entry or other

school training requirements. Final acceptance into training is subject to the prerequisites of the training or educational institution. The participant and Success Coach identify the career training field and the educational institution most appropriate. CSBD provides performance information on placement rates of training providers and earnings related to the desired training to assist job seekers with an informed choice among courses and training providers.

(11) Individual Training Accounts: Describe the process and criteria for issuing Individual Training Accounts (ITAs) (WIOA §108(b)(19)).

Success Coaches determine eligibility of customers based upon policy. CSBD management approves each ITA prior to the customer receiving an ITA voucher.

A. Describe any ITA limitations established by the board;

Participants may not receive funding for:

- Remedial training (e.g., GED)
- Pre-requisite courses
- Books and supplies for training courses that are not listed on the ITA List; and
- Certifications that do not facilitate employment in an in-demand occupation listed on our regional Targeted Occupation List (TOL).

Applicants with an in-demand skill, per regional TOL, will not be approved for an ITA, unless the customer can document an unsuccessful job search or present labor market or industry information that considers the customer's skills not in-demand (e.g., a 5-year old Microsoft Certification may no longer be in-demand per industry or occupational standards).

Participants must apply for the Federal Pell Grant and other federal financial aid by submitting a Free Application for Federal Student Aid (FAFSA) prior to receiving an ITA, unless the participant has a bachelor's degree, which makes them not eligible for a Federal Pell Grant, and/or the approved training provider/program does not meet the Federal Pell Grant eligibility requirements.

An ITA will be for a maximum time length of two (2) years for WIOA participants. Participants whose basic skills assessment(s) indicate that they are, at minimum, within one (1) year of the required reading and mathematical skills of the

textbooks used for the training program are eligible to receive an ITA for occupational training. The maximum ITA amount is \$12,000.

Per WIOA CSBD, may also allow individuals within 2 years of completing a BS degree to enroll and receive an ITA.

B. Describe any exceptions to the use of ITAs.

There are no current exceptions to the use of an ITA, but we reserve the right to make exceptions if circumstances change and where warranted.

(12) Microenterprise and Entrepreneurial Training: Describe mechanisms currently in place or in consideration that provide microenterprise and entrepreneurial training. Describe mechanisms in place that support programs and co-enrollment, where appropriate, in core programs as described in WIOA section 134(a)(3)(A)(i) (WIOA §108(b)(5)).

CareerSource Broward is providing entrepreneurship training to Broward County residents interested in starting their own businesses.

The Start-Up Now program provides a rigorous and intensive seven-month training for aspiring entrepreneurs with investors as instructors. This practical approach results in actual businesses being launched after learning methodology to determine product-market fit; how to write a solid business plan; and how to develop an effective pitch.

Start-Up Now is offered in partnership with the Innovation Hub @ Broward College.

In PY 18-19, Startup Now served 34 customers. Ten (10) businesses were launches and 4 businesses earned seed funding from the J.D. Armstrong Student Venture Fund.

(13) Enhancing Apprenticeships: Describe how the LWDB enhances the use of apprenticeships to support the local economy. Describe how the LWDB works with industry representatives and local businesses to develop registered apprenticeships, in collaboration with apprenticeship training representatives from the Florida Department of Economic Opportunity and other partners, including educational partners. Describe how job seekers are made aware of apprenticeship opportunities.

CSBD supports the use of registered apprenticeships to enhance employment opportunities for job seekers. CSBD meets periodically with Atlantic Technical College to discuss additional ways we can partner to expand apprenticeship opportunities. CSBD added all the apprenticeships in Broward County to its ITA List, which is available to job seekers. CSBD has two representatives on its Board that provide training in the apprenticeship arena, which helps to enhance the awareness of apprenticeships and their use.

In PY 18-19, CSBD was awarded two CareerSource Florida Apprenticeship Grants; one is a pre-apprenticeship training in construction and the other is apprenticeship training in the IT industry. Thirty-five (35) youth completed pre-apprenticeship training in administration, construction, culinary arts and horticulture. CSBD has also placed seven (7) individuals in a construction apprenticeship program with the Fort Lauderdale Housing Authority. In PY 19-20 CSBD submitted a grant nomination for the CareerSource Florida Apprenticeship Grant in the Marine Industry and is awaiting approval.

(14) Other Program Initiatives: Describe services provided that include implementing initiatives such as incumbent worker training programs, on-the-job training programs, customized training programs, work-based training, industry and sector strategies, career pathway initiatives, utilization of effective business intermediaries, and other initiatives supporting the board's vision and strategic goals described in Section III WIOA §134(c).

CSBD provides work-based training services to employers, such as OJT, IWT, Work Experience, Internships and Customized Training.

- OJT- CSBD assists the employer with the costs of training new hires and existing employees in order to upgrade the employee's skills. CSBD reimburses a portion of the employee's wage during the training period outlined in the training plan. OJT reimbursement rate is 75% straight-time wage reimbursement for all employers, including those with 251 or more employees that are located in a distressed zip code or opportunity tax zone. As job seekers work close to their homes, especially in distressed communities, it makes sense to offer this type of reimbursement to these employers instead of basing it on a job seeker's characteristics, which could be discriminatory.
- IWT- Designed to offset an employer's training cost for upgrading the skills of their existing workforce. CSBD pays a percentage of the training cost. CSBD sets aside 20% of its combined local adult and dislocated worker funds for IWT.
- Work Experience/Internship – Designed to enable job seekers to gain exposure to the world-of-work and its requirements, while simultaneously giving the employer an opportunity to gauge the job seeker's competency and identify any skill gaps that need to be addressed for a successful hire. However, CSBD chooses not to provide Transition Work Experience at this time, but reserves the right to do so in the future.

- Customized Training – Designed to meet the special requirement of a business or a group of businesses with the commitment by the business to employ the individual upon successful completion of the training. The purpose of this program is to provide training activities that will increase employment and occupational skill attainment of participants to improve the quality of the workforce and enhance the skills, productivity, and competitiveness of the business community.

CSBD is involved in an initiative with the Broward County Public Schools (BCPS) to educate parents that attending college to achieve a bachelor's degree is not the only path for students. Students that do not receive a bachelor's degree or attend college can earn just as much or more than their counterparts through certification programs, apprenticeship programs and receiving an associate's degree. CSBD created career lattices in our targeted industries (Aviation/Aerospace, Construction, Healthcare, Hospitality, IT, Marine and Maritime), which were featured in a video developed by BCPS and distributed materials reflecting the career lattices at community events. These career lattices are also on CSBD's website industry pages.

CSBD utilizes intermediaries to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations to expand its service delivery to employers in these industries. The aforementioned intermediaries were created based on emerging industries and occupations data provided to CSBD from DEO's LMI unit and the Greater Fort Lauderdale Alliance, our local economic development partner. Through our industry intermediaries, CSBD partners with industry associations to hold job fairs specific to the industry. We invite job seekers who are training or who completed training in the specific industry to attend these job fairs. Additionally, we provide industry related LMI to businesses and associations. Also, our industry intermediaries work with the business community and education providers to ensure that CSBD's list of approved training programs meet the needs of the local industry.

(15) Service Provider Continuous Improvement: Describe the local board's efforts to ensure the continuous improvement of eligible providers of services, including contracted services providers and providers on the eligible training provider list, so they meet the needs of local employers, workers and job seekers (WIOA §108(b)(6)(A)).

CareerSource Broward (CSBD) programs are monitored throughout the program year by internal and external entities.

CSBD annually monitors ITA providers. The monitoring confirms:

- FETPIP data reporting with the Commission for Independent Education (CIE)
- Florida Department of Education licenses with the CIE
- Reconfirms accreditation status
- Occupational training courses are still on the Targeted Occupations List
- Tuition and other costs from nonpublic schools are as listed in the school's catalog; and,
- Updated insurance certificates, as needed, to confirm that CSBD is listed as the third party named insured.

To continuously improve services and ensure that providers are performing at a high level, CSBD provides staff development, updates its on-boarding training manuals and/or policies and procedures, job aides, tools, forms, etc. to incorporate as new program guidance is issued. Once new or updated documentation is developed, a system is in place to ensure staff review and acknowledge that they understand the document(s), per Operations procedure - Policy, Procedure, and Program Documentation Tracking. Internally staff meets to review and revise monitoring tools or any needed staff training, as needed. CSBD also meets with IT to explore uses of technology to enhance compliance and create additional efficiencies. QA documents corrective actions as part of continuous improvement in a database and QA Department, Operations Department management and/or Program Manager(s) check that such corrective actions were completed.

CSBD has developed a Key Performance Indicator (KPI) Report that tracks regional, career center and center employee performance. This report is reviewed by front-line staff weekly to ensure they are meeting performance. If there is a KPI that is not being met, it must be addressed with a corrective action. Management staff meets every two weeks to review the KPI report as well as the corrective actions to ensure: 1) staff in the career centers is meeting their performance; 2) the corrective actions are appropriate; and 3) staff that did not make performance one week is not showing up on the report on a recurring basis.

All contracted provider contracts have performance requirements. Their actual performance against the requirements stipulated in their contract is reported to the applicable Board Committee, the Audit and Executive Committees and to the Board and Chief Elected Officials.

(16) Youth Program Design: Describe the design framework for local youth programs and how the 14 program elements required in §681.460 of the WIOA regulations are made available within that framework (WIOA §129(c)(1)).

The 14 elements identified by WIOA, which must be made available to youth on an as needed basis, are available from our contracted youth service providers. They are:

1. Tutoring, study skills training, instruction and dropout prevention strategies that lead to completion of a high school diploma.

Providers support youth in GED and post-secondary programs with tutoring and may also access vendors procured by CSBD for specialized subjects.

2. Alternative secondary school services assist youth who have struggled in traditional secondary education. Alternative secondary education is available to all enrolled youth who need their high school credential and want to elect GED preparation. The Adult Education and Family Literacy Act (AEFLA) provider is the School Board of Broward County. They also are a CSBD provider enrolling OSY into Alternative Education Programs.

The CSBD Navigator programs all offer online GED preparation programs to youth drop-out participants.

3. Paid and unpaid work experience is a planned, structured learning experience in the private for-profit section, the non-profit sector, or the public sector, including summer employment, pre-apprenticeship programs, internships and job shadowing, and on-the-job training.

CSBD sets aside funds for each of its providers to combine program activities with work experience and/or OJT. CSBD also is able to provide a summer program in coordination with non-federal funding made available by the Children Services Council of Broward County.

4. Occupational skills training is offered to youth through Broward College, a CSBD youth provider, and through HANDY and FLITE, which are local CBOs that dual enroll youth in WIOA and their own programs, and can offer youth an ITA if appropriate.
5. Education offered concurrently with workforce preparation and training for a specific occupation, Integrated Education, or Contextualized Instruction is provided by Broward College that combines post-secondary education with work experience. CSBD Navigator programs offer youth work experience and employability skills to provide workforce preparation together with skills training through at-work experiences.
6. Leadership development opportunities are embedded in the all youth provider programs.
7. Supportive services are a component of youth assessments and support is made available through WIOA or a partner program, as appropriate, to enable an individual to participate in WIOA activities.
8. Adult mentoring is offered to youth through the staff of the provider programs. While CSBD has issued RFPs for entities wishing to provide mentors; however, an entity that can provide such services has not been identified.
9. Follow-up services are provided to all WIOA youth.
10. Comprehensive guidance and counseling in the forms of individualized counseling to participants is required by all CSBD youth service providers. Youth needing substance and alcohol abuse counseling, and mental health counseling, are referred to partner programs.
11. Financial literacy education is offered through online programs by youth service providers and through the one-stop centers, as well as through one-on-one guidance by the youths' case managers.
12. Entrepreneurial skills training is provided through Junior Achievement to some CSBD youth service providers who can refer youth to those classes, as appropriate.
13. Services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area is provided through the one-stop centers. CSBD youth service providers are given access to information, as needed.

14. Post-secondary preparation and transition activities are provided to ISY and to OSY youth seeking to attend post-secondary school.

As funds are available, CSBD may also use WTP funds for summer youth employment program activities or a year-round non-custodial parent program.

A. Define the term “a youth who is unable to compute or solve problems, or read, write, or speak English at a level necessary to function on the job, in the individual’s family, or in society.”

Describe how the local board defines whether a youth is unable to demonstrate these skills sufficiently to function on the job, in their family, or in society and what assessment instruments are used to make this determination (20 C.F.R. §681.290).

CSBD youth services are currently provided through its youth providers. Youth providers generally use the TABE to assess participant’s literacy skills and youth scoring 8.9 or below are considered to be basic skills deficient, however CSBD also allows its providers to use additional assessments identified in their responses to CSBD RFP’s and which are cited to in their contracts. For some providers the contract leaves the door open for the provider to identify an assessment tool appropriate for an individual youth. Specific assessments used by providers include:

Emotional readiness assessments

Assessment of other non-cognitive skills such as motivation stress, management organization and the ability to cope with financial pressure

Career Coach – an assessment based on a series of activities related to the work environment, personality types and career interests.

Work Keys - Career Readiness.

PERT (Post-Secondary Education Readiness Test) – to assess reading, writing and mathematics.

LOEP (Levels of English Proficiency) - Reading and Listening Comprehension for English language learners.

The Broward College Internet and Computing Certification (Global Standard) - Tests basic computer literacy in the areas of computer hardware, computer software, use of an operating e-system; key applications and use of a digital platform.

Disability Services Testing - Measures disabilities and determines the accommodations needed.

CLEP - Measures knowledge in thirty-three (33) academic areas

BYU Foreign Language Testing (BYU FLATS) - Allows students to fulfill the foreign language competency requirement by passing a computerized foreign language exam if a language requirement is a part of the youth's course of study.

Direct Your Future by JoAnn Harris Bowsbey, Ed.D.

Kuder Navigator.

Employability Skills Pre/Post Test.

Employability Skills Inventory.

Not all providers use all assessments.

B. Define “requires additional assistance.”

Describe how the local board defines the term “requires additional assistance” used in determining eligibility for WIOA-funded youth programs (20 CFR §681.300).

CSBD is defining the term “Additional assistance (for OSY) to enter or complete an educational program or to secure or hold employment as having low income (as referred by law) and one of the barriers listed below:

1. Historical or current personal or family substance abuse
2. Gang involved, affiliated, or affected due to family member involvement
3. Victim of abuse or domestic violence or family history of abuse or domestic violence
4. Victim of human trafficking
5. A youth who has a parent that is or was incarcerated within the past 24 months

6. A youth lacking a significant or positive work history based upon:
 - a. Their having been fired from one (1) or more jobs within the last six (6) months, or
 - b. Their having been employed in three (3) or more jobs within the last 12 months, and who is no longer employed or,
 - c. A youth who has actively been seeking full-time employment for at least two (2) months, but remains unemployed, or employed part-time. Includes a youth with no employment history.

At this time, CSBD is reserving the opportunity to define additional assistance for purposes of the 5% window.

RECITALS

The Workforce Innovation and Opportunity Act of 2014, P.L. 113-128 as codified in 20 C.F.R. Part 678 ("WIOA") requires that the Broward Workforce Development Board, Inc., a not-for-profit Florida corporation ("BWDB"), enter into a MOU with each one-stop partner as described in the legislation.

CAREERSOURCE BROWARD serves as the administrative entity for both the BWDB and the Council of Elected Officials ("Council") in Workforce Development Area 22, which encompasses Broward County, Florida, and is authorized to enter into this MOU on behalf of the BWDB.

Memorandum #08-15 (LS)

To: Mason Jackson, President/CEO
From: Rochelle J. Daniels, General Counsel
Subject: CareerSource Broward Council "By-Laws" Policy for BWDB Nominations and Appointments
Date: January 19, 2016

Summary

The Notice of Proposed Rule Making (NPRM) which are the Workforce Innovation and Opportunity Act (WIOA) proposed regulations require that local elected officials establish by-laws for local board nominations and appointments. CareerSource Broward (CSBD) has policies and procedures it has followed for the areas required to be covered by these by-laws. The proposed regulations in this area are unlikely to change when the final regulations are issued. Approval of the by-laws/policy below is recommended so that they may be included in the two (2) year plan which is required by the state.

Background

CSBD has had a formal process for local board appointments which has been approved by the CSBD Council of Elected Officials (CSBD Council) over the course of its history. 20 CFR 679.310(g) requires that by-laws be established by the chief local elected officials¹ that addresses:

1. The nomination process for the Local Board chair and members
2. The term limitations and appointments that are staggered to ensure a portion of the memberships expire in a given year
3. The process of notifying the CSBD Council of board vacancies
4. Proxies and alternative designees
5. The use of technology for meetings to promote board member participation
6. The process to ensure board members actively participate in convening the workforce development system's stakeholders
7. Any other conditions governing appointment or membership on the State Board as deemed appropriate by the chief local elected officials.

¹ The regulation refers to the singular however, the law provides for local elected officials to agree to a process for board nominations and the CSBD process calls for approval by all the members of the CSBD Council.

In addition to the above, 20 CFR 679.320 requires that consistent with the criteria established by the State Board, chief local elected officials must establish a formal nomination and appointment process for local board members ensuring:

- a. Business representatives are appointed from among individuals who are nominated by local business organizations and business trade associations.
- b. Labor representatives are appointed from among individuals who are nominated by local labor federations (or, for a local area in which no employees are represented by such organizations, other representatives of employees).
- c. That when there is more than one local area provider of adult education and literacy activities, or multiple institutions of higher education providing workforce investment activities, nominations are solicited from those particular entities.
- d. That an individual may be appointed as a representative of more than one entity if the individual meets all the criteria for representation of each entity.
- e. That all required board members have voting privileges and that the chief elected official may convey voting privileges to non-required members.

Discussion

While the words "by-laws" are used in the NPRM, other boards have incorporated the requirements of the NPRM a number of ways. Some through their inter-local agreements, others through their elected official – board agreements and still others through a separate document. Described below are the CSBD Council's current policies and procedures for the nominations and appointment process as required by the NPRM. If approved and formally adopted by the CSBD Council as their policy and procedures we believe this will satisfy the regulatory requirement and we will include the adopted policy and procedure in our local plan.

1	The nomination process for local workforce board members.	<p>The Organizational Resources Committee considers demand occupations in the workforce area and makes recommendations of local business organizations or business trade associations for nominees. We reach out to them for nominees.</p> <p>Recommended nominees are placed on a regularly scheduled meeting of the CSBD Council. The BWDB recommends the appointments.</p> <p>The CSBD Council votes on appointment of the members.</p>
1a	The nomination process for the local workforce board chair	<p>The Organizational Resources Committee recommends a slate of officers.</p> <p>The board is presented with the slate and may make additional nominations.</p> <p>All officer nominations are presented to the CSBD Council and the BWDB. They vote on the appointment of the officers at a regularly scheduled meeting.</p> <p>Officers' terms are one (1) year and may be elected for two (2) consecutive terms.</p>
2	Nominations of non private sector workforce board members	Nominations are solicited from representative organizations of each category. The nomination is referred to the Organizational Resources Committee which follows the board nomination process described above.
3	The term limitations:	Board members are appointed for two (2) year terms on a staggered basis.
4a	Vacancies: workforce board member resignations	<p>Upon resignation of a workforce board member the President informs the CSBD Council and the BWDB Executive Committee.</p> <p>The vacancy is referred to the Organizational Resources Committee which follows the board nomination process described above.</p>

(Continued)

4b	Vacancy: workforce board member expired terms	Members may be reappointed. There is no limit on the number of terms a member may serve. Re-appointments are brought to the CSBD Council at the beginning and mid-point of the calendar year, or as needed. Any vacancy is filled as described above.
5	Proxies and alternative designees	There is no provision for proxies or alternates.
6	Technology	The CSBD Council and the BWDB follow Florida law and allow attendance via telephone when necessary.
7	Ensuring board members participate in convening stakeholders	The President/CEO brings the process for ensuring community participation to the CSBD Council and BWDB at a regularly scheduled meeting.
		Based upon CSBD Council and BWDB actions stakeholders are invited to participate at the committee and governing board levels.

Recommendation

It is recommended that the CSBD Council adopt the above policies and procedures which represent the manner in which nominations and board participation have been implemented to date.

OLD BUSINESS

1. **Selection of Out of School Youth (OSY) Providers**

Per the direction of CareerSource Broward governing boards' at the December board meeting, staff met with each of the OSY proposers to negotiate and discuss their recruitment and engagement strategies. Based upon the information provided and the recommendations of the Youth Committee it is recommended that CSBD fund the following providers through June 30, 2016, 1) **Vendor** – Set aside \$20,000 for Junior Achievement for referral of youth to Leadership Development Training/ Financial Literacy and/or Entrepreneurial Training/ Financial Literacy and 2) to continue to hold the \$20,000 set aside for tutoring 3) **Navigators** – award HANDY \$49,950, FLITE \$50,333 and SUNSERVE \$21,750 to provide Navigators to youth and 4) **Full Service** – award Broward College \$300,000 to provide full service program activities to youth. The Henkels and McCoy proposal will be considered in the spring once we know next year's allocation. Approved at the 1/6 Youth Committee meeting. Because a BWDB member, Ms. Mildred Coyne, is employed at Broward College this recommendation must be approved by a 2/3 vote of the BWDB members present with an established quorum at the BWDB meeting. Approved at the 1/6 Youth and 1/19 Executive Committee meetings. *(This is in alignment with the BWDB goal to align Broward's services to maximize employment and training opportunities for targeted populations.)*

Mason Jackson gave a presentation on the OSY Provider options and the recommendations approved by the Youth and Executive Committee meetings.

Board and Council of Elected Officials questions/comments on this item were as follows:

- Mayor Jack Seiler inquired how youth will be selected for the Junior Achievement program and if it is possible to expand it to serve more youth. Mason Jackson responded that the vendor will do the vetting of the youth and, should there be a great demand for this program, we can bring it back to the Board to consider expanding it.
- Gina Alexis inquired why Henkels and McCoy will not participate unless there is a two year contract. Mason Jackson responded that as they do not have a presence in Broward County, they do not want to do the legwork to establish a base here for only six months.
- Michael Carn asked since Broward College has several locations throughout the County, which location(s) will their OSY program operate out of and how will it be controlled. Mildred Coyne responded that there will be a college-wide administrator office – either at the Downtown or Central location – that will be working with staff based out of each of the three campuses.

On a motion made by Mayor Jack Seiler and seconded by Mayor Peter Bober, the Broward Workforce Development Board/CareerSource Broward Council of Elected Officials unanimously approved the selection of Out of School Youth Providers.

Note and for the record, during the meeting, Mildred Coyne submitted a conflict of interest form as she is employed by Broward College. She abstained from voting on this item.

NEW BUSINESS

1. Non-material Modifications to the Inter-local Agreement

As the Workforce Investment Act of 1998, (WIA) has been replaced with the Workforce Innovation and Opportunity Act of 2014, (WIOA) it is appropriate to modify the Inter-local Agreement between the Cities of Hollywood and Fort Lauderdale and The Broward County Board of County Commissioners to eliminate references to WIA and to substitute WIOA. In it is recommended we substitute the Department of Economic Opportunity for references to the Agency for Workforce Innovation which no longer exists and to eliminate the reference to the Welfare to Work Act which has expired. Consideration to approve the non-material modifications to the Inter-local Agreement. *(This is in alignment with the BWDB goal to maintain our role as local workforce development leaders.)*

On a motion made by Mayor Jack Seiler and seconded by Mayor Peter Bober, the Broward Workforce Development Board, Inc./CareerSource Broward Council of Elected Officials unanimously approved the non-material modifications to the Inter-local agreement.

2. BWDB By-Laws/Policies on BWDB Nominations and Appointment

It is recommended that the CSBD Council adopt the by-laws/policies and procedures which commits to a writing the manner in which the CSBD Council nominates and appoints BWDB members so they may be included in the two (2) year plan which is required by the state. The Notice of Proposed Rule Making which are the Workforce Innovation and Opportunity Act (WIOA) proposed regulations require that local elected officials establish "by-laws" for local

board membership. The proposed policy and procedure is not a change from the current practices of the CSBD Council which are largely dictated by WIOA and previously by WIA. *(This is in alignment with the BWDB goal to maintain our role as local workforce development leaders.)*

On a motion made by Mayor Jack Seiler and seconded by Mayor Peter Bober, the CareerSource Broward Council of Elected Officials unanimously approved the CSBD Council's by-laws/policies.

3. PY 15 – 16 Revised Budget

The amount of formula dollars available to CSBD for PY 15-16 totals \$21,076,196. This is a 5% (\$1,053,824) increase from the planning numbers presented in June. The changes from the preliminary PY 15-16 budget to the actual PY 15-16 budget are due to 1) the Workforce Innovation and Opportunity Act Dislocated Worker supplemental award was larger than forecasted 2) additional awards in the Supplemental Nutritional Assistance Program and Welfare Transition Program, and 3) an increase in the WIOA Youth carry forward funds initially projected. Administrative percentages remained the same. Approved at the 1/5 One Stop Services and Special Populations and 1/19 Executive meetings. *(This is in alignment with the BWDB goal to align Broward's services to improve the sustainability of the workforce system through increased funding, efficiency, and relevancy.)*

Mason Jackson stated that the training dollars remain the same although the percentage is less. He explained that CSBD is having difficulty spending the ITA dollars and are ramping up the OJT program to help do so.

Commissioner Tim Ryan inquired if the 5% increase in budget funding was tied to performance. Mason Jackson responded that the increase was not due to a performance allocation, it came from emergency funds the State withholds every year and disperses around this time. He noted that we are usually not aware of how much we will receive in advance.

On a motion made by Commissioner Tim Ryan and seconded by Joe Cobo, the Broward Workforce Development Board, Inc./CareerSource Broward Council of Elected Officials unanimously approved the PY 15-16 Revised Budget.

4. OJT Wage Reimbursement Rate under WIOA

Consideration to approve 1) 75% reimbursement rate to employers with 250 or less employees and 2) 50% to employers with 251 or more employees. Under WIOA, the employer wage reimbursement rate is 50%; however WIOA allows local boards the authorization to approve up to a 75% reimbursement rate. This will allow CSBD to continue to assist small businesses to grow the local economy by providing meaningful employment opportunities. Previously, it was 90% for employers with 50 or less employees, 75% for employers with 51-250 employees and 50% for employers with 251 or more employees. Approved at the 12/8 Employer Services and 1/19 Executive Committee meetings. *(This is in alignment with the BWDB goal to align Broward's services to maximize employment and training opportunities for targeted populations.)*

On a motion made by Michael Carn and seconded by Mayor Jack Seiler, the Broward Workforce Development Board, Inc./CareerSource Broward Council of Elected Officials unanimously approved the OJT wage reimbursement rates under WIOA.

5. President/CEO Evaluation

In accordance with Broward Workforce Development Board, Inc. (BWDB) and CareerSource Broward Council of Elected Officials policy the Executive Committee evaluates the President/CEO using an instrument developed by the Organizational Resources Committee. The evaluation instrument was distributed to the Executive Committee members by the Legal Department in November. The scores have been tabulated and averaged. The results are published in the agenda backup. Approved at the 1/19 Executive Committee meeting. *(This is in alignment with the BWDB goal to maintain our role as local workforce development leaders.)*

Mayor Jack Seiler stated that he fully supports the Executive Committee's evaluation results as it is consistent with what he has seen.

On a motion made by Joe Cobo and seconded by Gary Arenson, the Broward Workforce Development Board, Inc./CareerSource Broward Council of Elected Officials unanimously approved the President/CEO Evaluation.

6. **Broward County Unemployment**

The unemployment rate in Broward County was 4.3 percent in December 2015. Lower by 0.7 percentage point over the year. In December 2015, Broward County's unemployment rate was 0.4 percentage point lower than the state rate (4.7 percent) and 0.5 percentage point lower than the national rate (4.8 percent). Out of a labor force of 999,633 there were 43,255 unemployed Broward County residents. (Please reference agenda item old business #1, new business #4, and report #2 as actions taken to address the high unemployment and/or increased traffic in the career centers). *(This is in alignment with the BWDB goal to maintain our roles as workforce development leaders.)*

REPORTS

1. **Suspension of Supplemental Nutrition Assistance Program Performance Report**

In preparation for SNAP E&T program transition from voluntary to a mandatory program on 1/1/2016 for Able-Bodied Adults without Dependents the state has 1) ceased new referrals from the Department of Children and Families to the SNAP Employment & Training program and 2) mandated that we close all voluntary cases. At this time the state has not established new performance measures for the program. Therefore we are suspending reporting on the SNAP E & T program until new performance measures and goals are available.

Mason Jackson stated that he was on a conference call recently and they were going to send out letters to noncompliant people regarding cancellation of their benefits. He explained that as the system was not working properly, he recommended they hold off on sending these letters until it is fixed.

2. **Update on Community Input for Local Plan Development**

WIOA requires that we develop a new local plan that describes how the board will execute its functions. Per Board direction, each committee agenda has incorporated a discussion around one or more of the function areas and invited employers, partners, and stakeholders as appropriate to participate in the discussions. The feedback received from these meetings is provided.

Mason Jackson stated that there was a Joint Broward Workshop and BWDB meeting last week to discuss how the two entities can coordinate better. Michael Carn inquired if the outcomes of that meeting will be sent out to the Board. Mason Jackson responded that the minutes for this meeting are been finalized.

3. CareerSource Broward Ice Cream Social

On December 15, 2015, Board Chair, Frank Horkey, and past Chairs, Pam Sands, Gary Arenson and Dr. Ben Chen sponsored an ice cream social held at each CareerSource Broward Center to show their gratitude and recognition of the employees' hard work and commitment to quality service and performance excellence. The event was a big success and well received by staff, which provided dozens of testimonials praising the occasion and the Board.

Mason Jackson thanked BWDB Chair, Frank Horkey, and past Chairs, Pam Sands, Gary Arenson and Dr. Ben Chen for doing this for staff.

MATTERS FROM THE CAREERSOURCE BROWARD COUNCIL

Mayor Frank Ortis congratulated Rochelle Daniels on publishing a book and donating the proceeds to the United States Conference of Mayors.

MATTERS FROM THE BROWARD WORKFORCE DEVELOPMENT BOARD

None

MATTERS FROM THE FLOOR

None

MATTERS FROM THE PRESIDENT/CEO

Mason Jackson stated:

1. BWDB Chair, Frank Horkey got injured in Las Vegas which is part of the reason he was unable to attend this meeting.
2. Frank Horkey appointed Michael Carn to chair the Audit Committee.
3. Several bills have been filed in the House and Senate that address some of the items on our state legislative agenda. He noted that he will provide more information on these bills after he attends the state meetings in February in Tallahassee. He noted that, if passed, the limitation on board size will be lifted so we will be able to add members to the board.

Roy Rogers, a member of the public, stated that he had voluntarily resigned from the Board when the State required that membership consist of specific categories, not to exceed certain numbers. He inquired if that requirement was still in place. Mason Jackson responded that there have been changes to the categories, especially in terms of the mandatory partners which are no longer mandated under Federal law. He explained that these changes will be brought back to the Organizational Resources Committee once the bill is passed, as they will be working to fill the two vacancies on the Board – especially from private sector.

4. Pam Sands, Dr. Ben Chen and he will be attending the Florida Workforce Development Association, State board and Florida Chairs Association meetings in Tallahassee, FL on 2/2-2/3.

Memorandum #11 – 15 (LS)

To: Mason C. Jackson, President/CEO
From: Rochelle Daniels, General Counsel
Subject: Revision of the Memorandum of Understanding between the Local Boards and Local Elected Officials
Date: March 11, 2016

SUMMARY

The Workforce Innovation and Opportunity Act (WIOA) mandates that an agreement be entered into between the CareerSource Broward (CSBD) Council of Elected Officials (Council) and the Broward Workforce Development Board, Inc. (BWDB). The state is asking that a copy of an agreement between the Council and the BWDB be included in our four (4) year strategic WIOA plan. The attached agreement assigns responsibilities between and among, the Council and the BWDB.

BACKGROUND

Under the Workforce Investment Act, (WIA) local boards could enter into agreements with the chief local elected officials to describe the responsibilities of each of the parties. Some states required that these agreements be created. Other states left it to the local workforce area to determine whether they wanted or needed such an agreement. In 2012, the state required local workforce areas develop such agreements. As a result, CSBD drafted an agreement that was approved by both the Council and the BWDB. The agreement that we developed closely followed the assignment of responsibilities as they were articulated in WIA.

DISCUSSION

WIOA stipulates that the chief local elected official(s) and local workforce development board identify the responsibilities of each of the parties responsible for policy and oversight in a Memorandum of Understanding (MOU). The state is again requiring that an agreement be developed and included with our strategic plan. To do this, we have taken the current agreement and amended it to incorporate the additional responsibilities assigned to the Council, the BWDB, and the two entities together under WIOA.

We have attached a copy of the amended agreement with the language to be deleted stricken and the language to be added underscored. Also attached is a clean updated copy of the modified agreement which incorporates the changes. The changes are summarized below:

1. References to WIA have been changed to WIOA
2. References to Workforce One Employment Solutions have been changed to CSBD.
3. Responsibilities of the BWDB in concert with the Council have been modified to include:
 - a. Commenting on the State Plan.
 - b. Approval of modifications to the strategic plan.
 - c. Participate in regional planning if assigned to a region.
 - d. Developing one-stop certification criteria and requiring an annual quality assurance and monitoring plan which covers how CSBD will monitor its fiscal and adult, dislocated worker and youth program activities, one-stop accessibility, and compliance with certification criteria.
 - e. The addition on non-mandatory one-stop partners and agreements for one-stop partner infrastructure contributions.
 - f. Approval of the adult priorities.
4. Responsibilities of the BWDB have been amended to include:
 - a. Assisting the state with the vetting process for eligible training providers, approving exceptions to the Eligible Training Providers List and ensuring customer choice in the selection of a training provider from the approved state-wide list, coordinating with our Core Partners on approval of Eligible Training Providers.
 - b. To assure the BWDB directs the work of its committees, and appoints BWDB members as the chair of the committees although they may include non-board members.
 - c. Convening stakeholders to get their input into the local plan development, develop and implement career pathways, enter into memoranda of understanding with the one-stop partners.
 - d. Facilitating one-stop partners' integration of intake and case management systems.
 - e. Selecting career services providers if the services are not delivered by the one-stop operator.

- f. Determining whether youth providers should be selected through a sole source procurement.
- g. Ensure there are sufficient numbers of career services and training providers.
- h. Subject: WIOA Local Plan for Program Years 20/21 – 23/24

Date: March 11, 2020

SUMMARY

Consideration to approve the CSBD Workforce Innovation and Opportunity Act (WIOA) Local Plan for Program Years 20/21 – 23/24. WIOA requires local workforce development boards (LWDB), in partnership with the chief local elected officials, to develop and submit a comprehensive four-year plan to the state. Pursuant to CareerSource Florida's (CSF) guidelines, our LWDB plan addresses how we will coordinate service delivery with the core partners and is based on the current and projected needs of the workforce development system in Broward County. In accordance with the law, we posted the plan on our website on 2/10 to allow for a 30-day public review period. The final plan will be submitted to the state on 3/26. Approved at the 3/16 Executive Committee meeting.

BACKGROUND

WIOA requires each LWDB, in partnership with the chief local elected officials, to develop and submit a comprehensive four-year plan to the state. The Plan follows the guidance received from CareerSource Florida (CSF). WIOA emphasizes the importance of collaboration and transparency in the development and submission of the plan, and requires that our partners and the public be given an opportunity to provide comments and input in the development of the plan.

On 2/7/2020 CSBD advertised in two community newspapers 1) the Sun-Sentinel and 2) the Broward Daily Business Review indicating the plan would be available for public review on 2/12/2020. No one attended the meeting. The plan was also published on our website in the section for public meeting notices.

DISCUSSION

The plan provides a complete view of the system-wide needs of the local workforce development area and addresses how we will 1) foster strategic alignment, 2) improve service integration and 3) ensure that the workforce system is industry-relevant; responding to the economic needs of our local workforce development area and matching employers with skilled workers. Our local plan explains how we will strive toward greater efficiencies by working to reduce duplication and maximizing financial and human resources. Lastly, our plan addresses current and future strategies to address the continuous improvement of our local and statewide workforce system by focusing on customer service excellence while aligning with the business and market-driven principles of the CSF network.

An Executive Summary of the Plan is attached to this memo. contains the sections listed below. We have also indicated changes and updates, as required by the planning guidance, for each section. The final WIOA four-year plan will be submitted to the state on 3/26/2020 and will be effective 7/1/2020 for Program Years 20/21 – 23/24.

RECOMMENDATION

Approval of Workforce Innovation and Opportunity Act (WIOA) Local Plan for Program Years 20/21 – 23/24.

Executive Summary

I. Organizational Structure

The elected officials entered into a Consortium Agreement which describes how they shall execute their duties and responsibilities. The Consortium Agreement was amended on January 28, 2016, at a publically noticed regularly scheduled combined elected officials and workforce board meeting to incorporate their WIOA responsibilities.

CSBD serves as staff to the local board and also as the fiscal agent. There is an agreement in place between the Board and the CSBD Council of Elected Officials. In accordance with the requirement that firewalls are to be in place to guard against conflict of interest, the Board, the CSBD Council of Elected Officials and CSBD have also implemented the following safeguards:

1. We have adopted a code of conduct applicable to the Board and to CSBD employees in accordance with the Uniform Guidance found at 2 CFR 200.
2. Because CSBD is a political subdivision under Florida Statutes 163.01, staff, the Board and the CSBD Council follow state statutes with respect to the application of conflict of interest policies, in accordance with the Florida state statutes and the code of ethics for public officials, and files Form 8B as required whenever there is a conflict, which arises in conjunction with a contract to be entered into by CSBD, or its governing boards.
3. CSBD follows the State Contracting Policy regarding conflict of interest, which is echoed by the Uniform Guidance that requires CSBD as a sub-recipient to notify the state (recipient) in the event of a conflict.
4. All issues concerning conflict of interest of board members or staff are also noted in the minutes of the meeting at which a vote is taken.
5. The BWDB has appointed an Audit Committee, which reviews all budget, monitoring and monetary issues.
6. CSBD contracts for external monitoring. All monitoring reports, state and external reports, as well as the annual audit appear on the Audit Committee Agenda and on the joint CSBD Council of Elected Officials and BWDB Board Regular Meeting Agendas for acceptance or action as appropriate.

Currently, CSBD procures a staffing company to manage and staff the one-stop career centers. CSBD will continue to use the staffing company model for the delivery of WIOA Title I adult and dislocated worker services and for the delivery of career services under any discretionary grants received. EmpHire Staffing is the staffing agency that was competitively procured to provide the staff who delivers the career services.

CSBD procured and contracted with a one-stop operator, Workforce Guidance Associates, LLC., to coordinate services among the partners.

II. Analysis of Need and Available Resources

This section provides an analysis of existing and emerging in-demand industry sectors and occupations, along with the knowledge and skills needed to meet the needs of the employers in the workforce area.

All youth program elements are available to youth as part of a menu of services based on their objective assessment and Individual Service Strategy (ISS). The 14 elements identified by WIOA are available to youth on an as-needed basis through our contracted youth services providers. CSBD continues to contract with out-of-school youth service providers using three different service models 1) Navigator, 2) Vendor and 3) Traditional Full Service.

CSBD combines funds provided by the CSC and various local units of government to serve an estimated 600 – 800 at-risk and low-income youth, ages 16 – 18, during the summer months. WIOA funds, when available, may be used to serve youth with employability skills and a work experience. Welfare Transition Program funds, when available, may serve youth through age 24 with employability skills and a work experience.

III. Local Workforce Development Area Vision and Strategic Goals

The Plan includes a description of the workforce development activities in the local workforce area, an analysis of the strengths and challenges experienced in the delivery of the services, and the capacity to provide services to meet the education and skill needs of job seekers and the employment needs of local employers.

The core partners all have seats on the BWDB as required by law and also serve on Board committees. CSBD has entered in a Memoranda of Understanding with both our core and legislative partners. Because of the presence of our core partners on the board and BWDB committees, they are a part of the decision-making process.

IV. Coordination of Services

To expand our function as strategists and community conveners to hear “the voice of the customer” on the workforce needs of Broward County, we participate in community and business initiatives to harness the expertise that exists within the local workforce area. The intent of our participation in these collaborative efforts is to meet local workforce area development needs, coordinate services as well as to find solutions for special populations with barriers to employment. Recommendations from the meetings move on to our governing boards, culminating in the roadmap, which are both incorporated into this workforce services plan and also into a strategic planning matrix, as applicable to each of the board’s committees, so that the members can work on the objectives throughout the year.

As is required by WIOA, secondary and post-secondary education is represented on the Board. This provides an opportunity for education to be aware of and have input into Board initiatives and activities. Education representatives are also invited to business forums so they can hear directly from the business community with respect to training needs and skills gaps. The Plan identifies the advantages of a single school district,

technical college and community district has when working to meet employer and student needs.

V. Description of Local One-Stop System

All required partners are co-located in the CSBD career centers. The partners make their core services available through the one-stop centers. All one-stops are American with Disabilities Act (ADA) compliant. Integrated Resource Teams (IRT) are assembled for special needs individuals. Each center has a Disability Specialist assigned to assist these customers with using the assistive technology, or to schedule an interpreter as needed. CSBD assistive tools include: screen readers, screen magnifiers, JAWS software, bigger keyboards, and a specialized mouse. Staff is trained annually on disability etiquette and serving customers with disabilities.

CSBD has also hired staff to go out into the distressed communities to bring them information about CSBD services and also to bring our workshops to where the customers live. WIOA allows local boards to set the rate of reimbursed for OJT up to 75%. CSBD's OJT reimbursement rate is 75% straight-time wage reimbursement for all employers, including those with 251 or more employees that are located in a distressed zip code or opportunity tax zone. As job seekers work close to their homes, especially in distressed communities, it makes sense to offer this type of reimbursement to these employers instead of basing it on job seekers' characteristics, which could be discriminatory.

VI. Description of Program Services

The one-stop system provides access to the career services, as required by WIOA section 134 and integrates Wagner-Peyser, Veterans, RA and RESEA, WIOA Title I, TAA, WT/TANF, SNAP Employment and Training, Vocational Rehabilitation, Adult Education and Family Literacy Act funding streams and programs.

A key CSBD partnership with the Greater Ft. Lauderdale Alliance helps to prioritize industry clusters through sharing types of businesses relocating to our local workforce area. CSBD also reviews various industries' hiring demands, references Enterprise Florida's Statewide Strategic Plan along with the Florida Chamber Foundation's Six Pillars of Florida's Future Economy™.

Intermediaries are utilized to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations expanding its service delivery to employers.

To comply with the WIOA priority emphasis to recipients of public assistance, low-income, and basic skills deficient job seekers and USDOL ETA TEGL 3-15, guidance CSBD has included the following priorities of service:

ADULT PRIORITIES

1. Veterans and eligible spouses who are WIOA eligible and who also have one of the barriers in the priority list which follows.
2. Individuals who are not veterans or eligible spouses, but who have any one or more of the barriers in the priority list which follows.

3. Veterans and their eligible spouses who do not have any of the barriers listed as a WIOA priority in the chart below including:
 - a. Military spouses who have lost employment as a direct result of a relocation to accommodate a permanent change in duty station of the spouse.
 - b. Military spouses who are a dependent spouse of a member of the Armed Forces on active duty whose family income is significantly reduced, as determined by the State or local area, because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the service member.
 - c. Military spouses who are unemployed or underemployed and are experiencing difficulty in obtaining or upgrading employment.
4. Individuals who are not veterans and do not have any of the adult barriers listed below.

The barriers referred to in the Adult Priorities chart are the barriers listed in WIOA, paragraph 24 (3) and below in alphabetical order and are defined pursuant to WIOA.

1. Disabled Individual
2. Displaced homemaker

In addition to these priorities, customers must also meet income eligibility based on the BWDB Self-Sufficiency guidelines.

Dislocated workers have their own eligibility criteria.

CSBD supports the use of registered apprenticeships to enhance employment opportunities for job seekers. CSBD meets periodically with Atlantic Technical College to discuss additional ways we can partner to expand apprenticeship opportunities. CSBD added all the apprenticeships in Broward County to its ITA List, which is available to job seekers. CSBD has two representatives on its Board that provide training in the apprenticeship arena, which helps to enhance the awareness of apprenticeships and their use.

CSBD is providing entrepreneurial training to Broward County residents interested in starting their own businesses.

In PY 18-19, CSBD was awarded two CareerSource Florida Apprenticeship Grants; one is a pre-apprenticeship training in construction and the other is apprenticeship training in

the IT industry. Thirty-five (35) youth completed pre-apprenticeship training in administration, construction, culinary arts and horticulture. CSBD has also placed seven (7) individuals in a construction apprenticeship program with the Fort Lauderdale Housing Authority. In PY 19-20, CSBD was awarded a CareerSource Florida Apprenticeship Grant in the Marine Industry.

In addition to the Youth Program eligibility, CSBD wanted to expand the universe of youth able to be served under WIOA the One Stop Services Committee reviewed the current definition of “requires additional assistance.” Their recommendations were approved for inclusion in the plan by the CSBD governing boards as follows:

CSBD is defining the term “requires additional assistance” (for OSY) to enter or complete an educational program or to secure or hold employment as having low income (as referred by law) and one of the barriers listed below:

1. Historical or current personal or family substance abuse

 - c. A youth who has actively been seeking full-time employment for at least two (2) months, but remains unemployed, or employed part-time. Includes a youth with no employment history.

WIOA requires local workforce development boards (LWDB), in partnership with the chief local elected officials, to develop and submit a comprehensive four-year plan to the state. Approved at the 3/16 Executive Committee meeting.

BACKGROUND

WIOA requires each LWDB, in partnership with the chief local elected officials, to develop and submit a comprehensive four-year plan to the state. The Plan follows the guidance received from CareerSource Florida (CSF). WIOA emphasizes the importance of collaboration and transparency in the development and submission of the plan, and requires that our partners and the public be given an opportunity to provide comments and input in the development of the plan.

On 2/7/2020 CSBD advertised in two community newspapers 1) the Sun-Sentinel and 2) the Broward Daily Business Review indicating the plan would be available for public review on 2/12/2020. DISCUSSION

The plan provides a complete view of the system-wide needs of the local workforce development area and addresses how we will 1) foster strategic alignment, 2) improve service integration and 3) ensure that the workforce system is industry-relevant; responding to the economic needs of our local workforce development area and matching employers with skilled workers. RECOMMENDATION

Approval of Workforce Innovation and Opportunity Act (WIOA) Local Plan for Program Years 20/21 – 23/24.

Executive Summary

I. Organizational Structure

The elected officials entered into a Consortium Agreement which describes how they shall execute their duties and responsibilities. The Consortium Agreement was amended on January 28, 2016, at a publically noticed regularly scheduled combined elected officials and workforce board meeting to incorporate their WIOA responsibilities.

CSBD serves as staff to the local board and also as the fiscal agent. There is an agreement in place between the Board and the CSBD Council of Elected Officials. In accordance with the requirement that firewalls are to be in place to guard against conflict of interest, the Board, the CSBD Council of Elected Officials and CSBD have also implemented the following safeguards:

1. We have adopted a code of conduct applicable to the Board and to CSBD employees in accordance with the Uniform Guidance found at 2 CFR 200.
2. Because CSBD is a political subdivision under Florida Statutes 163.01, staff, the Board and the CSBD Council follow state statutes with respect to the application of conflict of interest policies, in accordance with the Florida state statutes and the code of ethics for public officials, and files Form 8B as required whenever there is a conflict, which arises in conjunction with a contract to be entered into by CSBD, or its governing boards.
3. CSBD follows the State Contracting Policy regarding conflict of interest, which is echoed by the Uniform Guidance that requires CSBD as a sub-recipient to notify the state (recipient) in the event of a conflict.
4. All issues concerning conflict of interest of board members or staff are also noted in the minutes of the meeting at which a vote is taken.
5. The BWDB has appointed an Audit Committee, which reviews all budget, monitoring and monetary issues.
6. CSBD contracts for external monitoring. All monitoring reports, state and external reports, as well as the annual audit appear on the Audit Committee Agenda and on the joint CSBD Council of Elected Officials and BWDB Board Regular Meeting Agendas for acceptance or action as appropriate.

Currently, CSBD procures a staffing company to manage and staff the one-stop career centers. CSBD will continue to use the staffing company model for the delivery of WIOA Title I adult and dislocated worker services and for the delivery of career services under any discretionary grants received. EmpHire Staffing is the staffing agency that was competitively procured to provide the staff who delivers the career services.

CSBD procured and contracted with a one-stop operator, Workforce Guidance Associates, LLC., to coordinate services among the partners.

II. Analysis of Need and Available Resources

This section provides an analysis of existing and emerging in-demand industry sectors and occupations, along with the knowledge and skills needed to meet the needs of the employers in the workforce area.

All youth program elements are available to youth as part of a menu of services based on their objective assessment and Individual Service Strategy (ISS). The 14 elements identified by WIOA are available to youth on an as-needed basis through our contracted youth services providers. CSBD continues to contract with out-of-school youth service providers using three different service models 1) Navigator, 2) Vendor and 3) Traditional Full Service.

CSBD combines funds provided by the CSC and various local units of government to serve an estimated 600 – 800 at-risk and low-income youth, ages 16 – 18, during the summer months. WIOA funds, when available, may be used to serve youth with employability skills and a work experience. Welfare Transition Program funds, when available, may serve youth through age 24 with employability skills and a work experience.

III. Local Workforce Development Area Vision and Strategic Goals

The Plan includes a description of the workforce development activities in the local workforce area, an analysis of the strengths and challenges experienced in the delivery of the services, and the capacity to provide services to meet the education and skill needs of job seekers and the employment needs of local employers.

The core partners all have seats on the BWDB as required by law and also serve on Board committees. CSBD has entered in a Memoranda of Understanding with both our core and legislative partners. Because of the presence of our core partners on the board and BWDB committees, they are a part of the decision-making process.

IV. Coordination of Services

To expand our function as strategists and community conveners to hear “the voice of the customer” on the workforce needs of Broward County, we participate in community and business initiatives to harness the expertise that exists within the local workforce area. The intent of our participation in these collaborative efforts is to meet local workforce area development needs, coordinate services as well as to find solutions for special populations with barriers to employment. Recommendations from the meetings move on to our governing boards, culminating in the roadmap, which are both incorporated into this workforce services plan and also into a strategic planning matrix, as applicable to each of the board’s committees, so that the members can work on the objectives throughout the year.

As is required by WIOA, secondary and post-secondary education is represented on the Board. This provides an opportunity for education to be aware of and have input into Board initiatives and activities. Education representatives are also invited to business forums so they can hear directly from the business community with respect to training needs and skills gaps. The Plan identifies the advantages of a single school district,

technical college and community district has when working to meet employer and student needs.

V. Description of Local One-Stop System

All required partners are co-located in the CSBD career centers. The partners make their core services available through the one-stop centers. All one-stops are American with Disabilities Act (ADA) compliant. Integrated Resource Teams (IRT) are assembled for special needs individuals. Each center has a Disability Specialist assigned to assist these customers with using the assistive technology, or to schedule an interpreter as needed. CSBD assistive tools include: screen readers, screen magnifiers, JAWS software, bigger keyboards, and a specialized mouse. Staff is trained annually on disability etiquette and serving customers with disabilities.

CSBD has also hired staff to go out into the distressed communities to bring them information about CSBD services and also to bring our workshops to where the customers live. WIOA allows local boards to set the rate of reimbursed for OJT up to 75%. CSBD's OJT reimbursement rate is 75% straight-time wage reimbursement for all employers, including those with 251 or more employees that are located in a distressed zip code or opportunity tax zone. As job seekers work close to their homes, especially in distressed communities, it makes sense to offer this type of reimbursement to these employers instead of basing it on job seekers' characteristics, which could be discriminatory.

VI. Description of Program Services

The one-stop system provides access to the career services, as required by WIOA section 134 and integrates Wagner-Peyser, Veterans, RA and RESEA, WIOA Title I, TAA, WT/TANF, SNAP Employment and Training, Vocational Rehabilitation, Adult Education and Family Literacy Act funding streams and programs.

A key CSBD partnership with the Greater Ft. Lauderdale Alliance helps to prioritize industry clusters through sharing types of businesses relocating to our local workforce area. CSBD also reviews various industries' hiring demands, references Enterprise Florida's Statewide Strategic Plan along with the Florida Chamber Foundation's Six Pillars of Florida's Future Economy™.

Intermediaries are utilized to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations expanding its service delivery to employers.

To comply with the WIOA priority emphasis to recipients of public assistance, low-income, and basic skills deficient job seekers and USDOL ETA TEGL 3-15, guidance CSBD has included the following priorities of service:

ADULT PRIORITIES

1. Veterans and eligible spouses who are WIOA eligible and who also have one of the barriers in the priority list which follows.
2. Individuals who are not veterans or eligible spouses, but who have any one or more of the barriers in the priority list which follows.

3. Veterans and their eligible spouses who do not have any of the barriers listed as a WIOA priority in the chart below including:
 - a. Military spouses who have lost employment as a direct result of a relocation to accommodate a permanent change in duty station of the spouse.
 - b. Military spouses who are a dependent spouse of a member of the Armed Forces on active duty whose family income is significantly reduced, as determined by the State or local area, because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the service member.
 - c. Military spouses who are unemployed or underemployed and are experiencing difficulty in obtaining or upgrading employment.
4. Individuals who are not veterans and do not have any of the adult barriers listed below.

The barriers referred to in the Adult Priorities chart are the barriers listed in WIOA, paragraph 24 (3) and below in alphabetical order and are defined pursuant to WIOA.

1. Disabled Individual
2. Displaced homemaker
3. Ex-Offender
4. Foster Care – dependent youth or who have aged out of the dependency system
5. Homeless or Runaway
6. Indian, Alaska Native, and Native Hawaiian as defined in WIOA Section 166
7. Individuals facing a substantial cultural barrier
8. Individuals within 2 years of exhausting lifetime eligibility under the Welfare Transition Program
9. Long-term unemployed individual (unemployed and looking for work 27 weeks or more)
10. Older individual
11. Migrant and seasonal farm worker
12. Single parent (including single pregnant women)

In addition to these priorities, customers must also meet income eligibility based on the BWDB Self-Sufficiency guidelines.

Dislocated workers have their own eligibility criteria.

CSBD supports the use of registered apprenticeships to enhance employment opportunities for job seekers. CSBD meets periodically with Atlantic Technical College to discuss additional ways we can partner to expand apprenticeship opportunities. CSBD added all the apprenticeships in Broward County to its ITA List, which is available to job seekers. CSBD has two representatives on its Board that provide training in the apprenticeship arena, which helps to enhance the awareness of apprenticeships and their use.

CSBD is providing entrepreneurial training to Broward County residents interested in starting their own businesses.

In PY 18-19, CSBD was awarded two CareerSource Florida Apprenticeship Grants; one is a pre-apprenticeship training in construction and the other is apprenticeship training in

the IT industry. Thirty-five (35) youth completed pre-apprenticeship training in administration, construction, culinary arts and horticulture. CSBD has also placed seven (7) individuals in a construction apprenticeship program with the Fort Lauderdale Housing Authority. In PY 19-20, CSBD was awarded a CareerSource Florida Apprenticeship Grant in the Marine Industry.

In addition to the Youth Program eligibility, CSBD wanted to expand the universe of youth able to be served under WIOA the One Stop Services Committee reviewed the current definition of “requires additional assistance.” Their recommendations were approved for inclusion in the plan by the CSBD governing boards as follows:

CSBD is defining the term “requires additional assistance” (for OSY) to enter or complete an educational program or to secure or hold employment as having low income (as referred by law) and one of the barriers listed below:

1. Historical or current personal or family substance abuse
2. Gang involved, affiliated, or affected due to family member involvement
3. Victim of abuse or domestic violence or family history of abuse or domestic violence
4. Victim of human trafficking

 - b. Their having been employed in three (3) or more jobs within the last 12 months, and who is no longer employed or,
 - c. A youth who has actively been seeking full-time employment for at least two (2) months, but remains unemployed, or employed part-time. Includes a youth with no employment history.

VII. Public Comment Process

In accordance with the WIOA regulations, which require local areas to establish a public comment process consistent with state direction, CSBD made available this plan to the public on its website on 02/10/2020 with notice advising the community of the public hearing to solicit their comments on CSBD’s WIOA Local Plan.

A public hearing was held on 02/12/2020, pursuant to an advertised notice. Present at the public hearing and representing was CSBD’s Quality Assurance and Executive Office staff.

A draft of the proposed CSBD Local Plan was posted on the CSBD website on 2/10/2020, and the public had 30-days to submit comments, including at its publicly held hearing on 02/12/2020.

Entities represented on the Broward Workforce Development Board and its committees, which include economic development, public and private education, veterans groups, community based organizations, chambers, entities representing the disabled, to name a few provided input to the plan by appearing at committee and board meetings to share their thoughts and recommendations regarding the local workforce system.

CSBD also held a planning “retreat” to solicit ideas for the plan in November 2019. Questions were formulated as a guide for the Board members, which centered on how to make our services more accessible to employers and job seekers, and enhance the effectiveness of CSBD.

VI. Description of Program Services

The one-stop system provides access to the career services, as required by WIOA section 134 and integrates Wagner-Peyser, Veterans, RA and RESEA, WIOA Title I, TAA, WT/TANF, SNAP Employment and Training, Vocational Rehabilitation, Adult Education and Family Literacy Act funding streams and programs.

A key CSBD partnership with the Greater Ft. Lauderdale Alliance helps to prioritize industry clusters through sharing types of businesses relocating to our local workforce area. CSBD also reviews various industries' hiring demands, references Enterprise Florida's Statewide Strategic Plan along with the Florida Chamber Foundation's Six Pillars of Florida's Future Economy™.

Intermediaries are utilized to engage the targeted industries of Healthcare, Technology, Marine, Aviation, Hospitality/Tourism, Retail and Construction to partner with trade and professional associations expanding its service delivery to employers.

To comply with the WIOA priority emphasis to recipients of public assistance, low-income, and basic skills deficient job seekers and USDOL ETA TEGL 3-15, guidance CSBD has included the following priorities of service:

ADULT PRIORITIES

1. Veterans and eligible spouses who are WIOA eligible and who also have one of the barriers in the priority list which follows.
2. Individuals who are not veterans or eligible spouses, but who have any one or more of the barriers in the priority list which follows.

3. Veterans and their eligible spouses who do not have any of the barriers listed as a WIOA priority in the chart below including:
 - a. Military spouses who have lost employment as a direct result of a relocation to accommodate a permanent change in duty station of the spouse.
 - b. Military spouses who are a dependent spouse of a member of the Armed Forces on active duty whose family income is significantly reduced, as determined by the State or local area, because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the service member.
 - c. Military spouses who are unemployed or underemployed and are experiencing difficulty in obtaining or upgrading employment.
4. Individuals who are not veterans and do not have any of the adult barriers listed below.

The barriers referred to in the Adult Priorities chart are the barriers listed in WIOA, paragraph 24 (3) and below in alphabetical order and are defined pursuant to WIOA.

1. Disabled Individual
2. Displaced homemaker
3. Ex-Offender
4. Foster Care – dependent youth or who have aged out of the dependency system
5. Homeless or Runaway
6. Indian, Alaska Native, and Native Hawaiian as defined in WIOA Section 166
7. Individuals facing a substantial cultural barrier
8. Individuals within 2 years of exhausting lifetime eligibility under the Welfare Transition Program
9. Long-term unemployed individual (unemployed and looking for work 27 weeks or more)
10. Older individual
11. Migrant and seasonal farm worker
12. Single parent (including single pregnant women)

In addition to these priorities, customers must also meet income eligibility based on the BWDB Self-Sufficiency guidelines.

Dislocated workers have their own eligibility criteria.

CSBD supports the use of registered apprenticeships to enhance employment opportunities for job seekers. CSBD meets periodically with Atlantic Technical College to discuss additional ways we can partner to expand apprenticeship opportunities. CSBD added all the apprenticeships in Broward County to its ITA List, which is available to job seekers. CSBD has two representatives on its Board that provide training in the apprenticeship arena, which helps to enhance the awareness of apprenticeships and their use.

CSBD is providing entrepreneurial training to Broward County residents interested in starting their own businesses.

In PY 18-19, CSBD was awarded two CareerSource Florida Apprenticeship Grants; one is a pre-apprenticeship training in construction and the other is apprenticeship training in

the IT industry. Thirty-five (35) youth completed pre-apprenticeship training in administration, construction, culinary arts and horticulture. CSBD has also placed seven (7) individuals in a construction apprenticeship program with the Fort Lauderdale Housing Authority. In PY 19-20, CSBD was awarded a CareerSource Florida Apprenticeship Grant in the Marine Industry.

In addition to the Youth Program eligibility, CSBD wanted to expand the universe of youth able to be served under WIOA the One Stop Services Committee reviewed the current definition of “requires additional assistance.” Their recommendations were approved for inclusion in the plan by the CSBD governing boards as follows:

CSBD is defining the term “requires additional assistance” (for OSY) to enter or complete an educational program or to secure or hold employment as having low income (as referred by law) and one of the barriers listed below:

1. Historical or current personal or family substance abuse
2. Gang involved, affiliated, or affected due to family member involvement
3. Victim of abuse or domestic violence or family history of abuse or domestic violence
4. Victim of human trafficking
5. A youth who has a parent that is or was incarcerated within the past 24 months
6. A youth lacking a significant or positive work history based upon:
 - a. Their having been fired from one (1) or more jobs within the last six (6) months, or
 - b. Their having been employed in three (3) or more jobs within the last 12 months, and who is no longer employed or,
 - c. A youth who has actively been seeking full-time employment for at least two (2) months, but remains unemployed, or employed part-time. Includes a youth with no employment history.

VII. Public Comment Process

In accordance with the WIOA regulations, which require local areas to establish a public comment process consistent with state direction, CSBD made available this plan to the public on its website on 02/10/2020 with notice advising the community of the public hearing to solicit their comments on CSBD’s WIOA Local Plan.

A public hearing was held on 02/12/2020, pursuant to an advertised notice. Present at the public hearing and representing was CSBD’s Quality Assurance and Executive Office staff.

A draft of the proposed CSBD Local Plan was posted on the CSBD website on 2/10/2020, and the public had 30-days to submit comments, including at its publicly held hearing on 02/12/2020.

Entities represented on the Broward Workforce Development Board and its committees, which include economic development, public and private education, veterans groups, community based organizations, chambers, entities representing the disabled, to name a few provided input to the plan by appearing at committee and board meetings to share their thoughts and recommendations regarding the local workforce system.

CSBD also held a planning “retreat” to solicit ideas for the plan in November 2019. Questions were formulated as a guide for the Board members, which centered on how to make our services more accessible to employers and job seekers, and enhance the effectiveness of CSBD.

2. Additional Workforce Innovation and Opportunity Act (WIOA) Funds

Considered accepting \$67,046 in State funds awarded for WIOA performance under the State's performance model. The funds will be used to 1) build capacity so we can increase WIOA enrollments 2) enhance one-stop accessibility, assessment, and training software 3) increase online assessments, workshops and training and 4) increase the funds available for support services as WIOA enrollments increase due to the impact of COVID-19 on job loss. This memo was emailed to the One Stop Services Committee members for comment, as there was no meeting in April. The members we heard from all supported the recommendation. Approved at the 4/13 Executive Committee meeting. *(This is in alignment with the BWDB goal to align Broward County community services (social services and education) to maximize employment and work opportunities for targeted populations (veterans, youth, individuals with disabilities, and ex-offenders).*

3. Ticket to Work Report

As requested at the last board meeting, we provided a report on the Ticket to Work Program (TTW). This program is sponsored by the Social Security Administration, which reimburses designated Employment Network, such as CSBD, for placing program participants in a job. From 2008 to date, CSBD staff has placed 519 customers. This has generated a total of \$2,558,924 for the General Fund. According to the Social Security Administration's provider, Maximus, the CSBD TTW program has ranked #1 in the nation among workforce board sponsored programs for the past seven (7) years.

This month's data reflects that within the Big 7 Regions CSBD is in a 4 - way tie for 1st in the WIOA Entered Employment Rate (EER), ranks 1st in WTP EER and ranks 3rd in WTP All Family and Two Parent Participation Rate and WP EER.

REGULAR AGENDA

These are items that the Council and Board discuss individually in the order listed on the Agenda. Individuals who wish to participate in these discussions may do so by raising their hands during the discussion and being recognized by the Chair. The Chair will determine the order in which each individual will speak and the length of time allotted.

NEW BUSINESS

1. WIOA Local Plan for Program Years (PY) 2020/21 – 2023/24

The governing boards considered approval of the CSBD WIOA Local Plan. WIOA requires each local workforce development board in partnership with their local chief elected official(s) to develop and submit a comprehensive four-year plan to the state. The Plan requires a local labor market analysis and a strategy for investing our resources to address our labor market needs while

meeting state negotiated performance. As required, the plan was posted on our web page for 30-days for public review. There were no comments. Approved at the 3/16 Executive Committee meeting. *(This is in alignment with the BWDB goal to maintain our role as workforce development leaders through advocacy by the board, collaboration, providing information and intelligence to stakeholders with feedback from the community.)*

Mason Jackson explained that this is our first full 4-year plan, as the Plan submitted following the passage of WIOA was really a transition Plan. He went on to say that our December board retreat was structured around the strategic elements required to be incorporated in the Plan. Mr. Jackson noted that all the Board deliberations were incorporated into the Plan. He also mentioned that CSBD placed a public notice in two newspapers indicating the plan was available for public review. We also held a hearing so that interested members of the public could attend and comment. No one attended the meeting. The plan was also published on our website in the section for public meeting notices.

On a motion made by Frank Horkey and seconded by Kristen Cavallini-Soothill, the BWDB /CSBD Council of Elected Officials unanimously approved the WIOA Local Plan for PY 2020/21 – 2023/24.

2. PY 20 – 21 School Board of Broward County (SBBC) Out of School Youth (OSY) Contract Renewal

The governing boards considered approval of the renewal of the SBBC, OSY contract for PY 20 – 21, in the amount of \$550,000, an increase of \$75,000 over last year's contract amount of \$475,000. The contract provides for service to a minimum of 135 and a maximum of 205 youth. The extra funds are for an additional job developer to assist with developing work experiences in the private sector. The memo recommending this contract was emailed to One Stop Services Committee members as there was no April meeting. Of the members we heard from, all supported the recommendation. Because board member James Payne is employed by the SBBC, State rules require the governing boards to approve this item by a 2/3 vote at the Board meeting. Approved at the 4/13 Executive Committee meeting. *(This is in alignment with the BWDB goal to align Broward County community services (social services and education) to maximize employment and work opportunities for targeted populations (veterans, youth, individuals with disabilities, and ex-offenders).*

Mason Jackson stated that this is the first of three possible renewals. We have considered the contractor's performance and they are making satisfactory progress. The monies would provide service to a minimum of 135 and a maximum of 205 youth well as an additional job developer to assist with work experiences in the private sector.

It was noted that James Payne had a conflict of interest as he is employed by SBBC. He was not in attendance and therefore did not vote. He will be required to submit a conflict of interest form.

On a motion made by Heiko Dobrikow and seconded by Kristen Cavallini-Soothill, the BWDB/CSBD Council of Elected Officials unanimously approved PY 20 – 21 SBBC OSY contract renewal by a 2/3 vote of the seated quorum.

3. PY 20 – 21 Broward College OSY Contract Renewal

The governing boards considered approval of the renewal of the Broward College OSY youth contract for PY 2020 – 2021, for up to \$540,000. This is an increase of \$75,000 over last year's contract amount of \$465,000 to serve 120 youth and to provide for an additional job developer to
